TEMPCO ELECTRIC HEATER CORPORATION
401 (k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 & 2018

## A. DESCRIPTION OF PLAN

The following description of the Tempco Electric Heater Corporation ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all full-time non-union employees of the Company who have three months of service and are age 18 or older and all part-time employees (over 1000 annual hours) who are age of 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

2. Contributions. Each year, participants may contribute up to 60 percent of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 20 percent of the participant's contribution. The matching Company contribution is invested as directed by the participant. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested as directed by the participant. During the year ended December 31, 2019 the Company did not make a profit sharing contribution. Contributions are subject to certain IRS limitations.

3. Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings (losses). Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

A. DESCRIPTION OF PLAN (Continued)

5. Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their total vested account balance. The loans are secured by the balance in the participants account and bear interest at between 4.25% and 6.50%, which are commensurate with local prevailing rates. Principle and interest is paid ratably through weekly payroll deductions.

6. Payment of Benefits. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period.

7. Forfeited Accounts. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $1,648 and $2,100 respectively. These accounts are used to pay administrative expenses. Administrative expenses paid from the forfeitures account in 2019 and 2018 were $3,250 and $4,875 respectively.

B. SUMMARY OF ACCOUNTING POLICIES

1. Date of Management's Review. Subsequent events were evaluated through October 12, 2020, which is the date the financial statements were available to be used.

2. Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

4. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

B. SUMMARY OF ACCOUNTING POLICIES(Continued)

5. Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note C for discussion of fair value measurement.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

6. Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as an account payable, with a corresponding reduction to contributions. There were no excess contributions for the years ended December, 31 2019 and 2018.

7. Payment of Benefits. Benefits are recorded when paid.

8. Operating Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are and investment related expenses are charged directly to the participant's account and are included in administrative expenses.

C. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

C. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

i. quoted prices for similar assets or liabilities in active markets;
ii. quoted prices for identical or similar assets or liabilities in inactive markets;
iii. inputs other than quoted prices that are observable for the asset or liability;
iv. inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. No plan investments fit this category.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

C. FAIR VALUE MEASUREMENTS (Continued)

| December 31, 2019 | Fair Value | Level 1 | Level 2 | Level 3 |

D. INVESTMENTS

Upon enrollment in the Plan, a participant may direct contributions to any of the investment options available. All investments are participant directed and they may change their investments daily.

E. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2019 and 2018, the Plan entered into a fully benefit-responsive guaranteed investment contract with Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay principle and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented in the face of the statement of net assets available for benefits at contract value.

E. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY(Continued)

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018, was $1,149,748 and $1,380,189 respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events might limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach in the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value wit Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit Fidelity to terminate the agreement prior to the scheduled maturity date.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

## G. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate the tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

TEMPCO ELECTRIC HEATER CORPORATION
401 (k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 & 2018

## I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## J. RELATED PARTY TRANSACTION

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional. Fidelity Investments Institutional is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid for investment management services amounted to $11,044 and $13,147 for the years ended December 31, 2019 and 2018, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

## K. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

| | December 31, | |
|---|---|---|
| | 2019 | 2018 |
| Net assets available for benefits per the financial statements | $ 17,173,947 | $ 14,417,219 |
