403(b) THRIFT PLAN FOR CARE ALLIANCE

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following brief description of the 403(b) Thrift Plan for Care Alliance ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan, which began January 1, 2009, is a defined contribution and tax deferred annuity plan available to all employees of Care Alliance ("Organization") other than non-resident aliens. Eligible employees are able to participate immediately on their date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Participants may elect to make contributions of their eligible earnings on a "pre-tax" basis or as Roth contributions subject to certain limitations of the Internal Revenue Code ("IRC"). The Plan also provides for the investment of qualified rollover contributions and catch-up contributions for participants age 50 or older. The Organization contributes 7.5% of eligible compensation for employees who are at least 21 years old and have attained a year of service in which they worked at least 1,000 hours. Participants direct the investment of their contributions into various investment options offered by the Plan. Certain participant contributions, totaling \$47,738, were withheld during 2018 and 2017 and remitted late to the Plan. These late deposits will be corrected for lost earnings in 2020.

Participant Accounts – Each participant's account is credited with the employee's contributions, Organization contributions, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their own contributions. Participants vest in the Organization's contributions 20% after two years of service and 20% per year thereafter until they are fully vested after six years of service. Notwithstanding the above, for employees hired before April 1, 2013, employees are 100% vested upon attainment of early retirement age or completion of two years of vesting service.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to the extent of one-half of their vested employee contribution account balances, as defined, under the Plan, not to exceed \$50,000. The loans are secured by the balance in the participant's account. The loan interest rates will be based on the rates available for similar loans from commercial lending institutions. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – A participant, upon termination, death, disability, retirement, or attainment of age 59½, may elect to commence distribution of his or her account. In the case of a severe financial hardship, Mutual of America ("Custodian"), in its sole discretion, may direct distribution of all or a portion of the participant's elective contributions, subject to certain restrictions of the Plan document and/or the related investment contract.

Forfeitures – Forfeitures of non-vested account balances may be used to pay Plan expenses or reduce future Organization contributions, at the option of the Organization. At December 31, 2019 and 2018, there was \$1,820 and \$1,062, respectively, in forfeited non-vested accounts. \$75,910 and \$14,449 of forfeitures were used in 2019 and 2018, respectively, to reduce the Organization's contribution.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and the Custodian. See Note 4 and Note 6 for discussion of fair value measurements and insurance company general account, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to certain participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events – Subsequent events were evaluated through October 8, 2020, which is the date the financial statements were available to be issued.

403(b) THRIFT PLAN FOR CARE ALLIANCE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits at December 31, 2019 and 2018, the supplemental schedule of assets (held at end of year) at December 31, 2019, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodology used for Plan assets measured at fair value:

- The fair value of the money market fund and registered investment companies is determined based on their quoted market prices in active markets for identical investments, and is classified as Level 1.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodology used from 2018 to 2019. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 34,285			\$ 34,285
Registered investment companies	2,959,557			2,959,557
	<u>\$2,993,842</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,993,842</u>

403(b) THRIFT PLAN FOR CARE ALLIANCE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 25,479			\$ 25,479
Registered investment companies	<u>2,890,061</u>			<u>2,890,061</u>
	<u>\$2,915,540</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,915,540</u>

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 6. Insurance Company General Account

The Plan holds investments in unallocated investment contracts in the general account of Mutual of America (the "general account"). The principal investments underlying the general account are high-quality fixed income instruments, principally corporate and government bonds and asset-backed securities.

The Plan holds an investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan is in the general account of the insurance company. The contract issuer is contractually obligated to repay the principal and interest at specified interest rates that are guaranteed by the Plan. The crediting rates are based on formulas established by the contract issuer but may not be less than 1%. The crediting rates are reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

403(b) THRIFT PLAN FOR CARE ALLIANCE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 7. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 8. Party-in-Interest Transactions

Certain plan investments are shares in a money market fund, registered investment companies, and general account funds of Mutual of America. Mutual of America is the Custodian of certain participant accounts and, therefore, these investments qualify as party-in-interest transactions. The Plan incurred fees in the amount of \$1,038 and \$883 to the Custodian for the years ended December 31, 2019 and 2018, respectively.

Note 9. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Event - COVID-19 Global Pandemic

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
