## NOTE 1 – DESCRIPTION OF PLAN

The following description of Just Energy (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Company established the Plan effective October 1, 2006. The Plan was restated on January 1, 2014. The Plan is sponsored by Just Energy. The Plan is a defined contribution plan covering substantially all employees of the Company who have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has been amended as necessary throughout its existence to include participation of employees of affiliated employers who have adopted the Plan. As of December 31, 2019, the affiliated employers participating in the Plan are Just Energy U.S. Corp., Just Energy Marketing Corp., Just Energy Limited, Interactive Energy Group LLC, and EdgePower Inc.

Effective January 1, 2019, the Plan was amended. The amendment changed the eligibility requirement for participants to be one month of service upon meeting age requirement from being immediately eligible upon the attainment of 21 years of age.

### Contributions

Each year, participants in the Plan may make contributions in the form of pre-tax salary deferrals and Roth deferrals up to 100% of their annual compensation, subject to limitations under the Internal Revenue Code ("IRC") Section 401(k). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution. During 2019, the Company made matching contributions equal to 100% of the first 2% of compensation a participant contributes to both the Plan and the Just Energy Employee Share Purchase Plan ("ESPP") and a matching contribution of 100% of the first 4% of compensation deferred by employees that participate in only the Plan. These matching contribution formulas will remain in effect until such time the Company, at its discretion, amends the formula.

## NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earning thereon. Participants hired prior to May 1, 2010 are immediately vested in their employer matching contributions. All other participants vest 100% in employer contributions after 2 years of continuous service. In all events, amounts allocated to the participant's Employer Contributions Account will become 100% vested upon the participant's attainment of normal retirement age, disability, or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 (less the highest outstanding note receivable amount during the prior 12 months) or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing interest rates. Interest rates range from 4.52% to 7.50% for notes receivable outstanding at December 31, 2019. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may not exceed twenty years.

Forfeitures

Forfeitures of participants' accounts whose balances are not fully vested are available for payment of administrative fees or as a reduction to future Company contributions. Forfeitures in the amount of $314,774 were used to fund Company contributions and pay administrative fees during 2019. The balance of forfeited, non-vested accounts was $83,475 and $292,421 as of December 31, 2019 and 2018, respectively.

## NOTE 1 – DESCRIPTION OF PLAN (Continued)

Investment Options

Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan. Participants may change their investment option at any time.

Payment of Benefits

Upon termination of service, retirement or death a participant or designated beneficiary is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Administrative Expense

Administrative and accounting fees of the Plan are primarily paid by the Company.

## NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may be materially different from those estimates and assumptions.

## NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales are recorded on a trade date basis. Interest income from investments is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable form Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan provides participants with various investment options that are exposed to certain risks, such as interest rate, market and credit risk. Due to the level of risk associated with these investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the financial statements.

At December 31, 2019 and December 31, 2018, four investments represented approximately 58% and 68% of the Plan's total investments, respectively.

## NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

## NOTE 3 – INVESTMENTS (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AdvisorTrust, Inc. and Fidelity have provided certification that the information included in the financial statements as of December 31, 2018 provided to the Plan is complete and accurate and Fidelity Management Trust Company ("Fidelity") has provided certification that the information included in the financial statements and supplemental schedule as of December 31, 2019 and for the year ended December 31, 2019 is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2019 and for the years ended December 31, 2019 and 2018 are covered by such certifications and have not been audited by independent auditors.

## NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

*Level 1* - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

*Level 2* - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

*Level 3* - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

## NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Fund

The money market fund is valued using the amortized cost or penning rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchange are valued at net asset value ("NAV") as of December 31, 2019 and 2018. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Common Collective Trust Fund

The Morley Stable Value Fund is a common collective trust fund that is valued at NAV based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust is based on information reported by the investment advisor using the audited financial statement of the collective trust at year-end. The investment income is allocated to the participants based on their proportionate share of the net assets of the fund.

The following table sets forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31.

## NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(*) Certain investments that are measure at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Plan Benefits.

## NOTE 5 – INCOME TAX STATUS

The Plan is based on the Prototype Volume Submitter Profit Sharing Plan with CODA (cash or deferred arrangement) of Datair Employee Benefit Systems Inc., which received a favorable opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. The Plan has not received a determination letter specific to the Plan itself. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

## NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become 100% vested in their accounts. These accounts, which are non-forfeitable, will continue to accrue investment earnings until benefits are paid in accordance with the terms of the Plan.

## NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity, the certifying entity of the Plan, therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

## NOTE 8 – SUBSEQUENT EVENTS

The Plan Sponsor has experienced a disruption of normal business operation caused by the COVID-19 outbreak since December 31, 2019. The Plan Sponsor is presently evaluating the potential economic impact to its operations and by extension to the Plan. While the overall economic impact cannot be determined through the date of this report, it is reasonably possible that changes in risks in the near term could occur which in turn could impact Plan contributions and operations in 2020.

The Plan will be amended for the provision allowed by the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”) for loans and hardship distribution options for the participants.
