CORE COMPOSITES 401(k) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Plan Description

Core Composites 401(k) Plan (the Plan) (formerly known as Core Composites Cincinnati, LLC 401(k) Plan) is a 401(k) plan which was formed for the purpose of providing retirement benefits to employees of Core Composites Cincinnati, LLC and the CPI division of Core Molding Technologies, Inc. (the Company). Participants should refer to the plan agreements for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan established by the Company on September 1, 2005 and covers all employees of the Company except leased workers or independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company are eligible to participate other than: (1) employees in a unit covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining unless by agreement the Plan is made applicable to such employees; (2) leased workers; (3) independent contractors performing services pursuant to agreements that provide that such individuals will not be eligible to participate in the retirement or other benefit plans and (4) reclassified employees. Employees become eligible to participate in the Plan upon completion of 60 calendar days of service and, unless they elect otherwise, employees meeting the eligibility requirements will be automatically enrolled and deemed to have elected a pre-tax deferral of 2% of pre-tax annual compensation.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes matching contributions to the Plan in an amount equal to 25% of the participant's salary reduction contributions for the plan year up to 6% of compensation. The Company may also elect to make profit sharing contributions at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on continuous years of service according to the following vesting schedule:

Years of Service	Vest Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus one percent on the first business day of the month during which the loan is made. Interest rates range from 4.25% to 6.50%. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$15,347 and \$9,622, respectively. These accounts will be used to reduce future employer contributions. During 2019 and 2018 forfeitures of \$6,013 and \$9,501 were used to reduce employer contributions, respectively.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

CORE COMPOSITES 401(k) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

CORE COMPOSITES 401(k) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Fair Value Measurements (continued)

- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 inputs are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common Collective Trust: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019

Mutual funds in the fair value hierarchy	\$ 3,154,335	\$ -	\$ -	\$ 3,154,335

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Alerus Financial, N.A., the trustee of the Plan as of December 31, 2019 and 2018, respectively.

	2019	2018
Mutual funds	\$ 3,154,335	\$ 2,463,096
Common collective trust	247,919	266,651
Notes receivable from participants	85,501	93,340
Total	\$ 3,487,755	\$ 2,823,087

The trustee also certified the completeness and accuracy of \$481,460 and \$(299,600) of net appreciation (depreciation) in fair value of investments and \$143,305 and \$135,192 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2019 and 2018, respectively.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, managed by Alerus Financial, N.A., the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$18,870 and \$19,349 for the years ended December 31, 2019 and 2018, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Tax Status

The Plan adopted a Volume Submitter Profit Sharing Plan with a Cash or Deferral Arrangement which received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS). The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) for disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2019 statement of net assets available for benefits.

Prohibited Transactions

During 2019, the Company failed to remit to the plan's trustee certain employee contributions and loan repayments totaling approximately \$76,000 within the period prescribed by the Department of Labor regulations.

Subsequent Events

On March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on assets of the Plan.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19 related distributions and a temporary increase in the maximum amount for retirement plan loans. Plan management has implemented these relief clauses in April 2020.
