NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Cetera Financial Group, Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

General

The Plan is a defined-contribution plan established by Cetera Financial Group, Inc. (the Employer) under the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all employees of Cetera Financial Group, Inc. and affiliated companies. The Plan is administered by Empower Retirement Company (the record keeper), who performs the function of the third-party administrator, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC (Empower), the trustee and custodian, are responsible for the custody of the Plan's assets.

Eligibility

All employees, excluding employees covered by a collective bargaining agreement, leased employees, independent contractors, contingent workers, outsourced works, unpaid interns and nonresident aliens of the Company that complete 1 hour of employment.

Participant Contributions

Participants are enrolled based on the Plan's automatic default elective deferral percentage of 4% of the participant's eligible pretax compensation. Participants may elect a permissible withdrawal from the Plan no later than 90 days after the date of the first default elective deferral. Participants may elect to have the Company adjust their contribution through eligible pretax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional catch-up contribution. Participants may also rollover amounts representing distributions from other qualified defined-benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan and Internal Revenue Service.

Employer Contributions

The Employer may make discretionary matching contributions or non-elective contributions, as determined by the Employer's Board of Directors. In 2019, the Employer made a contribution equivalent to 4% of the participant's eligible salary, subject to certain limitations under the IRC. All employer contributions are invested in the same manner that the participant directs his or her contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Supplemental Contributions

The Company may, in its sole discretion, make a supplemental contribution on behalf of each eligible participant who is employed by the Company on the first day of the Plan year. Each eligible employee shall be assigned to one of three groups. The total employer supplemental contribution shall be allocated among participants within each group as a uniform percentage of the compensation of each participant with the group or in the same dollar amount to each participant within the group. For the year ended December 31, 2019, the Company made supplemental contributions of $744,400.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, Employer matching and supplemental contributions, and allocations of the Plan's earnings and administrative expenses. Plan earnings and expenses are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct their salary deferral contributions and Employer contributions, as desired, in any of several investment options as made available and determined by the Plan administrator. Participants may change their investment options 20 times in each calendar year via the internet website or by using the automated telephone system offered by the Trustee. If no election is made, all contributions will be invested in a target date fund, "default alternative," based on the year in which the participant turns age 65.

Vesting

Employee contributions, rollovers, and actual earnings on all such contributions are fully vested at all times. Vesting of Employer matching and supplemental contributions and actual earnings thereon are based upon the participant's years of service with the Employer as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000. As of December 31, 2019 and 2018, the loans are secured by the balance in the participant's account, and bear interest rates ranging from 4.25% to 6.50% and mature through July 2043. Loan terms are up to five years and may be longer for the purchase of a primary residence of the participant. Principal and interest are paid ratably through the bi-monthly payroll deductions. Loans are due and payable upon a participant's termination of employment with the Employer.

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination and hardship, participants or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 70 ½ or in a lump-sum payment.

Forfeitures

Participant's accounts are forfeited if the employer contribution portion has not been fully vested at the time of withdrawal. These amounts may be utilized to reduce employer contributions and/or pay administrative expenses. As of December 31, 2019 and 2018, there were $133,328 and $97,758, respectively, of forfeitures remaining related to non-vested accounts. For the year ended December 31, 2019, the Employer used $111,846 for employer contributions and $59,742 for administrative expenses from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or contract value. Fair value or contract value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes from Participants
Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Plan pays the majority of administrative expenses of the Plan. Expenses that are paid by the Company are excluded from these financial statements.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC, the trustee and custodian of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019; the related investment activity and interest income on notes from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) Topic No. 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies:
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Common collective trusts:
Units held in common collective trusts (CCT) are valued using the net asset value practical expedient (NAV practical expedient) of the CCT as reported by the CCT managers. The NAV practical expedient is based on fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on a compilation of primarily observable market information. The following table provides additional information for investments in the CCT that calculates net assets value per share (or its equivalent):

	2019	2018	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
T. Rowe Price Fund	$49,518,684	$ -	Daily	Daily	None

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. There have been no changes in methodologies used at December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 81,827,998	$ -	$ -	$ 81,827,998
Total investments in the fair value hierarchy	$ 81,827,998	$ -	$ -	81,827,998
Total investments Measured at NAV (a)				49,518,684
Total				**$131,346,682**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 95,278,039	$ -	$ -	$ 95,278,039
Total investments in the fair value hierarchy	**$ 95,278,039**	**$ -**	**$ -**	**$ 95,278,039**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – GROUP ANNUITY CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company, the Key Guaranteed Portfolio Fund. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate is reset quarterly. The average yield earned for December 31, 2019 and 2018 is 1.20% and 1.10%.

NOTE 5 – GROUP ANNUITY CONTRACT (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Fair value of the investment contract prior to contract termination equals the contract value as presented in the statement of net assets available for benefits.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 7 – TAX STATUS

Effective January 1, 2014, the Plan adopted a non-standardized form of a prototype plan sponsored by Cetera Financial Group, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan's administration believes the amendments to the original Plan document will not adversely impact the Plan's compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower Retirement Company (the "record keeper"). The record keepers of the Plan are considered parties-in-interest. Notes from participants and the related interest income are held by the current trustee and custodian, Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC; and are considered related-party transactions. Notes from participants, are also considered related-party transactions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds in which participants can invest in a combination of equity, fixed income securities, and other investments. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Although the Board of Trustees has not expressed such intent, the Employer, by action of its Board of Trustees, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Thus, net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 11 – SUBSEQUENT EVENTS

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 11 – SUBSEQUENT EVENTS (Continued)

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan Management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

The Plan Administrator has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued and concluded that, other than the matters described above, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
