Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by American United Life Insurance Company, a OneAmerica company, the current custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian held the Plan's assets and executed transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian are complete and accurate.

Emphasis of Matter

Their report, dated October 14, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of Perez of Florida, Inc. 401(k) Plan (the Plan), provides only general information about the plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Perez of Florida, Inc. (the Company). The Plan was established effective January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to enable eligible employees to save for retirement, as well as providing certain benefits in the event of death, disability or other termination of employment.

Eligibility

Employees who have attained two month of continuous service and have attained eighteen years of age are eligible to participate in the Plan.

Plan Amendments

Effective January 1, 2019, the Plan was amended to change the safe harbor matching contribution from being based on yearly compensation and deferrals to a per payroll period basis.

Participant Accounts

Each participant's account is credited with the participant's contribution, safe harbor matching contributions, allocation of the Plan's earnings, and applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Each participant self directs their individual account in various mutual funds offered by the Custodian. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Participants may contribute up to the limits of the Internal Revenue Service (IRS) of $19,000 of pretax annual compensation for 2019. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2019, the annual catch-up contribution limit was $6,000.

The Plan is a qualified safe harbor 401(k) plan, which means it will provide a safe harbor matching contribution to participants who satisfy the applicable eligibility requirements. Eligible participants will receive a matching contribution equal to 100% of the amount they contribute up to the first 3% of compensation plus 50% of the amount they contribute between 3% and 5% of compensation, calculated on a per payroll period basis.

Vesting

The plan was designed to qualify as a safe harbor 401(k) plan. Accordingly, participants are immediately vested in their salary deferral contributions, rollover contributions, safe harbor matching contributions and earnings thereon. Participants are vested in profit sharing contributions and employer matching contributions and earnings thereon, based on years of service, as defined in the Plan, as follows:

1. Description of the Plan (Continued)
Vesting (Continued)

Completed Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employees must work at least 1,000 hours in order to be credited with one year of service for vesting purposes. If, while an employee, the participant dies, becomes disabled, or reaches normal retirement age of 65 before the three or five year vesting periods, the participant's account will be 100% vested.

Investment Options
Upon enrollment in the Plan, participants direct the investment of their contributions and allocate contributions to the investment options available under the Plan. Employer contributions are allocated according to the participant's allocations. The percentage of contributions allocated to each of the investment options is at the discretion of the participant.

Participants may change their investment options at any time using the custodian's website.

Plan Expenses
Fees paid by the Plan for the year ended December 31, 2019 totaled $4,182.

Forfeited Accounts
The Plan permits forfeitures to be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. There were no forfeitures for the year ended December 31, 2019.

Benefits Paid to Participants
If a participant ceases to be employed by the Company for any reason, other than death or total and permanent disability, prior to satisfying the age and service requirements for normal retirement, the terminated participant may elect, with the consent of his or her spouse, to receive in a lump-sum payment of any vested amounts plus the earnings thereon. If the participant's vested account balance is $5,000 or less, the Plan Administrator will direct the custodian to distribute as a lump-sum payment upon termination.

A participant who has reached age 59 ½ may request an in-service distribution from the Plan. The Plan requires that certain minimum distributions be made from the Plan. The Plan follows IRS guidance for minimum distributions for participants reaching the age of 70 ½.

Hardship Distributions
Hardship distributions are permitted by the Plan at the discretion of the Company for allowable expenditures.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants are able to obtain loans from the assets of the Plan using their individual account balances as collateral. Loan amounts cannot exceed the lesser of $50,000 or 50% of the participant's vested account balance and must have a minimum amount of $1,000. A participant can only have one loan outstanding from the Plan at any time. Each loan shall bear a commercially reasonable rate of interest. For the year ended December 31, 2019, interest rates ranged from 4.25% - 5.50%. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated by the employer, each participant's benefit becomes fully vested.

2. Summary of Accounting Policies

Financial Statements

The Plan's financial statements and notes are representations of the Plan Administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurement

The Company adopted the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Fair Value Measurements and Disclosures Topic established a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurement. The financial statements reflect the adoption of the Fair Value Measurements and Disclosures Topic.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices as reported on the last business day of the year. Purchases and sales of investments are recorded on the trade date. Income from investments in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Dividend income is recognized when earned.

2. Summary of Accounting Policies (Continued)

Net Appreciation in the Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments. This amount consists of realized gains and losses and unrealized appreciation and depreciation of those investments.

Financial Instruments Not Measured at Fair Value

The Plan's financial instruments that are not measured at fair value on the recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature include the participant and safe harbor match contributions receivable. The Plan's fully-benefit responsive investment contract is valued at contract value.

Benefits Paid to Participants

Benefits are recorded when paid.

3. Financial Information Certified by America United Life Insurance Company

The following is a summary of the investment information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2019	2018
Mutual funds	$ 1,168,418	$ 769,195
Fully benefit-responsive investment contract	$ 17,036	$ 13,864
Notes receivable from participants	$ 38,615	$ -

The custodian also certified to the completeness and accuracy of net appreciation in fair value of investments of $188,182 and interest income related to notes receivable from participants of $1,923 for the year ended December 31, 2019.

4. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels for measuring fair value are based on the reliability of inputs and are as follows:

4. Fair Value Measurements (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the quoted market price in the active market; therefore, the mutual funds are classified as Level 1 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018 and indicate the fair value hierarchy of the valuation techniques used to determine such fair value.

Description	12/31/2019	Level 1	Level 2	Level 3
Mutual funds	$ 1,168,418	$ 1,168,418	$ -	$ -
Total investments, at fair value	$ 1,168,418	$ 1,168,418	$ -	$ -

4. Fair Value Measurements (Continued)

Description	12/31/2018	Level 1	Level 2	Level 3
Mutual funds	$ 769,195	$ 769,195	$ -	$ -
Total investments, at fair value	$ 769,195	$ 769,195	$ -	$ -

5. Fully Benefit-Responsive Investment Contract

The Plan has one fully benefit responsive group annuity contract with America United Life Insurance Company (AUL), which is called the AUL Fixed Account. The insurance company maintains contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the group annuity contract. The contract is presented on the face of the statement of net assets available for plan benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) division closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of such events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The contract specifies a minimum guaranteed annual effective interest rate of three percent (3.0%). Such interest rates are reviewed on a quarterly basis for resetting.

The average yield earned by the Plan for the AUL Fixed Account is derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the Plan for the contracts are derived by averaging the Plan's quarterly interest rates.

Average yields:	2019	2018
Based on actual earnings	1.75%	1.31%
Based on interest rate credited to participants	1.75%	1.31%

6. Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. The guaranteed investment contract is managed by the custodian. Transactions related to this investment qualify as party-in-interest transactions. The supplemental Schedule of Assets (Held at Year End) identifies this investment. At December 31, 2019 and 2018, the total market value of this investment was $17,036 and $13,864 or approximately 1.36% and 1.72% of total assets, respectively. Fees paid to the Custodian by the Plan for services amounted to $4,182 for the year ended December 31, 2019.

7. Tax Status

Effective January 1, 2015, the Plan has adopted a standardized form of a volume submitter plan sponsored by Carpenter Morse Group, the Plan's third party administrator. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the volume submitter plan's qualified status. The Plan has been amended since its inception but the Plan Administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan is subject to income tax examinations for the 2016 to 2019 plan years.

8. Contingencies

During 2019, the Plan sponsor inadvertently failed to provide the appropriate safe harbor matching contributions on a per payroll basis to an unknown number of employees. This noncompliance may result in the Plan Sponsor owing the Plan a material amount of safe harbor matching contributions. The Plan Sponsor is in the process of researching the impact of the noncompliance and determining the amount of corrective contributions.

9. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

9. Subsequent Events

The Plan has evaluated all events subsequent to the statement of net assets available for plan benefits date of December 31, 2019 through the date these financial statements were available for issuance, October 15, 2020, and has determined that, except as set forth below, there are no additional subsequent events that require disclosure.

The World Health Organization characterized the COVID-19 virus as a global pandemic on March 11, 2020. Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant reductions in values to many investments of the Plan. It has also significantly decreased interest rates. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

As a result of the COVID-19 pandemic, the Plan Sponsor experienced closures of several locations and subsequently determined that a partial Plan termination occurred in 2020.
