Note 1 – Description of the Plan

The following description of Hit Promotional Products, Inc. Retirement Plan (the "Plan") provides only general information of the major Plan provisions. Participants should refer to the Plan document for more comprehensive information.

General – The Plan was established by Hit Promotional Products, Inc. ("Hit") as a defined contribution plan effective December 1, 2001. The Plan was amended and restated effective January 1, 2019, to comply with Internal Revenue Service ("IRS") regulations for periodic plan restatements and allow Hit Promo, LLC, ("Promo") a subsidiary of Hit, to participate in the Plan. The Plan is a single-employer plan and permits the employees of Hit, Promo, and Profill Fulfillment, LLC (collectively, the "Plan Sponsor") to participate in the Plan. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – All employees of the Plan Sponsor who have completed at least one year of service, have met the minimum number of service hours requirement, and are age 21 or older are eligible to participate in the Plan. A year of service is defined as 1,000 hours. The Plan permits for entry dates on the first day of the Plan year or the date six months later coinciding with or following the date the requirements are met.

Contributions – Contributions to provide benefits under the Plan are made by participants and the Plan Sponsor. Participants may contribute the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants who have attained the age of fifty are eligible to make catch-up contributions, subject to certain limitations. In addition, the Plan accepts rollovers from other tax-qualified plans. The Plan Sponsor may contribute matching and qualified nonelective profit sharing contributions. The Plan Sponsor matched 20% of each employees' contributions totaling approximately $332,000 during the year ended December 31, 2019. There were no qualified nonelective profit sharing contributions made during the year ended December 31, 2019.

Participant accounts – Each participant's account is credited and/or reduced with the participants' contributions and withdrawals, employer matching and profit sharing contributions, and allocations of the Plan's earnings and losses. Allocations are based on participant earnings, participant elective contributions, or account balances, as defined. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 – Description of the Plan (continued)

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may not have more than one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to acquire a principal residence, in which case the repayment period may exceed five years. Notes are secured by the vested balances in participants' accounts.

Payment of benefits – Distribution of a participant's vested account balance to the participant or his or her beneficiary may commence upon the earlier of retirement, death, disability, or separation from service. Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in a single lump-sum payment or direct rollover. Distributions are subject to the applicable provisions of the Plan document.

The Plan allow participants to withdraw amounts from their account balances while actively employed. A participant experiencing financial hardship, as defined by the Plan document, may withdraw a portion of their account attributable to employee contributions and fully vested employer contributions. The amount of the withdrawal may not be greater than the immediate financial need. These hardship withdrawals are subject to IRC restrictions and penalties. The Plan also allows for actively employed participants to withdraw from all vested account balances once the age of fifty-nine and a half has been reached.

Forfeitures – Any nonvested portion of employer matching contributions credited to the accounts of participants who withdraw from the Plan are forfeited and used for either payment of eligible administrative expenses or to reduce employer matching contributions. The Plan had forfeiture balances of approximately $16,000 and $12,000 as of December 31, 2019 and 2018, respectively, and no forfeitures were used to reduce employer matching contributions or pay administrative expenses during the year ended December 31, 2019.

Termination – Although it has not expressed an intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investments, investment valuation, and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations, other than those measured using the net asset value ("NAV") as a practical expedient, are made based upon a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other-than-quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and,

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled separate accounts – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market; however, the investments are in pooled separate accounts through the subaccounts of the trustee and, therefore, are classified within Level 2 of the valuation hierarchy.

Collective trust fund – This investment is valued using the NAV provided by the administrator of the fund as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is excluded from the valuation hierarchy consistent with accounting principles generally accepted in the United States.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 – Summary of Significant Accounting Policies (continued)

Investments, investment valuation, and income recognition (continued) – Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the exdividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Notes receivable from participants – Notes receivable from participants are recorded at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are deemed distributions based upon the terms of the Plan document. The interest rate on notes outstanding as of December 31, 2019, ranged between 3.25% and 7.5%.

Excess contributions payable - Contributions received from participants during the year ended December 31, 2019 and 2018, are net of payments of approximately $50,000 and $7,000, respectively, made after the Plan year end to certain active participants to return excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the accompanying statements of net assets available for benefits as excess contributions payable.

Benefits paid to participants – Benefits are recorded when processed and paid by the Plan.

Administrative expenses – Administrative expenses paid by the Plan are recorded when incurred. Additionally, the Plan pays administrative expenses through an offset arrangement whereby expenses are netted against income. The Plan Sponsor absorbs a significant amount of the cost of plan administration.

Note 3 – Information Provided and Certified by the Trustee (unaudited)

The following is a summary of the Plan's financial information and data certified by John Hancock Life Insurance Company (U.S.A.) (the "Trustee") as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA:

	December 31,	
	2019	2018
Investments, at fair value	$ 13,210,384	$ 10,069,512
Notes receivable from participants	$ 285,739	$ 192,221

	Year Ended December 31, 2019
Interest income on notes receivable from participants	$ 13,861
Net appreciation in fair value of investments	$ 2,157,738

Note 4 – Investments, at Fair Value

The following summarizes the Plan's investments based upon the fair value hierarchy levels described in Note 2:

	Level 1	Level 2	Level 3	Total
As of December 31, 2019				
Pooled separate accounts [(*)]	$ -	$ 12,933,471	$ -	$ 12,933,471
	$ -	$ 12,933,471	$ -	$ 12,933,471
Collective trust fund [(*)(**)]				276,913
				$ 13,210,384
As of December 31, 2018				
Pooled separate accounts [(*)]	$ -	$ 9,557,656	$ -	$ 9,557,656
	$ -	$ 9,557,656	$ -	$ 9,557,656
Collective trust fund [(*)(**)]				511,856
				$ 10,069,512

[(*)] Amounts are unaudited (see Note 3).

[(**)] The collective trust fund consists of the John Hancock Stable Value Fund, which may be redeemed daily with a one day notice period and has no unfunded commitments. The collective trust fund is measured using the NAV as a practical expedient as has been excluded from the fair value hierarchy, but has been presented in this table to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

Note 5 – Party-in-Interest Transactions

The Plan's investments are in pooled separate accounts through subaccounts of the Trustee and, therefore, the investment transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transactions rules (ERISA, Tittle 1, and Section 408(b)).

Note 6 – Income Tax Status

The Plan is a prototype non-standardized profit sharing plan sponsored by Executive Tax Benefits of Florida, Inc. ("ETB"), the third party administrator of the Plan. ETB obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, as the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Risks and Uncertainties

The Plan invests in various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 8 – Subsequent Events

Plan management has evaluated subsequent events through October 12, 2020, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The responses by federal, state, and local governments have included stay-at-home orders, school closures, and restrictions on public gatherings, travel, and non-essential businesses and services that have adversely affected workforces, economies, and financial markets resulting in significant economic downturn and volatility in investment markets. The heightened market risk and volatility associated with COVID-19 could materially affect participants' account balances and the amounts reported in accompanying financial statements. Because of the uncertainty of the markets, Plan management is unable to estimate the impact the pandemic will have.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES") was passed by Congress. CARES provides for special distribution options and rollover rules and expands permissible loans from certain retirement plans.
