NOTES TO FINANCIAL STATEMENTS
As of December 31, 2019 and 2018 and for the Year Ended December 31, 2019

1. Description of Plan

The following brief description of the LifeScience Logistics, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution retirement plan sponsored LifeScience Logistics, LLC (the "Company") for the benefit of the employees. The Plan was established May 1, 2014, and is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974.

Effective September 1, 2018, the Plan was amended and restated to change the Plan's recordkeeper and trustee to ADP, LLC and Reliance Trust Company, respectively.

Eligibility
Employees are eligible to participate in the Plan upon reaching the age of 21 and completing 3 months of service, provided they are not considered a leased or SURGE employee. Employees are automatically enrolled in the Plan upon meeting the eligibility criteria at a default pre-tax deferral rate of 2%.

Contributions
Each year, participants may contribute up to 90% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants have the option of designating a portion of their elective deferral contributions as after-tax "Roth" contributions. Participants direct the investment of their contributions into the various investment options offered by the Plan.

At the discretion of the Company, the Company may elect to contribute a discretionary matching contribution based on a participant's elective deferrals during the Plan year. The discretionary matching contribution, if any, is determined as of the end of the Plan year. There are no requirements for eligible employees of the Plan to receive discretionary matching contributions. During 2019, the Company authorized no discretionary matching contributions.

At the discretion of the Company, the Company may elect to contribute an additional discretionary nonelective contribution. Discretionary nonelective employer contributions are made based on a ratio of participant compensation to total compensation of all eligible participants. To be eligible to receive the discretionary nonelective employer contribution, a participant must be employed on the last day of the Plan year. During 2019, the Company authorized no discretionary nonelective employer contributions.

1. Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, Company's discretionary matching contributions, Company discretionary nonelective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant vests 20% after two years of service, and each additional year. A participant is completely vested after six years of service. Forfeited balances of terminated participants' non-vested accounts are used to offset Plan expenses or reduce future employer contributions. There were no participant forfeitures during the year ended December 31, 2019. As of December 31, 2019 and 2018, the amount of unallocated forfeitures available for future use totaled $389 and $380, respectively.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account. The interest rates for loans are based on the prime rate as published in the Wall Street Journal on the 14th of each month, plus 2%. Principal and interest is paid ratably through payroll deductions over a period of five years or less, unless such loan is for the purchase of a participant's primary residence.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum, partial distribution, or installment payments over a period of time. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the items disclosed in Note 11, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Trustee (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan Sponsor instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the plan's financial statements and supplemental schedule:

3. Information Certified by the Trustee (unaudited) (continued)

As of December 31,	**2019**	2018 *Compiled*
Investments, at fair value:		
Mutual funds	**$ 537,954**	$ 336,483
Common collective trust fund	**745**	611
Total investments, at fair value	**538,699**	337,094
Notes receivable from participants	**$ 2,558**	$ 1,481

For the Year Ended December 31,	**2019**
Net appreciation in fair value of investments	**$ 65,728**
Interest and dividend income	**17,261**
Interest income on notes receivable from participants	**160**

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the net asset value ("NAV") (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. NAV is used as a practical expedient for fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 537,954	$ -	$ -	$ 537,954
Total assets in fair value hierarchy	$ 537,954	$ -	$ -	$ 537,954
Investments measured at NAV (a)				745
Total investments, at fair value				$ 538,699

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 336,483	$ -	$ -	$ 336,483
Total assets in fair value hierarchy	$ 336,483	$ -	$ -	$ 336,483
Investments measured at NAV (a)				611
Total investments, at fair value				$ 337,094

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2019:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Investment Trust Fund	$745	N/A	Daily	12 months

As of December 31, 2018:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Investment Trust Fund	$611	N/A	Daily	12 months

6. Related-Party and Party in Interest Transactions

The Plan made direct payments to the recordkeeper of $808 during the year ended December 31, 2019. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly on any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Income Tax Status

The Plan uses a prototype plan document sponsored by ADP, LLC ("ADP"). ADP received an opinion letter from the Internal Revenue Service ("IRS") dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Risk and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2019**	2018 *Compiled*
Net assets per the financial statements	**$ 534,881**	$ 313,352
Less: employee contributions receivable	**(7,852)**	-
Add: excess contributions payable	**14,228**	25,223
Net assets per the Form 5500	**$ 541,257**	$ 338,575

The following is a reconciliation of the net increase per the financial statements to the Form 5500:

For the Year Ended December 31	**2019**
Net increase per the financial statements	**$ 221,529**
Less: current year employee contributions receivable	**(7,852)**
Add: current year excess contributions payable	**14,228**
Less: prior year excess contributions payable	**(25,223)**
Net increase per the Form 5500	**$ 202,682**

11. Subsequent Events

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most nonspouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death. Plan management is evaluating the impact of the SECURE Act on the Plan but does not expect it to be material.

Effective January 1, 2020, the Plan executed an adoption agreement with BOKF, NA, whereby the trustee and recordkeeper of the Plan changed from Reliance Trust Company and ADP, LLC to Charles Schwab Bank and BOKF, NA. No significant provisions of the Plan were altered as a result of this change.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to $100,000 for eligible participants, (b) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (d) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.
