NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Atkinson Candy Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan provisions.

General

The Plan, as amended and restated, was established June 1, 2000 as a defined contribution plan covering all the eligible employees of Atkinson Candy Company (the "Company"). The Plan covers substantially all employees of the Company except certain groups of employees as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 21 and have completed on year of service (minimum of 1,000 service hours). Once the eligibility requirements have been met, participants may enter the Plan on the first day of the Plan year or first day of the seventh month of the Plan year.

Contributions

Unless a participant affirmatively elects otherwise, the Company will automatically contribute to the Plan on behalf of each eligible participant a pre-tax deferral contribution of 4% of that participant's eligible compensation.

Participants may elect to contribute 100% of eligible compensation into the Plan, subject to certain limitations, deferred on a pre-tax basis. Participants may also designate some or all of their contributions as an after-tax Roth contribution, also subject to limitations. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2019, the maximum contribution allowed for any participant was $19,000. Participants who have attained the age of 50 before the end of the plan year may make additional pre-tax catch-up contributions. For 2019, the maximum catch-up contribution allowed for any participant was $6,000. The Plan allows rollover contributions from other qualified retirement plans.

The Company may make a discretionary matching contribution in an amount equal to a percentage of eligible contributions made during the plan year for participants employed on the last day of the plan year. For the year ended December 31, 2019, the Company elected to match 25% of the first 6% of the employee deferrals. The Company may also make a discretionary nonelective profit sharing contribution to eligible participants. There was no nonelective profit sharing contribution made to the Plan in 2019. The Plan is participant directed. Participants may change their contribution rates at the beginning of each payroll period and investment options at any time.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

All participant contributions vest immediately. Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Normal retirement age under the Plan is 65. Upon a participant's death, termination, retirement, disability, or attainment of age 59½, the vested funds in the participant's account are available to be distributed in a lump-sum payment. The participant may request a distribution at the time of termination, or he or she may elect to leave the account invested in the Plan until a later date if the distribution exceeds $1,000. The Plan does not allow for hardship withdrawals from a participant's salary deferral account.

Forfeiture Account

The Plan controlled forfeiture account, which is funded from the non-vested portions of terminated participants' account balances, serves to reduce employer contributions or plan expenses in future periods. During the year ended December 31, 2019, $300 in forfeitures were used to pay plan expenses. At December 31, 2019 and 2018, the Plan retained $283 and $519, respectively, in forfeitures.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance in the Plan. Interest rates on loans are stated at a reasonable rate. Loans are repaid in level installments through payroll deductions for periods ranging up to five years and in certain situations may exceed five years. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. At December 31, 2019 and 2018, no allowance was considered necessary by management.

Administrative fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative fees. Other investment-related expenses are included in net appreciation in fair value of investments.

Benefit Payments

Distributions to participants are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan measures the fair value of Plan assets as the price that would be received to sell an asset in the principal market for that asset. These measurements are classified into a hierarchy framework by the inputs used to perform the fair value calculation. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts:

Pooled separate accounts are stated at fair value as determined by observable Level 1 quoted pricing inputs or by quoted prices for similar assets in active or nonactive markets. While some pooled separate accounts may have publicly quoted inputs (Level 1), the account values of separate accounts are not publicly quoted.

Fixed interest:

The group annuity contract provides for investment in the AUL Fixed Interest Account, which is not actively traded. The fair value of the account is based on the contributions, benefit payments, net loan activity, participant-directed transfers, and interest credited to the account during the period. The average interest rate being credited to assets in this investment as of the last day of the 2019 Plan year was 1.75%

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2019:

Description	Quoted prices in active markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Fair value as of December 31, 2019
Pooled separate accounts	$ -	$ 1,969,099	$ -	$ 1,969,099
Fixed interest	-	146,262	-	146,262
Total investments measured at fair value	$ -	$ 2,115,361	$ -	$ 2,115,361

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2018:

Description	Quoted prices in active markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Fair value as of December 31, 2018
Pooled separate accounts	$ -	$ 1,679,363	$ -	$ 1,679,363
Fixed interest	-	156,505	-	156,505
Total investments measured at fair value	$ -	$ 1,835,868	$ -	$ 1,835,868

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. American United Life Insurance Company (AUL), the trustee of the Plan, has certified that the investment balances reflected in the accompanying statement of net assets available for benefits as of December 31, 2019 and income information for the year then ended was complete and accurate. Accordingly, the Plan's independent auditors did not perform any procedures with respect to this information, except comparing and reconciling such information to the financial statements.

NOTE 5: INCOME TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained it's latest opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 5: INCOME TAX STATUS (Continued)

The Plan did not have unrecognized tax benefits as of December 31, 2019 and 2018 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2019 and 2018, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2019 and 2018 and during the year ended December 31, 2019, the Plan invested in the AUL Fixed Account which is managed and backed by the general assets of the plan trustee, American United Life Insurance Company (AUL). The Plan also invests in pooled separate accounts managed by the American United Life Insurance Company. These investments qualify as a party-in-interest as defined under ERISA guidelines.

During the year ended December 31, 2019, the Plan paid American United Life Insurance Company (AUL) $1,279 in fees that are included in administrative fees on the statement of changes in net assets available for benefits. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provision.

NOTE 7: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that a reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	2019
Net assets, Form 5500	$ 2,277,176
Contributions receivable:	
Employer	28,323
Net assets, statements of net assets available for benefits	$ 2,305,499

NOTE 9: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2020 through October 14, 2020, which was the date the financial statements were available to be issued. The Plan noted no significant subsequent events.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The plan has elected to opt out of all optional features within these acts. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

No other subsequent events were identified through October 14, 2020, the date these financial statements were issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
