1. DESCRIPTION OF PLAN

The following description of the Nitto Americas Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the summary Plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan sponsored by Nitto Americas Inc. (“Plan Sponsor”) that covers substantially all employees of Nitto, Inc., Ohio (“Nitto Ohio”), Nitto, Inc., New Jersey (“Nitto New Jersey”), Nitto Automotive, Inc., Missouri (“Nitto Missouri”), Nitto Denko AVECIA, Inc., Nitto, Inc., Virginia (“Nitto Virginia”), Nitto, Inc., Kentucky (“Nitto Kentucky”), Hydranautics, Nitto Denko Technical Corporation, Nitto Innovations, Inc., Nitto BioPharma, Inc., Nitto AVECIA Pharma Services, Inc., Kinovate Life Sciences, Inc., and Nitto, Inc., Alabama (“Nitto Alabama”), collectively the “Employers”. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Below is a description of the Plan’s provisions.

Eligibility

Employees become eligible to participate in the Plan on the first day of the month coinciding with or immediately following the date the participant has completed two months of service.

Contributions

The Plan permits employees to make pre-tax or Roth contributions to the Plan. Each year, participants may contribute pre-tax annual compensation up to the Section 402(g) limit, as defined in the Plan. The Plan permits participants to make catch-up contributions, as defined in the Plan. Participants may also roll over amounts representing distributions from other plans into various investment options offered by the Plan. Participants direct the investment of their contributions into various fund investment options offered by the Plan.

The Plan includes a qualified automatic contribution arrangement, pursuant to which all eligible employees are enrolled automatically with a 5% pre-tax contribution rate, unless the employee elects otherwise. These contributions are invested in the Plan’s default investment option. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate, or change investment elections at any time. Starting the first year after a participant is automatically enrolled in the Plan, the participant’s pre-tax contribution rate is automatically increased by 1% annually, up to a maximum of 10%. This occurs with the first payroll period in January of each year, and participants may decline these rate increases or elect a different rate.

The Employers will contribute a safe harbor match of 100% of the first 3% of the participants’ eligible compensation that they contribute to the Plan plus 50% of the next 2% of the participants’ eligible compensation that they contribute to the Plan. In addition, at the discretion of the Employers, the Plan allows regular matching contributions, true-up matching contributions, qualified matching contributions, qualified nonelective contributions, and nonelective contributions. Union employees covered under a collective bargaining agreement receive an employer nonelective match equal to 6% of eligible compensation at a percentage based on years of service plus \$0.15 per hour worked.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Employers’ contribution and Plan earnings and charged with an allocation of transaction expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Nitto Americas Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance not to exceed \$50,000. The loans are collateralized by the balance in the participant's account and bear interest at rates at Prime plus 1% as of the date of the transfer, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The interest rates on outstanding loans at December 31, 2019 ranged from 3.25% to 10.50% per year. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Participants may make complete or partial withdrawals from their accounts at any time after reaching age 59 ½, termination of employment or financial hardship, subject to certain limitations. If a participant continues employment with the Employers after age 59 ½, the participant shall receive a distribution of the entire amount of their account as of the earlier of their retirement date or as required by the Internal Revenue Code ("IRC"). In the event of the death of a participant, the participant's account is distributed to the participant's beneficiary. All benefit distributions are payable in either a lump sum, installment, or partial distribution.

Effective January 1, 2019, the Plan adopted certain provisions of the Bipartisan Budget Act of 2018 relating to hardship withdrawals, eliminating the requirement for participants to obtain participant loans prior to requesting and obtaining a hardship withdrawal and the six-month suspension of employee deferrals following a hardship withdrawal.

Forfeitures

Participants who terminate employment within any sub-plan will forfeit the non-vested portion of their accounts. The forfeitable portion of a terminated participant's account is applied to pay Plan expenses and then used to reduce the Employers' future matching contribution. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$34,161 and \$19,876, respectively. Forfeitures used to offset the Employer's contributions for the year ended December 31, 2019 were \$5,797.

Administrative Fees

All administrative expense are paid by the Plan. In addition, the Plan has a profitability arrangement with Prudential Retirement Insurance and Annuity Company. As a result of this arrangement, the Plan paid \$32,340 for the year ended December 31, 2019. This is reflected as an other expense on the statement of changes in net assets available for benefits. In addition, certain investment related expenses have been offset with net investment income and are not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are held by Prudential Retirement Insurance and Annuity Company (the "Trustee"), which has been designated as both the Trustee and custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in pooled separate accounts are valued at the net asset value of the shares held by the Plan at year end. See Note 5 for a discussion of fair value measurements. The investment in a fully benefit-responsive investment contract is stated at contract value (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Nitto Americas Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recognized when withheld. Employer matching contributions are recognized concurrently with participant contributions.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

All investment information disclosed below and in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2019 were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2019 and 2018.

5. INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Prudential Retirement Insurance and Annuity Company ("PRIAC") Guaranteed Income Fund. This fund is considered a stable value fund and meets the definition of a fully benefit responsive investment contract. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rates are based on an agreed-upon formula with the issuer and are guaranteed for an agreed upon period, usually six months.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. FAIR VALUE ACCOUNTING

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Pooled Separate Accounts - shares of pooled separate accounts are valued at net asset value ("NAV") based on the quoted market prices of the underlying investments.

Nitto Americas Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

Registered Investment Companies - valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

	<u>Fair Value at December 31,</u>	<u>Fair Value at December 31,</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Notice</u>
	<u>2019</u>	<u>2018</u>	<u>Commitment</u>	<u>Frequency</u>	<u>Period</u>

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at net asset value*				<u>849,506</u>
				<u>\$ 107,104,679</u>

* - In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Prudential Retirement Insurance and Annuity Company. Prudential Retirement Insurance and Annuity Company is the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Certain investment related fees are reflected as an offset of net investment income and are not readily determinable. Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

Nitto Americas Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

9. INCOME TAX STATUS

The Plan is qualified under provisions of the Internal Revenue Code ("IRC") and is exempt from federal income taxes. The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

10. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2019 may not necessarily be indicative of amounts that could be realized in a current market exchange.

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 13, 2020, which is the date the financial statements were available to be issued. Based on that evaluation, with the exception of the items below, the Plan has determined that no additional subsequent events have occurred which would require disclosure in the financial statements.

Nitto Americas Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2019 and 2018

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in March 2020, the financial markets have experienced significant volatility, therefore affecting the values of investment securities. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of any adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits cannot be predicted at this time.

The Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows qualified Plan participants to take a COVID-19 related distribution up to \$25,000 from the Plan beginning from the effective date of adoption until December 31, 2020.

The Plan also adopted certain loan provisions of the CARES Act. The adopted provision allows qualified Plan participants who have loan repayments due between March 27, 2020 and December 31, 2020 to defer such repayments for up to one year.
