Videoamp, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Videoamp, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Videoamp, Inc. (the "Sponsor"), except for non-resident aliens and union employees. An employee becomes eligible to participate in the Plan on the first entry date (first day of pay period) following three months of service and attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible pretax compensation.

The Sponsor can make a discretionary matching contribution equal to a uniform percentage of each tier of a participant's deferrals. This contribution is allocated to each participant who completes at least three months of service. The allocation is made on the last day of the plan year.

The Sponsor may also contribute a discretionary profit sharing contribution as determined annually by the Sponsor. This contribution is allocated to participants who are employed on the last day of the plan year. During the year ended December 31, 2019, there were no matching or profit sharing contributions made to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with (a) participant's contributions, Sponsor matching contributions, and allocations of the Sponsor's profit sharing contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Earnings allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting is also immediate in the Sponsor's discretionary matching and profit sharing contribution portion of their accounts plus actual earnings thereon.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates equal to 1% above the prime rate, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for any other reason a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Note 3: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Benefit Trust Company, the Custodian of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4: Fair Value Measurements (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,755,674	$ -	$ -	$ 2,755,674
Total investment assets in the fair value hierarchy	$ 2,755,674	$ -	$ -	$ 2,755,674

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 797,486	$ -	$ -	$ 797,486
Total investment assets in the fair value hierarchy	$ 797,486	$ -	$ -	$ 797,486

Transfers Between Levels

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Benefit Trust Company. Benefit Trust Company is the Custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services and administrative services were $350 for the year ended December 31, 2019.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Sponsor adopted a volume submitter document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not been amended since receiving the determination letter; therefore, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Plan is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Plan's general assets, but no later than the fifteenth business day of the month following the date the participant contributions are withheld by the Plan. As reported on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2019, totaling $132,724 , were remitted outside the 15-day requirement. This transaction constitutes a prohibited transaction as defined by ERISA.
