National Design Mart 401(K) & Profit Sharing Plan
Notes to the Financial Statements
December 31, 2019

A. PLAN DESCRIPTION

The following description of the National Design Mart 401(K) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan’s provisions.

General - The Plan was adopted by National Carpet Mill Outlet dba National Design Mart effective January 1, 2019. Contributions were withheld beginning on the February 8, 2019 payroll and were not remitted into the Plan until March 28, 2019 (see Note I). The Plan is a defined contribution plan covering all eligible employees of National Carpet Mill Outlet Inc. and National Granite Luxuries, LLP (the “Companies”), who have completed one year of service, as defined, and obtained 21 years of age. Union employees, non-resident aliens, and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Participants may make voluntary 401(k) and Roth contributions not to exceed the lower of 100% of their compensation, as defined, or the limit as determined by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan requires the Plan Sponsor to make a safe-harbor matching contribution. The safe-harbor matching contribution is calculated using 100% of the first 3% that the participant elects to defer, and 50% of the next 2% that the participant elects to defer. In addition, the Company may make profit sharing contributions to the Plan solely at the discretion of the Plan Committee. There were no discretionary profit-sharing contributions authorized for 2019. Contributions are subject to certain IRS limitations.

Participant Accounts - A separate account is maintained for each participant. Each participant’s account is credited with the participant’s voluntary 401(k) and Roth contributions, rollover contributions, the Company’s safe-harbor matching contributions, an allocation of the Company discretionary profit-sharing contributions, and Plan earnings or losses as defined by the Plan agreement. Participants who were employed as of the last day of the Plan year and who have completed at least 1,000 hours of service during the Plan year, are eligible for Company discretionary profit-sharing contributions. Plan earnings or losses are allocated daily based on each participant’s balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account, as defined.

Vesting - Participants are immediately vested in their voluntary 401(k) and Roth contributions plus actual earnings or losses thereon. Participants are also immediately vested in the safe harbor matching contributions plus actual earnings or losses thereon. Vesting in the Company’s profit-sharing contribution portion of their accounts is based on years of continuous service. A participant’s employer profit-sharing contributions are on a six-year graded vesting with 100% vesting after six years of credited service.

Payment of Benefits - Upon termination of service, a participant may elect to receive distributions as a lump-sum distribution equal to his or her vested account balance. If the participant’s account balance is less than \$5,000, the Plan Administrator may direct the trustee to make a lump-sum distribution of the account balance. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their vested benefits as soon as administratively feasible. Distributions of a participant’s account balance may be authorized at any time by the Plan Committee under certain hardship conditions.

Forfeitures - Forfeitures are used to pay Plan administrative costs, to reduce future contributions by the Company, or are allocated to the participants in the same manner as discretionary profit-sharing contributions. There were no forfeited non-vested accounts in 2019.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value as reported by John Hancock Life Insurance Company ("John Hancock"), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust, administered by John Hancock as of December 31, 2019, representing investments in mutual funds.

Investments of participant's contributions and the Company's contributions into these funds are at the direction of each participant.

Payment of Benefits - Plan benefits are recorded when paid.

Plan Expenses - The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

C. INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by John Hancock, the custodian.

John Hancock has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2019 and for the period March 28, 2019 through December 31, 2019

John Hancock has certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2019.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Pooled separate accounts: Market values of units held in the pooled separate account are determined daily by John Hancock based upon the initial value assignment, the NAV of the mutual fund investments and the applicable investment management and administrative charges, as set forth in the group annuity contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements
December 31, 2019

The following tables set for by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019	
	Level 1	Total
Total assets in the fair value hierarchy	\$ -	\$ -
Investments measured at net asset value ^(a)	-	250,505
Investments at fair value	\$ -	\$ 250,505

^(a) In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

E. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

John Hancock provides certain administrative services to the Plan pursuant to a Service Agreement (SA) between the Company and John Hancock. John Hancock receives revenue from mutual fund service providers for services John Hancock provides to the funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

If the revenue received by John Hancock from such mutual fund service providers exceeds the amount owed under the SA, John Hancock remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to John Hancock for administrative expenses not covered by revenue sharing. No revenue was received from mutual fund service providers during the period March 28, 2019 through December 31, 2019.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. TAX STATUS

The Plan has adopted a volume submitter plan provided by Trinity Pension Consultants, Inc ("Trinity"). Trinity has received an opinion letter, dated March 31, 2014, from the IRS. The opinion letter states that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Notes to the Financial Statements
December 31, 2019

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

I. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant fluctuations in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan are currently unknown. The extent of the adverse impact of the COVID-19 pandemic on the Plan and the net assets available for benefits cannot be reasonably estimated at this time.

As of the date of these financial statements, the Company is in an ongoing audit with the Department of Labor relating to the delinquent contributions. A determination as to the extent of the correction relating to lost earnings, interest, and penalties has not been completed and will be determined at a later date.
