1. Description of Plan

The following brief description of Lewis-Watkins Farmer Agency, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Lewis-Watkins Farmer Agency, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Newport Group, Inc. is the recordkeeper (the "Recordkeeper") and Newport Trust Company is the custodian (the "Custodian") of the Plan. An officer of the Company acts as trustee of the Plan.

Eligibility - Employees are eligible to participate in the Plan on the first day of the month coinciding with or next following their hire dates. Assistants and interns are not eligible to participate. A participant must be employed on December 31 and complete a year of service, as defined, to be eligible for a discretionary employer profit sharing contribution.

Contributions - All newly eligible employees are automatically enrolled in the Plan with a pre-tax deferral percentage of 2%, unless the employee changes the election. Participants have the option to contribute pre-tax and Roth 401(k) contributions, up to the annual limit established by the Internal Revenue Code ("IRC"). A participant's pre-tax and Roth 401(k) contributions are separately accounted for, as are the gains and losses attributable to each. Participants who have reached fifty years of age before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make a discretionary employer matching and/or profit sharing contribution. The Company elected to make an employer matching contribution equal to 50% of the first 6% of contributed compensation during the year ended December 31, 2019.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and charged with an allocation of administrative expenses, as applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Notes receivable from participants are not permitted.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service, as defined, which is earned in 20% increments annually. Participants may also become fully vested upon reaching retirement age or termination of employment due to disability or death.

Payment of Benefits - Upon age 59.5, disability, death, retirement or termination of employment, a participant or beneficiary may elect to receive a lump sum equal to the participant's vested account balance. The Plan administrator may distribute terminated participants' account balances that are less than $5,000 without the participants' consent by transferring the terminated participants' account balances into an individual retirement account. In-service distributions of rollover contributions may be made at any time. In-service hardship distributions are permitted if certain criteria are met.

Forfeitures - Forfeitures by participants of unvested Company contributions may be used to pay administrative expenses and to reduce employer contributions. The forfeiture balance was not significant as of December 31, 2019 and 2018. Forfeitures totaling $7,539 were utilized to pay administrative expenses during the year ended December 31, 2019.

2. Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are reported on the accrual basis of accounting.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment manager, Recordkeeper and Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses - The Company may pay certain administrative and operating costs of the Plan at no obligation to the Plan. Fees related to distributions, recordkeeping and other professional fees, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are also included in net appreciation in fair value of investments.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

3. Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-traded funds: Exchange-traded funds are valued at the closing price reported by the active market on which the individual securities are traded.

Interest-bearing cash: Interest-bearing cash is stated at cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total Fair Value
Exchange-traded funds	$ 4,264,898	$ -	$ -	$ 4,264,898
Mutual funds	3,473,210	-	-	3,473,210
Interest-bearing cash	86,067	-	-	86,067
Investments at fair value	$ 7,824,175	$ -	$ -	$ 7,824,175

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total Fair Value
Exchange-traded funds	$ 2,664,606	$ -	$ -	$ 2,664,606
Mutual funds	3,518,550	-	-	3,518,550
Interest-bearing cash	58,229	-	-	58,229
Investments at fair value	$ 6,241,385	$ -	$ -	$ 6,241,385

4. Information Certified by the Custodian

All information disclosed in the accompanying financial statements, notes and supplemental schedules related to the Plan's investments as of December 31, 2019 and 2018, and the related net investment gain during the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian.

5. Tax Status

The Company has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Verisight, Inc. which received an IRS advisory letter dated July 17, 2012. Although the volume submitter plan instrument has been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 7,826,040	$ 6,249,687
Less: employer contributions receivable	(1,865)	(8,302)
Net assets available for benefits per the Form 5500	$ 7,824,175	$ 6,241,385

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net increase in net assets available for benefits per the Form 5500 during the year ended December 31, 2019:

Net increase in net assets available for benefits per the financial statements	$ 1,576,353
Add: 2018 employer contributions receivable	8,302
Less: 2019 employer contributions receivable	(1,865)
Net increase in net assets available for benefits per the Form 5500	$ 1,582,790

7. Party-in-Interest and Related Party Transactions

The Plan's interest-bearing cash is an account managed by a sub-custodian. Fees earned by the Recordkeeper and certain Plan advisors are included in administrative expenses and net appreciation in fair value of investments. Transactions such as these qualify as party-in-interest transactions. The Company pays directly certain other fees related to the Plan's operations.

8. Delinquent Transmittals

During the year ended December 31, 2019, the Company failed to remit certain participant contributions that were due on September 16, 2019, on a timely basis. These funds were remitted to the Custodian soon after the due date. During the year ended December 31, 2020, the Company remitted the related lost earnings to the Plan, but the funds have yet to be allocated to the affected participants as of the audit report date.

9. Subsequent Events

The Company has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the world. The pandemic has adversely affected the world economy, resulting in volatility in the global capital markets. While the impact is currently expected to be temporary, there is uncertainty around the duration. Therefore, while this issue may negatively impact the Plan, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits cannot be reasonably estimated at this time.

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was passed by Congress. The CARES Act provides immediate and temporary relief for qualified retirement plan participants related to distributions and notes receivable from participants. The provisions of the CARES Act may be effective and placed into operation immediately, prior to amending the Plan document. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and, during 2020, has implemented the availability of coronavirus distributions of up to $100,000, as applicable (also, recontribution of coronavirus distributions are permitted, subject to certain requirements).

Effective August 1, 2020, the Company changed the Plan's recordkeeper to EPIC Retirement Plan Services. Additionally, the Plan was amended to increase the automatic pre-tax deferral percentage from 2% to 3%.
