1. DESCRIPTION OF THE PLAN

The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Genesco Sports Enterprises 401(k) Plan (the "Plan") is a defined contribution plan sponsored by Genesco Sports Enterprises, Inc. (the "Company") and was established April 1, 2001. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan's investment assets and executes investment transactions at the direction of Plan participants, receives contributions, interest and dividend income, pays administrative expenses, and makes distributions to participants. John Hancock Retirement Plan Services (the "Recordkeeper") maintains participant account information. The Plan also uses the services of Nova 401(k) Associates ("NOVA") to perform annual compliance testing, prepare the Plan's Form 5500, and assist the Plan administrator in day-to-day activities of the Plan. The rollover IRA custodian is NovaIRA, LLC. Merrill Lynch Wealth Management provides investment advisory services to the Plan and participants.

Basic clerical and enrollment functions of the Plan are performed by employees who are appointed by the board of directors of the Company. The Plan is administered by an individual from Company management (the "Plan Administrator") which appointed by the board of directors of the Company. Certain officers of the Company serve as trustees (the "Trustees") of the Plan and are charged with oversight of the Trust fund. No owner or employee receives compensation for services.

Eligibility

All employees of the Company become eligible to participate in the Plan after reaching age 21 and three months of elapsed time service. Newly eligible employees may join the Plan on the first day of January, April, July, and October coinciding with or next following the satisfaction of eligibility requirements. The Plan excludes collectively bargained employees and employees who are nonresident aliens who receive no compensation from the Company which constitutes U.S. source income.

Contributions

Each year, participants may contribute to their combined pre-tax and/or Roth after-tax accounts up to 90% of their eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible make catch-up contributions. For the year ended December 31, 2019, the combined pre-tax deferral and Roth contribution limit under the Internal Revenue Code (the "Code") is $19,000, and the catch-up contribution limit under the Code is $6,000. Compensation earned prior to satisfying all eligibility

requirements is excluded. Participants may also contribute rollover amounts representing distributions from other qualified plans, as defined.

The Company may contribute to the Plan, on behalf of each eligible participant, a discretionary matching contribution. For the year ended December 31, 2019, the Company elected to match 50% of employee deferrals up to 4% of a participant's deferral determined on a payroll period basis. Discretionary profit sharing amounts may be contributed as determined by the Company. The Company did not make a discretionary profit sharing contribution for the 2019 plan year.

Total contributions are subject to certain Code limitations.

Investment Options

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The investment options include pooled separate account funds. If participants do not elect specific investments, their contributions are invested in the Plan's qualified default investment alternative.

Participant Accounts

Each participant's account is credited with (a) the participant's deferral contributions and rollover contributions, if any, (b) the Company's matching contributions and profit sharing contributions, if any, and (c) Plan earnings (losses). Each account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Transaction fees, such as those related to distributions are paid from the account of the participant who made the transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in Company contributions on a four-year graded schedule as follows:

Years of Vesting Service	Percentage Vested
1	25%
2	50%
3	75%
4	100%

A participant is fully vested upon death or total and permanent disability.

Forfeited Accounts

Participants, whose employment terminates prior to being fully vested, forfeit the non-vested portions of their accounts. Forfeitures can be used either to pay the administrative expenses of the Plan or to reduce future Company contributions. As of December 31, 2019, forfeited non-vested accounts totaled $3,370; there were no forfeited non-vested accounts as of December 31, 2018. In 2019, $5,028 from forfeited non-vested accounts were used to reduce Company contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 2% over the prime rate. Notes receivable from participants as of December 31, 2019 and 2018, bear interest rates of 4.25% to 5.25%. Maturities as of December 31, 2019 and 2018, are from September 2020 through October 2022. Principal and interest are paid ratably through payroll deductions. The Plan does not permit loan refinancing and interest rates shall remain fixed throughout the duration of the loan. The loan repayment period may not extend beyond five years, unless the loan qualifies as a home loan. The term of repayment for a home loan will be not greater than 20 years.

Benefit Payments

The normal retirement age is 65. The normal retirement date is the first day of the month coinciding with or next following the normal retirement age. On termination of service, death, or retirement, a participant may receive the value of the participant's vested interest in his or her account in cash only a lump-sum amount, substantially equal installments, or partial withdrawals ($1,000 minimum). Hardship distributions (as defined) are permitted from pre-tax elective deferral, Roth elective deferral, and rollover accounts. Upon attainment of age 59½, participants who have not separated from service and who have been a participant in the Plan for at least eight years may receive a distribution of all or any portion of his or her vested account balance, subject to certain account restrictions, including qualified distributions only from Roth elective deferral accounts. In-plan Roth rollover contributions are not permitted.

The Plan provides for involuntary cash-outs if a terminated participant makes no affirmative election to receive or roll over his or her account balance of $5,000 or less. Involuntary cash-out balances will be automatically rolled over to an individual retirement account ("IRA") for the benefit of the participant provided the amount is at least $60.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies employed in the preparation of the accompanying financial statements are as follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and labilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodians, investment advisors, and Trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in fair value of its investments, which consists of realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) on those investments held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (the "IRS") are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for 2019. Excess contributions for 2018 of $11,950 were distributed before March 15, 2019.

Payment of Benefits

Benefit payments to participants are recorded when paid. As of December 31, 2019, there were no benefits approved for payment but not paid.

Administrative Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements and, if not paid by the Company, would be paid by the Plan. Asset-based administrative fees are allocated against participant accounts and are included in net appreciation (depreciation) of fair value of investments. Withdrawal fees are paid from the account of the withdrawing participant. See Note 6.

Recently Issued Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-13 Fair Value Measurement (Topic 820), that modifies the disclosure requirements on fair value measurements including the consideration of costs and benefits. The main provisions remove disclosure requirements including (1) The amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, (2) The policy for timing of transfers between Levels, (3) The valuation process for Level 3 fair value measurements, and (4) For non-public entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. Modifications include (1) In lieu of a rollforward for Level 3 fair value measurements, a non-public entity is required to disclose the transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities, (2) For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly, and (3) The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. No additional disclosures to Topic 820 are required for non-public entities. The amendments in this update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan management is currently evaluating the impact of adopting the disclosure requirements of ASU 2018-13 upon its financial statements.

Other recently issued accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Plan's financial position or results of activity.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

a. quoted prices for similar assets or liabilities in active markets;
b. quoted prices for identical or similar assets or liabilities in inactive markets;
c. inputs other than quoted prices that are observable for the asset or liability;
d. inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Pooled Separate Accounts: A pooled fund invested in mutual funds or other marketable securities and is not registered with the Securities and Exchange Commission. The unit price generally will be different from the value of the underlying securities because the fund may also hold cash for liquidity purposes, and the fees imposed by the fund are deducted from the fund value rather than charged separately to investors. Pooled funds are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments.

As of December 31, 2019 and 2018, the Plan's investments of $6,055,542 and $4,672,861, respectively, are comprised only of pooled separate accounts which are considered Level 2

under the fair value hierarchy. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan Administrator and was certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan:

	2019	2018
Cash	**$ 3,370**	
Investments at fair value	**6,055,542**	$ 4,672,861
Notes receivable from participants	**3,095**	30,383
Investment Income:		
Net appreciation in fair value of investments	**$ 1,082,763**	

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's asset custodian is John Hancock Life Insurance Company (U.S.A.) ("John Hancock"). Certain plan investments are units of pooled separate accounts managed by John Hancock. The Plan pays John Hancock contract administrator fees. These transactions are considered exempt under ERISA.

During 2019, the Plan made the following direct payments to related parties and parties-in-interest: $19,031 to John Hancock for contract administration fees; $1,425 to Nova 401(k) Associates for withdrawal fees paid from the accounts of specific participants; and $13,595 to Merrill Lynch for investment advisory fees. These amounts are reported in the Statement of Changes in Net Assets Available for Benefits as Administrative Expenses.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their discretionary employer contribution accounts.

8. TAX STATUS

The Plan is based on a volume submitter profit sharing plan with CODA developed for NOVA 401(k) Associates. The document received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS") stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code. The Plan Administrator believes the Plan, as adopted and amended, is designed and is being operated in compliance with the applicable provisions of the Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2019 and 2018, to net assets per Schedule H of Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	**$6,062,007**	$4,691,294
Add: Excess contributions paid out in 2019, recorded as a reduction of participant contributions as of December 31, 2018	-	11,950
Net assets per Schedule H of Form 5500	**$6,062,007**	$4,703,244

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2019, to net income per Schedule H of Form 5500:

	2019
Increase in net assets available for benefits per the financial statements	**$ 1,370,713**
Less: Excess contributions paid out in 2019, recorded as a reduction of participant contributions in 2018	**(11,950)**
Net income per Schedule H of Form 5500	**$1,358,763**

10. SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the spread of the COVID-19 coronavirus became a global pandemic, creating disruptions to business operations and economic uncertainties in most industries. The financial impact of the pandemic on the Plan will be dependent on the duration and spread of the disease, related operational restrictions on the Plan Sponsor, and the overall economy, which, in the opinion of management, cannot be reasonably estimated at this time.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"). Many of the provisions of the SECURE Act are effective January 1, 2020, and may require significant changes to Plan administration and recordkeeping. In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

On July 1, 2020, Nova 401(k) Associates (the sponsor of the prototype plan) adopted on behalf of all adopting employers an amendment to implement hardship distribution provisions of the Bipartisan Budget Act of 2018 and the SECURE Act effective for plan years beginning after December 31, 2018.

The Plan Administrator has evaluated events and transactions occurring after December 31, 2019, the statement of net assets available for benefits date, through October 14, 2020, the date the financial statements were available to be issued.
