White Mountain Beverage, LLC Savings and Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2019 and 2018

1. DESCRIPTION OF PLAN

The following description of White Mountain Beverage, LLC Savings and Profit Sharing Plan (the Plan) provides general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a qualified defined contribution plan established on December 24, 1966. The Plan covers all employees of White Mountain Beverage, LLC (the Company) who are not in an ineligible class of employees, as defined in the Plan.

The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

b. Eligibility

Employees are eligible to participate after six months of service and can elect to enter the Plan as a participant on the first day of the month which coincides with, or next follows, the date on which the employee satisfies the service requirement.

c. Contributions

Each year, participants may contribute up to 50% of their eligible compensation, as defined in the Plan.

Upon meeting the eligibility requirements, employees are automatically enrolled into the Plan at a pretax deferral rate of 6% of their gross compensation each pay period. The deferral percentage will automatically increase by 1% per year to a maximum of 10% unless changed by the participant. Employees may choose between pre-tax and Roth contributions in their elective deferrals. Employees can elect to opt-out of participating in the Plan.

The Company may make a discretionary match in an amount that is determined by the Company. During 2019, the employer's discretionary matching contributions were \$0.70 for each \$1 contributed, up to a maximum of 10% of the participants' eligible compensation.

The Company may also make non-elective employer contributions to the Plan. For 2019, no non-elective employer contributions were made.

Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may change their investment options as often as permitted under the investment vehicles they choose.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. DESCRIPTION OF PLAN, (Continued)

d. Participant accounts

Each participant's account is credited with the participant's contributions and the employer's matching contribution, and an allocation of plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in all matching contributions and non-elective employer contributions is based on years of service, as follows:

<u>Years of service</u>	<u>Vesting %</u>
0	0%
1	10%
2	25%
3	45%
4	70%
5	100%

Upon death, disability or reaching normal retirement age (age 65), participants become fully vested in all account balances.

f. Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms can be up to five years except loans used to purchase a primary residence can be for up to ten years. The loans bear interest at rates that range from 3.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

g. Payment of benefits

On termination of service, a participant may only receive a lump-sum amount equal to the value of the participant's account. Upon retirement, disability, termination or death, a participant or the stated beneficiary shall elect distribution by payment in a lump sum.

If the participant's vested benefit is over \$5,000, then the participant must consent to the distribution before it may be made. The participants may elect to receive a distribution either through a rollover or receive the distribution directly.

(Continued)

White Mountain Beverage, LLC Savings and Profit Sharing Plan  
Notes to Financial Statements, Continued

1. DESCRIPTION OF PLAN, (Continued)

g. Payment of benefits, (Continued)

If the participant's vested benefit is under \$5,000 but over \$1,000, then the distribution will be made, either as a lump sum or as a direct rollover, as soon as administratively practicable after the participant leaves the Company. If the participant does not respond regarding method of distribution, then the distribution will be rolled into an Individual Retirement Account in the name of the participant.

If the participant's account balance is under \$1,000, then the distribution will be automatically made in a lump sum cash payment regardless of whether the participant consents to receive it.

Participants may also withdraw funds from their account in the event of financial hardship as defined in the Plan document.

h. Forfeited accounts

Forfeited nonvested account balances at December 31, 2019 and 2018 were \$21,728 and \$97,610, respectively. These amounts can be used to pay administrative expenses or be used to reduce future employer contributions. Employer contributions were reduced by \$57,132 from forfeited nonvested accounts for the year ended December 31, 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

b. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c. Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

White Mountain Beverage, LLC Savings and Profit Sharing Plan  
Notes to Financial Statements, Continued

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

d. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

e. Payment of benefits

Benefits are recorded when paid.

f. Administrative expenses

Certain expenses incurred by the Plan are paid by the Company and are excluded from these financial statements. Investment and record keeping fees are either paid out of the participant accounts on a per capita basis or paid by the Company on behalf of the Plan. Transaction based fees are charged directly to the participant accounts.

g. Date of the Plan's review

The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued (see note 10).

3. TRUSTEE CERTIFICATION AND LIMITATION ON SCOPE OF AUDITOR'S REPORT

The plan sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the scope of the auditors' examination did not extend to the following information certified by the trustee as complete and accurate:

- Investments
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(Continued)

White Mountain Beverage, LLC Savings and Profit Sharing Plan  
Notes to Financial Statements, Continued

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Mutual fund:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money market fund:* Valued at cost plus accrued interest which approximates fair value.

*Collective trust:* Valued at the NAV of units of the collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell an investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment trustee reserves the right to temporarily delay withdrawal from the trust for twelve months.

4. FAIR VALUE MEASUREMENTS, (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Notes to Financial Statements, Continued

4. FAIR VALUE MEASUREMENTS, (Continued)

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. PARTY-IN-INTEREST TRANSACTIONS

During 2019 and 2018, the Plan held investments in fund options managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and, therefore, these transactions are recognized as exempt party-in-interest transactions under ERISA.

For the year ended December 31, 2019, the Plan paid \$7,717 for certain expenses related to the plan operations to various service providers. These expenses are recognized as exempt party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their accounts.

7. TAX STATUS

The Plan utilizes a Volume Submitter Defined Contribution Plan document administered by Fidelity and it obtained a determination letter dated March 31, 2014 from the IRS, which states that the Plan, as designed, complied with applicable requirements of the Internal Revenue Code (IRC) and, accordingly, was exempt from federal income tax. Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net assets Available for Benefits.

9. PROHIBITED TRANSACTIONS

During 2018, the Company remitted certain participant contributions and loan payments totaling \$55,551 to the Plan's custodian that were not within the period prescribed by DOL regulations. This late contribution is considered a nonexempt party-in-interest transaction but does not affect the tax status determination of the Plan. The Company compensated the participants for any lost interest and earnings resulting from the delay in remittance during 2019.

10. SUBSEQUENT EVENTS

Subsequent to year-end, the COVID-19 virus spread to the United States of America. Effective March 2020, the World Health Organization declared the virus outbreak a pandemic. The pandemic has led to significant volatility in financial markets and has had a significant impact on national and local economies as a whole. The economic uncertainty caused by COVID-19 could have a negative impact on the valuation of the Plan's investment securities and the duration of such uncertainty is difficult to assess or accurately predict.

As of the date through which the Plan has evaluated events occurring subsequent to the date of the Statements of Net Assets Available for Benefits (see note 2g), the effect that COVID-19 may have on the Plan remains uncertain.

In response to the pandemic, the Federal Government signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides economic relief in various forms, including retirement plan provisions that allow coronavirus-related distributions and delays of loan repayments and minimum required contributions.

The Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law on December 20, 2019, though the changes are effective beginning in 2020 and subsequent periods.

Any optional features within these Acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect any operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
