NOTE 1 - DESCRIPTION OF PLAN

The following description of the Protec Building Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective July 15, 2015, Protec Association Services dba Protec Building Services (the "Company" or "Employer") established and adopted the Plan for its employees. The Plan is a defined contribution savings Plan covering substantially all employees who have completed ninety days of service and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by trustees consisting of one or more persons appointed by the Board of Directors of the Company.

Contributions

Under the terms of the Plan, participants may elect to defer a percentage of their regular earnings from the Company into the Plan. Such salary reduction contributions on a pre-tax basis shall not exceed the maximum Internal Revenue Service ("IRS") dollar limit of $19,000 in 2019 and $18,500 in 2018. Additionally, participants who will be at least age 50 by the end of the tax year may make an additional "catch up" contribution of $6,000 in 2019 and 2018. Contributions are subject to certain limitations under IRS regulations. Participants may also contribute rollover distributions from other qualified plans.

The Company may make discretionary matching contributions equal to a percentage determined each year by the Company of Employee Elective Deferral Contributions up to a percentage determined each year by the Company. For the years ended December 31, 2019 and 2018 the Company made no matching contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contributions and an allocation of the Plan's earnings or losses. Allocations are based on participant earnings or losses on account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are applied at the end of the plan year in which they occur to pay Plan expenses and any remaining balance can be used to reduce Employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment into the Plan, a participant may direct their employee contributions in various percentage increments among any of the various investment options. Participants may change their investment options at any time via internet access.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Vesting

Participants are immediately 100% vested in their elective contributions plus actual earnings thereon.

The non-elective employer contributions, matching contributions, and transferred benefits accounts of a participant shall vest subject to the following vesting schedule:

Vesting Years Of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to 50% of your vested account or $50,000, reduced by any outstanding loan balance. Loan transactions are treated as segregated investments of the individual participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions. Interest rates were 5.50% to 7.50%.

Termination or Modification of the Plan

The Company has the right to terminate the Plan at any time by delivering to the Trustee and Administrator written notice. The sponsor may amend any or all provisions of this Plan without obtaining the approval or consent of the Employer providing the amendment does not permit any part of the corpus or income of the Plan to be used for any purpose other than for the benefit of the participants and their beneficiaries.

Administrative Expenses

The employer is authorized to reimburse the Plan for all expenses and fees incurred in the administration of the Plan and paid out of the assets of the fund. During 2019 and 2018, the Plan expenses were $24,244 and $15,889, respectively.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Payment of Benefits

Upon termination of service for any reason a participant is entitled to the vested value of their accounts. If the vested is value is below $5,000 the participant may receive either a lump sum or have the funds transferred to an IRA or other plan. If the vested value is more than the $5,000 the participant in addition to the options above may also defer benefits to Normal Retirement Age or age 65.

Date of Management Evaluation

Management has evaluated subsequent events for recognition and disclosure through October 1, 2020, the date on which the financial statements were available to be issued.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting and present the net assets available for Plan benefits at December 31, 2019 and December 31, 2018 and changes in net assets available for Plan benefits for the years ended December 31, 2019 and 2018.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loan receivables are valued at cost which approximate current value. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. For the years ended December 31, 2019 and 2018 the Plan reported distributions of $268,204 and $183,300, respectively, of which $4,642 and $3,153, respectively, were deemed distributions.

For the year ended December 31, 2018 the Plan reported refunds of $258.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES(Cont.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance will be reduced, and the delinquent participant note receivable is recorded as a benefit payment (deemed distribution) based on the terms in the Plan document. Deemed distributions of $4,642 and $3,153, respectively, were reported for the Plan years ending December 31, 2019 and 2018.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - INCOME TAX STATUS

The Internal Revenue Service has determined the Plan and informed the Plan's Prototype sponsor by an opinion letter dated March 31, 2014 that the Volume Submitter Prototype Non-standardized Profit Sharing Plan with CODA sponsored by Principal Life Insurance, which has been adopted by the Plan is acceptable pursuant to Section 401 of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the trustees of the Plan consisting of one or more persons appointed by the Board of Directors of the Company. At December 31, 2019 and December 31, 2018, the assets of the Plan were administered under a Custodian agreement with Principal Financial Group, (the "Custodian"). The custodian agreement requires that the Custodian holds, administers and distributes the funds of the Plan in accordance with the text of the Plan and instructions of the trustees.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts & Common/Collective Trusts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Notes Receivable from Participants: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The following tables set forth a summary of the Plan's investments with a reported NAV:

2019 Investment category	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 64,258	0	daily	1 day
Common/Collective Trusts	1,743,800	0	daily	1 day

2018 Investment category	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 77,318	0	daily	1 day
Common/Collective Trusts	1,066,789	0	daily	1 day

NOTE 6 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (STABLE VALUE FUND)

The Plan invests in the Principal Stable Value Fund (the Fund). The Fund is a fully benefit-responsive investment contract with the Principal Life Insurance Company (the Contract). The Contract is presented on the face of the statement of net assets available for benefits at contract value which approximated fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE 6 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (STABLE VALUE FUND) (Continued)

The Contract does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the Contract and settle for an amount different from contract value. The Contract provides payment options of the contract value for surrendering the Contract; however, the Company does not intend to surrender the Contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions, and may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 7 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2019	2018
Investments, at fair value:		
Pooled Separate Accounts	$ 64,258	$ 77,318
Common/Collective Trusts	1,743,800	1,066,789
Investments, at contract value:		
Common/Collective Trusts	387	3,402
Total Investments	1,808,445	1,147,509
Notes receivable from Participants	43,631	31,195
Investment gain (loss)	285,852	(107,192)
Interest income - notes receivable from participants	2,733	1,872

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PARTY IN INTEREST TRANSACTIONS

The Plan's custodians, Principal Life Insurance, and Protec Building Services are parties in interest in accordance with the definition provided by ERISA. During the years ended December 31, 2019 and 2018, fees totaling $24,244 and $15,889, respectively, were paid by the Plan to Principal Life Insurance. In addition, certain Plan investments are shares of pooled separate accounts and common/collective trusts managed by Principal Life Insurance.
