INDEPENDENT AUDITORS' REPORT

October 15, 2020

Trustees
Tireman/World Tire 401(k) Plan
Toledo, Ohio

We have audited the accompanying financial statements of *Tireman/World Tire 401(k) Plan* (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility for the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the 2019 financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2019 financial statements.

Independent Auditors' Responsibility for the 2018 Financial Statements

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Capital Bank and Trust Company ("Capital Bank"), the custodian of the Plan, except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the Plan Administrator that Capital Bank held the Plan's investment assets and notes receivable from participants, and executed the related transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2018 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Opinion on the 2019 Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of *Tireman/World Tire. 401(k) Plan* as of December 31, 2019, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Schedule

Our audit was conducted for the purpose of forming an opinion on the 2019 financial statements as a whole. The December 31, 2019 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information, which is the responsibility of the Plan's management, was derived from and relates directly to the underlying accounting and other records used to prepare the 2019 financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the 2019 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedule is fairly stated in all material respects in relation to the 2019 financial statements taken as a whole.

Report on Form and Content of the 2018 Financial Statements in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Tireman/World Tire 401(k) Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan, which covers all employees of *Tireman Auto Service Centers, LLC* and *World Tire Corporation* (collectively, the “Company”) who have completed one year of service, as defined in the Plan agreement, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Risks and Economic Uncertainties

The Plan invests in a money market fund and various mutual funds. Mutual funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan’s mutual funds, it is at least reasonably possible that changes in the fair values of mutual funds will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets. During this time, because of the uncertainty in financial and other markets associated with the pandemic, it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants’ account balances, and the investment amounts reported in the Plan’s statements of net assets available for benefits and changes in net assets available for benefits.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

Contributions

Each year participants may contribute up to 100% of annual compensation on a pretax basis, Roth 401(k) contributions, or a combination thereof, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. The Company matches a portion of a participant's compensation deferral at the discretion of the Board of Directors. For 2019 and 2018, the Company made matching contributions of 50% of employee compensation deferrals up to 6% of compensation, for a maximum matching contribution of 3% of employee compensation. The Company, at its discretion, may make an additional profit sharing contribution to the Plan. The contribution is allocated to eligible participants' accounts based upon a formula which multiplies eligible compensation by a percentage, to determine each participant's allocation. No such profit sharing contributions were made in 2019 or 2018. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers a money market fund and mutual funds as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions (when made), earnings based on the performance of the investment options elected by the participant, an allocation of the Company's profit sharing contributions (when made), and charged with an allocation of administrative expenses. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. A participant vests 20% per year of credited service, becoming 100% vested after five years of credited service or upon retirement, permanent disability, or death.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The \$50,000 maximum note amount is reduced by the highest outstanding note balance during the previous 12-month period. Participants may not have more than one note outstanding at any time, and the loan term may not exceed five years unless the proceeds are used for the purchase of a principal residence, in which case the term is ten years. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates, fixed at the inception of each loan. Principal and interest is collected ratably through payroll deductions.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. If the participant's account balance is \$1,000 or less, payment may be made in a lump-sum without the participant's consent. If the participant's account balance is greater than \$1,000 but less than \$5,000, payment will be made as a direct rollover to an investment product at the custodian designed to preserve principal and provide a reasonable rate of return. Participants are required to begin receiving payments from the Plan no later than the April 1 following the date they attain age 70½ or, if later, the April 1 following the date they retire.

The Plan permits in-service withdrawals of vested balances in Company matching and profit sharing accounts by participants who have reached 55 years of age with 5 years of service. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce Plan administrative expenses, with any remaining amounts being used to reduce future employer contributions. Forfeiture assets of \$2,500 in 2019 and \$7,494 in 2018 were used to reduce Plan expenses. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$1,199 and \$609, respectively.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan agreement. Certain administrative expenses, including salaries related to Plan administration and audit and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid by the Company are excluded from these financial statements. Fees for custodial, third party administrative and record keeping services are paid by the Plan. Participant accounts are charged directly for loan fees and fees related to certain distribution types.

Plan Trustees

Brad Cox and Randy Jones, officers of the Company, are the trustees of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of mutual funds includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of mutual funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Notes to Financial Statements

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2019, the most recent statement of net assets available for benefits presented herein, through October 15, 2020, the date these financial statements were available to be issued. No such significant events or transactions were identified other than risks and economic uncertainties disclosed above and in the matter described in Note 7.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, as custodian of the Plan through July 8, 2019, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statement of net assets available for benefits as of December 31, 2018, and (2) the related investment activity reflected in the statement of changes in net assets available for benefits for the period from January 1, 2019 to July 8, 2019, and for the year ended December 31, 2018. Capital Bank has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the year ended December 31, 2018, and for the period from January 1, 2019 through July 8, 2019.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each of the Plan's assets or liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TIREMAN/WORLD TIRE 401(k) PLAN

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund: Shares held in the money market fund are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the NAV of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2019	Level 1	Level 2	Level 3	Total
Money market fund	\$ 75,739	\$ -	\$ -	\$ 75,739
Mutual funds	11,757,731	-	-	11,757,731
Total investments at fair value	\$ 11,833,470	\$ -	\$ -	\$ 11,833,470

2018	Level 1	Level 2	Level 3	Total
Money market fund	\$ 81,663	\$ -	\$ -	\$ 81,663
Mutual funds	9,640,378	-	-	9,640,378
Total investments at fair value	\$ 9,722,041	\$ -	\$ -	\$ 9,722,041

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2019 and 2018.

Notes to Financial Statements

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by T. Rowe Price. T. Rowe Price is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Certain Plan investments were managed by American Funds, an affiliate of Capital Bank, from January 1, 2018 to July 8, 2019. Capital Bank was the custodian of the Plan during this time period and, therefore, these transactions qualify as party-in-interest. Pension Innovations & Consulting provides third party administrative services to the Plan. Fees paid by the Plan for custodial, third party administrative and record keeping services amounted to \$21,253 in 2019 and \$18,469 in 2018. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of mutual funds.

5. TAX STATUS

The Company's Board of Directors adopted the Pension Innovations & Consulting, LLC Prototype Non-Standardized Cash or Deferred Profit Sharing plan agreement. The prototype plan agreement has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype plan agreement is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has considered the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would revert to the Company.

7. SUBSEQUENT EVENTS

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Effective April 7, 2020, the Plan adopted the distribution provision of the CARES Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
