Independent Auditors' Report

To the Plan Administrator of
The Employee 401(k) Retirement Plan-Keystone Consolidated Industries, Inc.:

We were engaged to audit the accompanying financial statements of The Employee 401(k) Retirement Plan-Keystone Consolidated Industries, Inc. ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan and significant accounting policies:

General. The following description of The Employee 401(k) Retirement Plan-Keystone Consolidated Industries, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan for employees of Keystone Consolidated Industries, Inc. and its subsidiaries including Engineered Wire Products, Inc., Keystone Bar Products, Inc. and Strand-Tech Manufacturing, Inc. ("Keystone" or the "Employer"). Employees are eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Keystone was a wholly-owned subsidiary of Contran Corporation ("Contran") until December 31, 2018 when Contran sold all of the outstanding stock of Keystone to Liberty Steel Holdings, USA ("LSH"). LSH is a GFG Alliance Company and is 100% beneficially owned by Mr. Sanjeev Gupta through intermediary holdings companies. Consequently, Mr. Gupta may be deemed to control Keystone and the Plan. As a result of the ownership change, Keystone employees ceased participating in the Contran 401(k) plan effective December 31, 2018 and the Plan was established and became effective January 1, 2019. Effective May 14, 2019, Keystone participants were transferred out of the Contran 401(k) plan and into the Plan and, as a result, investments and other assets were transferred from the predecessor trustee to the Plan.

Participant and Employer Contributions. The Plan permits participants to defer 1% to 100% (certain highly-compensated employees' maximum deferral percentage may be limited) of their annual compensation, as defined by the Plan, as contributions, not to exceed a combined pre-tax and Roth 401(k) deferral of \$19,000 in 2019 (subject to adjustment in future years), through payroll deductions. Participants who will be at least age 50 by the end of the Plan year may elect to make "catch-up" contributions, not to exceed an additional combined pre-tax and Roth 401(k) deferral of \$6,000 in 2019 (subject to adjustments in future years) through payroll deductions.

New employees who have not otherwise elected to participate in the Plan are automatically enrolled in the Plan at their first eligible date (unless they have elected to not participate in the Plan), with a default deferral rate established by the Employer of 3%, and deferrals are invested in the Plan's qualified default investment alternatives (unless otherwise elected by the participant). The Employer in its adoption agreement elected to automatically increase certain employees' default deferral rates by 1% each year until the maximum deferral rate elected by the Employer is reached (10%). Only those employees who were automatically enrolled in the Plan, have been automatically enrolled for a period of at least twelve months and who have not made a deferral election change since that time, including an election not to defer, will have their default deferral rate automatically increased by their Employer.

The Employer may contribute to the Plan based on its discretion. The Employer's contribution is reduced, as provided by the Plan, by nonvested amounts forfeited by its participants who withdraw from the Plan. At December 31, 2019, unallocated forfeited nonvested accounts were approximately \$13,169. Forfeitures of approximately \$13,397 were used to reduce employer contributions for the year ended December 31, 2019. Pursuant to the Internal Revenue Code, total participant contributions (pre-tax and after-tax but excluding catch-up contributions) and employer contributions are limited to an aggregate of \$56,000 per participant from all employer defined contribution plans in 2019.

Vesting and Benefits. Participants immediately vest in their voluntary contributions to the Plan plus allocated earnings thereon and vest in the remainder of their accounts at a rate of 20% per year of service, as defined by the Employer.

Upon termination of employment, retirement, or death, a participant (or beneficiary, if applicable) may elect to receive a distribution in the form of (i) a lump sum amount not to exceed the vested value of the participant's accounts; (ii) installments over a period of time not exceeding the greater of the life expectancy of the participant or the joint and last survivor expectancy of the participant and designated beneficiary, or (iii) a combination of (i) and (ii). Without the consent of a participant, the Plan shall make a lump sum distribution of a participant's account balance if the vested portion of the participant's account (excluding any rollover account balances) is not greater than \$5,000, and in the event of such a mandatory distribution greater

than \$1,000 (including any rollover account balances), the Plan will automatically rollover a participant's account balance to an individual retirement account designated by the Plan if the participant does not make an election to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or receive a cash distribution directly.

Participants' accounts. The Plan provides participants with options to invest in publicly-traded mutual or collective trust. Participants can direct the Plan administrator to invest, in 1% increments, their account balances in any of the Plan's investment fund options. Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

In addition to the Plan's investment fund options, a "Loan Fund" is maintained to account for notes receivable from participants, as permitted by the Plan. These notes, which are secured by the balance in the participants' accounts bear interest at 4.25% to 12.01%, and mature through 2032.

Investment valuation. Mutual funds and collective trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan presents the net change in fair value of mutual funds and common collective trusts, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Plan termination. The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants would become fully vested.

Basis of accounting. The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. Valuation of investments is more fully described in Note 2.

Expenses of administering the Plan. To the extent not paid by the Employer, administrative expenses are paid by the Plan.

Management estimates. The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may, in some instances, differ from previously estimated amounts.

Risks and uncertainties. The Plan provides for various investment options in a variety of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statements of net assets available for benefits.

Tax status. The Plan obtained a favorable determination letter dated March 31, 2014 from the Internal Revenue Service. The Plan had no significant uncertain tax positions for the year ending December 31, 2019. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

Income recognition. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of benefits. Benefits are recorded when paid.

Cash and cash equivalents. Cash equivalents consist principally of bank time deposits with original maturities of three months or less.

Notes receivable from participants. Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2 - Investments:

The assets of the Plan were held and the related investment transactions were executed by Massachusetts Mutual Life Insurance Company (the "Trustee") as trustee of the Plan in 2019. The Plan's mutual funds are stated at fair value based on quoted market prices. The Plan's interest in the collective trust is based on the fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Net appreciation for the year is reflected in the Plan's statement of changes in net assets available for benefits. The net appreciation consists of realized gains or losses and unrealized appreciation or depreciation on investments.

Note 3 - Information certified by the Trustee (unaudited):

Note 4 – Fair Value Measurements

Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, establishes a consistent framework for measuring fair value and beginning on January 1, 2008 this framework is generally applied to all financial statement items required to be measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective trusts: The Plan holds investments in collective trusts which are managed by the Trustee and which invest in assets, including fixed income investments, bonds and real estate. The fair value of the units of these investments is valued at NAV per unit, as determined by the Trustee. The NAV is used as the practical expedient to estimate fair value.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
December 31, 2019:				
Mutual funds	\$ 32,736,602	\$ -	\$ -	\$ 32,736,602
Common Collective Trusts*	-	-	-	14,271,229
	<u>\$ 32,736,602</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 47,007,831</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with the Trustee. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by the Trustee. The guaranteed account issuer is contractually obligated to repay the principal at the specified interest rate that is guaranteed to the Plan.

Because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

Note 6 – Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and collective trusts managed by the Trustee, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 7 – Subsequent Events

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. The COVID-19 pandemic has resulted in a rapid contraction in vast areas of the global economy. Due to the pandemic, the Plan experienced losses on certain investments in its investment portfolio, none of which were determined to be other than temporary. Given the uncertainty of the spread of COVID-19, the related financial impact to the Plan, if any, cannot be determined at this time.
