The following description of Hearthside Food Solutions Union 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering only eligible union employees who are covered by certain collective bargaining agreements with Hearthside Food Solutions, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2016.

Eligibility: Employees are eligible to participate in the Plan upon completion of twelve months of service. There is no age requirement to participate in the Plan.

Contributions: Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) non-elective contributions made by the Company, and (iii) participant rollovers from another plan. Each year, participants may contribute up to 100% of their pre-tax annual compensation, subject to certain Internal Revenue Code (IRC) limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis.

The Plan provides for non-elective Company contributions equal to \$0.25 for each paid hour of service a participant completes.

Participants may direct the investment of all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant accounts: Each participant's account is credited with the participant's contributions and non-elective Company contributions as well as allocations of Plan earnings or losses. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their contributions and the non-elective Company contributions plus actual earnings thereon, however, participants must be employed on the last day of the year to receive the non-elective contribution.

Forfeited accounts: The Company applies all forfeitures to reduce non-elective and plan expenses. As of December 31, 2019 and 2018, forfeited non-vested accounts totaled \$78 and \$7,447, respectively. During the year ended December 31, 2019, \$7,545 in forfeitures were used to reduce non-elective and plan expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participants' account. Interest rates are based on the prime rates plus 2% on the first day of the month the loan originated. Interest rates range from 3.25% to 7.50%. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or longer for loans used for purchase of primary residence.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon termination of service due to death, disability, retirement, separation from service or attainment of age 59 1/2 a participant may elect to receive the value of their vested interest in his or her account as a lump-sum amount, or may elect to receive their benefits in the form of installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefit payments are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2019 and 2018.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan and are included as administrative expenses in the statement of changes in net assets available for benefits. Any expenses paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are reflected as a reduction of return for such investments and are not separately reported.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to Great-West Trust Company, LLC to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. For the year ended December 31, 2019, \$39,102 was used to offset Plan expenses. The Plan held no undistributed administrative revenues at December 31, 2019 and 2018.

Use of estimates: The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Reclassification: Certain amounts in the financial statements for the year ended December 31, 2018 have been reclassified to conform to the presentation as of and for the year ended December 31, 2019 with no effect on previously reported net assets or changes in net assets.

Pending standard: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Note 3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies (mutual funds): Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The stable value fund is a common collective trust fund comprised primarily of fully benefit responsive investment contracts that are valued at the net asset value of units of the collective trust. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	\$ 8,727,995	\$ -	\$ -	\$ 8,727,995

Investments measured at net asset value (a)				62,509

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 3. Fair Value Measurements (Continued)

The following tables summarize the Plan's investments reported at net asset value (NAV) per share (or its equivalent) as a practical expedient at December 31, 2019 and 2018:

	Assets at Fair Value				
	December 31, 2019 Fair Value	December 31, 2018 Fair Value	Unfunded Commitment	Redemption Frequency	Notice Period
Goldman Sachs Stable Value Collective Trust	\$ 160,453	\$ 62,509	N/A	N/A	12 months

For the year ended December 31, 2019, there were no transfers between levels.

Note 4. Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West Trust Company, LLC, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

	2019	2018
Shares of registered investment companies (mutual funds)	\$ 8,727,995	\$ 7,339,494
Common/collective trust fund	160,453	62,509
Notes receivable from participants	500,819	492,127

Great-West Trust Company, LLC, the trustee of the Plan, also certified to the accuracy and completeness of \$588,004 of net appreciation in fair value of investments, \$960,053 of interest and dividends, and \$31,671 of interest income on notes receivable from participants for the year ended December 31, 2019.

Note 5. Federal Income Tax Status

The Plan uses a prototype plan document from Great-West Trust Company, LLC, which received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, stating that the prototype plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the aforementioned opinion letters, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Plan Transfers

As permitted by the Plan, participant accounts may be transferred from or to the Plan from the Hearthside Food Solutions 401(k) Plan (an affiliated non-union plan sponsored by the Company) based on changes in job status. The net balance of these transfers, if any, is included in net transfers out to other qualified plans on the statement of changes in net assets available for plan benefits.

Note 8. Exempt Party-in-Interest Transactions

Fees paid by the Plan for investment management services provided by Great-West Trust Company, LLC were included as a reduction of the return earned on investments, and administrative revenue received by the Plan through the Plan's revenue-sharing agreement by Great-West Trust Company, LLC was used to offset the Plan's administrative expenses. These transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Note 9. Reconciliation Between Financial Statements and the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	\$ 9,691,770	\$ 8,186,922
Differences in:		
Investments	500,819	492,127
Receivables - notes receivable from participants	(500,819)	(492,127)
Net assets available for benefits per the Form 5500	<u>\$ 9,691,770</u>	<u>\$ 8,186,922</u>

Note 10. Subsequent Events

Subsequent events: The financial statements and related disclosures include evaluation of events up through and including October 15, 2020, which is the date the financial statements were available to be issued.

Subsequent to the date of the financial statements, an outbreak of a novel strain of coronavirus (COVID-19) has disrupted supply chains and affected production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on certain developments, including the duration and spread of the outbreak. Impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

Note 10. Subsequent Events (Continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70½ can be omitted for 2020.
