Note 1. Description of Plan

The following description of American Bank Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution employee savings plan that covers all employees of American Bank, N.A. (the Bank or Plan Sponsor), other than those working in a classification of employees covered by a collective bargaining agreement and nonresident aliens, who are age 18 or older. The Directors' Audit and Compliance Committee (the 401(k) Committee) is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees are automatically enrolled upon meeting the eligibility requirements with a deferral percentage of 2% of their pretax annual compensation, as defined in the Plan document, unless the employee makes a different request. Participants may elect to contribute up to the dollar limit which is set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan provides for discretionary employer matching contributions and discretionary employer profit sharing contributions at the option of the Bank's Board of Directors. Contributions are subject to certain limitations. In order to be eligible for employer contributions, a participant must be employed at the end of the Plan year or have worked over 500 hours during the Plan year. For the years ended December 31, 2019 and 2018, participants received discretionary employer matching contributions of 100% up to 6% of employee compensation contributed, and there were no discretionary employer profit sharing contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Participants direct the investment of their contributions into various investment options offered by the Plan. Such investment allocations may be changed at any time during the year. Investment options offered include separately managed accounts, which are model portfolios of various investments that fit each model's targeted investment criteria. The underlying investments are selected and monitored by InterServ, LLC, a subsidiary of Newport Group, Inc., which is a party in interest to the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and the Bank's matching contribution, as well as allocations of any profit-sharing contribution or Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Bank's contribution portion of their accounts is based on years of continuous service. Bank contributions have a five-year graded vesting period as follows:

Completed Years of Service	Vested Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of benefits: Upon death, permanent disability, retirement or other termination of employment, participants are entitled to receive the vested balance of their account. Vested benefits are distributed in the form of a lump sum amount or installment payments or rolled over into another account as a lump sum. The Plan allows in-service distributions without a minimum service period after the age of 59½. The Plan also allows hardship distributions subject to certain restrictions.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce employer contributions or pay the expenses of the Plan. Employer contributions were reduced by $64,105 from forfeited nonvested accounts for the year ended December 31, 2019. Forfeited nonvested accounts totaled $32,367 and $36,014 as of December 31, 2019 and 2018, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable must be repaid within five years unless for the purchase of a primary residence, in which case the notes receivable must be repaid within 30 years. The notes are secured by the balance in the participants' accounts and bear interest, as determined by the Plan Administrator. Notes outstanding at December 31, 2019, had interest rates ranging from 4.25% to 6.50% and mature through 2049. Principal and interest are paid through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Contributions: Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided by the Plan document. Certain expenses that are paid by the Bank are excluded from these financial statements. Loan administration fees are paid by the participant electing the loan and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU No. 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan adopted this update for the removal, modification or addition of any applicable fair value measurement disclosures presented in the financial statements.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments have occurred since December 31, 2019, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

Note 3. Information Certified and Provided by Newport Trust Company

The following is a summary of the Plan's asset information as of December 31, 2019, and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished by the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2019	2018
Investments at fair value:		
Mutual funds	$ 44,163,383	$ 39,496,009
Interest-bearing cash account	-	129,472
	$ 44,163,383	$ 39,625,481
Notes receivable from participants	$ 706,053	$ 709,613

Newport Trust Company also certified to the completeness and accuracy of $6,477,589 of net appreciation in fair value of investments, $1,333,721 of interest and dividends related to the aforementioned investments and $35,791 of interest income related to notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC), Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices for the asset or liability that are observable;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash account: The interest bearing cash account is valued at cost plus accumulated interest earned at a market rate.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 44,163,383	$ -	$ -	$ 44,163,383
Total investments at fair value	$ 44,163,383	$ -	$ -	$ 44,163,383

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 39,496,009	$ -	$ -	$ 39,496,009
Interest-bearing cash account	129,472	-	-	129,472
Total investments at fair value	$ 39,625,481	$ -	$ -	$ 39,625,481

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Party-in-Interest Transactions

The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2019. Fees paid by the Plan to the trustee totaled $122,570 for the year ended December 31, 2019.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

Note 7. Tax Status

The Plan adopted a standardized form of a volume submitter plan. The volume submitter plan has received a determination letter dated March 31, 2014, from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan itself has not received a determination letter from the IRS; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Subsequent Event

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Plan Sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.
