QUETICO, LLC PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2019

NOTE 1: DESCRIPTION OF PLAN

Quetico, LLC Profit Sharing Plan (the "Plan") is a defined contribution plan sponsored by Quetico, LLC (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older, who have completed one year of service and who have worked at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by a committee that is appointed by management of the Company.

Contributions:

Participants may not elect to make deferral contributions. Participants may contribute amounts representing distributions from other qualified plans. A discretionary contribution may be made to the Plan by the Company, the amount of which is determined by the Company's managing members. For the year ended December 31, 2019, the Company accrued a discretionary contribution in the amount of $195,492. Participants entitled to receive an allocation of the discretionary contributions are those plan participants who were employed by the Company on the last day of the Plan year, have completed one year of service, and have worked at least 1,000 hours. Contributions are based on certain percentages of eligible compensation, subject to statutory limits. The contribution amounts are invested in a portfolio of investments as directed by the Company.

Participant accounts:

Each participant's account is credited with an allocation of the Company's discretionary contributions, if any, and Plan net earnings or losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Vesting in the Company's contributions plus actual earnings thereon is based on length of employee service. A participant is 100 percent vested after six years of credited service or after attaining the age of 65, whichever occurs first. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of benefits:

On termination of service due to retirement, death, disability, or other reasons, a participant may elect to receive a lump-sum distribution, transfer the vested balance to a qualified plan, or leave the vested balance in the Plan. The Plan provides in-service distributions for participants after attaining service or age requirements as defined in the Plan agreement.

Forfeited accounts:

As of December 31, 2019 and 2018, forfeited non-vested accounts amounted to $15,219 and $22,925, respectively, and may be used to pay administrative expenses of the Plan and then reduce future employer discretionary contributions. Forfeited non-vested accounts of terminated employees are held for the participant's rehire or five years, whichever is sooner. If the former employee is not rehired within five years, then the non-vested portion of their account balance plus earnings attributable to this portion are forfeited. Forfeitures amounting to $15,219, will be subsequently utilized to pay the expenses of the Plan for the year ended December 31, 2020.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments, as certified by John Hancock Life Insurance Company (U.S.A.), (the "Custodian"), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2019

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition (continued):

Purchases and sales of securities are recorded as reported by the Custodian. Net realized and unrealized appreciation includes the Plan's gains and losses on investments purchased and sold, as well as, held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan assets are held by the Custodian pursuant to the Trust Agreement which provides that all funds received by the Custodian shall be held, administered, invested, and distributed by the Custodian, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

	2019	2018
Cash	$ 15,219	$ 22,925
Investments, at fair value, in pooled separate accounts	$ 4,804,806	
Net realized and unrealized appreciation in fair value of investments	$ 813,704	

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts ("PSA's") are privately managed through investment companies and are not publicly quoted. PSA's are valued at net asset value ("NAV") which is based on the value of the underlying assets owned by the PSA minus any liabilities, and then divided by the number of shares outstanding. The Plan has concluded that the NAV's reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

There have been no changes in the methodologies used at December 31, 2019 and 2018.

The Plan's investments at fair value at December 31, 2019 and 2018, were comprised of only PSA's, which are measured at NAV as a practical expedient under accounting principles generally accepted in the United States of America. PSA's are not required to be categorized in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2019

NOTE 5: PARTY IN INTEREST TRANSACTIONS

The Plan has invested in participation units held in pooled separate accounts through sub-accounts of John Hancock in the amount of $4,804,806 and $3,728,690 as of December 31, 2019 and 2018, respectively. John Hancock provides services to the Plan as the custodian and record keeper; therefore, these investments and transactions qualify as party-in-interest transactions. At December 31, 2019 and 2018, the Plan also had a non-interest-bearing cash account with John Hancock with a balance of $15,219 and $22,925, respectively.

Fees charged by the Custodian and the third party administrator of the plan for administrative expenses amounted to $38,551 for the year ended December 31, 2019.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 7: TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan prepared by the Custodian. This prototype plan has obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2019 and 2018. The Plan is subject to routine audits by the IRS and/or Department of Labor. There are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2019

NOTE 8: RISK AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts sponsored by an insurance company. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 9: SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. Market disruptions associated with COVID-19 pandemic have had a global impact, an uncertainty exists as to the long-term implications. Such disruptions can adversely affect the Plan's investments. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements. The Company is continuing to monitor this development and evaluate its impact on the Plan's assets.

The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued. Except as disclosed, there were no other subsequent events noted that would require adjustment to or disclosure in these financial statements.
