1. Description of Plan

The following description of the Loloi Inc. Retirement Plan (the "Plan") provides only general information. Loloi Rugs Inc. is the Plan Sponsor (the "Plan Sponsor"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2019, by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA). The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor who have elected to participate.

The Plan's trustee is Ameritas Life Insurance Corporation ("Ameritas").

Eligibility

Employees are eligible to participate in the Plan following the completion of six months of service, as defined in the Plan Document, and are age 21 or older.

Contributions

Participants may make pre-tax and/or Roth 401(k) contributions up to a maximum of 100% of eligible compensation, not to exceed the dollar limit set by law of $19,000 for 2019. Participants age 50 or older may elect to defer up to an additional $6,000 of "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified plans described in Code section 401(a) or 403(a), excluding after-tax employee contributions.

The Plan qualifies as a safe harbor plan as described in the Internal Revenue Code (the "Code"). The safe harbor contribution matches employee contributions that do not exceed 3% of compensation for the Plan year plus another 50% of elective deferrals that exceed 3% of compensation for the Plan year, but do not exceed 5% of compensation. The Plan Sponsor made matching contributions of $93,123 to the Plan for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with participant contributions, the Plan Sponsor's contributions, Plan investment earnings and losses, and an allocation of administrative expenses, if applicable. Participants may choose to have their account balance deposited in various investment programs. Allocation of Plan investment earnings is based on the participant's account balance, as defined.

Participant Notes Receivable

Participant loans are not permitted by the Plan.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Participants are also immediately vested in the Plan Sponsor safe harbor contributions.

1. Description of Plan (Continued)

Each participant attains a vested and nonforfeitable right in the Plan Sponsor's nonelective profit sharing contributions according to the following schedule:

Years of Service	Percentage Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Payments of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or in installment payments over a period of time. The period over which benefits are paid is not to exceed either the life expectancy of the participant or the joint life expectancies of the participant and the participant's beneficiary. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Administrative Expenses

Plan administrative expenses are paid by either the Plan Sponsor or the Plan, as provided in the Plan agreement. Fees paid by the Plan for certain administrative fees amounted to $220 for the year ended December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from these estimates. The Plan Sponsor believes that the estimates utilized in preparing its financial statements are reasonable and prudent.

Investment Options

As of December 31, 2019, participants may self-direct employee and employer contributions into various investment options with differing risk and growth characteristics. The investment options include pooled separate accounts and guaranteed investment contract. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are recorded at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. The average cost basis is used to determine gains or losses on dispositions of securities. Interest income is accrued as earned and dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represent the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

Level 1 – quoted prices in active markets for identical assets or liabilities;

Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts – Pooled separate accounts are valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The following table below sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2019				
Pooled separate accounts, at NAV (a)	$ -	$ -	$ -	$ 315,802
Investments at fair value	$ -	$ -	$ -	$ 315,802

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31:

2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 315,802	N/A	Daily	N/A

4. Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract (FBRIC) with Ameritas Life Insurance Corporation ("Ameritas"). Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rate guarantees of the Ameritas Guaranteed Account are backed by assets held by the Ameritas general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees.

The average yield for the plan for the period January 1, 2019 to December 31, 2019 was 0.17%. The average yield is interest earned divided by the ending fair value of the contract. The weighted average interest crediting rate, as of December 31, 2019, was 1.50%.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Ameritas, generally represents principal plus accrued interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Transfers from the Guaranteed Investment Account may be subject to a liquidation charge if the amount of transfer exceeds the greater of $2,000 or 5% of the participant's Guaranteed Investment Account balance as of the beginning of the applicable calendar year quarter.

The following is the value of the Plan's assets in the Ameritas Guaranteed Account:

	Contract Value	Fair Value	Fair Value Adjustment
December 31, 2019	$ 13,808	$ 13,808	$ -

5. Party-in-Interest Transactions

The Plan holds units of pooled separate accounts managed by Ameritas, the trustee of the Plan. The Plan also offers a guaranteed investment contract issued by Ameritas. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

6. Information Certified by the Custodian

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the "Act"). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Custodian that the following information included in the Plan's financial statements is complete and accurate:

a. Investments as of December 31, 2019.
b. Custodian transactions, investment income and transactions for the year ended December 31, 2019.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2019:

	2019
Net assets available for benefits per the financial statements	$ 335,763
Employer contributions receivable difference	(2,614)
Participant contributions receivable difference	(3,539)
Net assets per Schedule H of Form 5500	$ 329,610

The following is a reconciliation of contributions by the participants and employer per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2019:

Total contributions per the financial statements	$ 322,731
Current year employer contributions receivable difference	(2,614)
Current year participant contributions receivable difference	(3,539)
Total contributions per Schedule H of Form 5500	$ 316,578

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Plan Termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Board of Directors subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

10. Tax Status

The Plan adopted a prototype plan document that has a favorable determination letter from the Internal Revenue Service dated September 30, 2014, that states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2016.

11. Subsequent Events

In December 2019, a novel strain of coronavirus (COVID-19) was reported to have surfaced in Wuhan, China. In March 2020, the World Health Organization designated COVID-19 a pandemic. COVID-19 is having a significant effect on overall economic conditions in nearly all regions around the world. The Plan's individual investments fluctuate in response to changing market conditions, therefore the impact of the COVID-19 pandemic on investment values in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted to provide emergency assistance and health care response for individuals, families, and businesses affected by the COVID-19 pandemic. The CARES Act allowed plan sponsors to adopt certain discretionary provisions and the Company adopted the provisions related to hardship withdrawals and participant loans. The full impact of the Cares Act on the plan continues to evolve as of the date of this report.

The Plan's management has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued. No other event has occurred subsequent to December 31, 2019 requiring recording or disclosure in these financial statements.
