## 1. Plan Description

The following description of the Storm Water Solutions 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 1977 covering all employees who complete one thousand hours of service in a plan year for the sponsoring employer and participating related companies, who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

The net assets available for Plan benefits are composed of the trust fund established by the Plan's trustee for the benefit of plan participants. The following companies are participants in the Plan: Storm Water Solutions LLC, Beyer Construction LLC, Corre Camino Services LLC, LID Solutions LLC and Camino Services LLC.

Contributions

Participants are allowed to contribute salary deferral contributions to the Plan pursuant to section 401(k) of the Internal Revenue Code. The Plan's sponsor and participating related companies (the Company) at the discretion of its Board of Directors, may make a discretionary matching contribution equal to a uniform percentage of each participant's compensation and/or make a discretionary profit sharing contribution. All employer matching contributions are self directed by the participants among various mutual funds and common/collective trusts offered by the Plan. Contributions are subject to certain limitations. For the years ended December 31, 2019 and 2018 the Company elected to make a matching contribution of 100% of the participant contributions up to 4% of the participant's compensation.

For 2019, participants could elect to make calendar year salary deferral contributions to the Plan of an amount not more than $25,000 (inclusive of catch-up contributions for those participants over forty-nine years of age of $6,000). These amounts are adjusted annually for the cost-of-living pursuant to Section 402(g)(1) of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participants' contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts as determined by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan and is referred to as a forfeiture. Forfeitures may be used for several purposes such as payment of Plan expenses. Any forfeitures not used by the Plan can be used to reduce the Company's contributions to the Plan. Forfeited non-vested accounts that have not been applied totaled $13,134 at December 31, 2018. These forfeited accounts were applied in 2019. There were no forfeited non-vested accounts at December 31, 2019.

Vesting

Participants' vesting is based on years of continuous service. A participant's profit sharing contribution account and employer matching contribution account is 100% vested after six years of credited service. A participant is always 100% vested in their salary deferral contribution and rollover account.

## 1. Plan Description - Continued

Investment Options
Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions into numerous investment options provided by John Hancock Life Insurance Company in 2019 and Charles Schwab Trust Bank after December 31, 2019. Participants may change their investments options daily.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of his or her vested accounts. Partial withdrawals or installments are only permitted for required minimum distributions under Code Section 401(a)(9). Effective January 1, 2005, to be eligible for pre-retirement distributions from the participant's salary deferral contribution account the participant must be at least 59 1/2 years of age. In order to be eligible for pre-retirement distributions of the employer's matching or profit sharing contributions, the participant must be 65 years of age and 100% vested in such contributions. Participants that have received or are receiving pre-retirement distributions are eligible to participate in the Plan on the same basis as any other employee.

Participant Loans
Participants may borrow from their fund accounts up to $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's accounts and bear interest at rates commensurate with Wall Street Prime rate plus 1% as determined by the Plan administrator. Principal and interest is paid through monthly payroll deductions (see Note 4).

## 2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United Stated of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Shares of registered investment companies contained in the contract with the insurance company are valued at quoted market-corroborated prices and based on the redemption value on the last day of the Plan year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Participant loans
Participant loans are stated at their unpaid principal balance plus accrued interest.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All administrative expenses of the Plan, except amounts paid for certain investments, advisory services and bank charges, are paid by the Company.

## 3. Participant-Directed Investments

Investment Contract and Information Prepared and Certified by Trustees

On August 18, 2017, the Plan entered into a service agreement with BOK Financial Asset Management, Inc., the third party administrator of the trustee, maintains the contributions in a general account for the Plan's salary deferral contribution accounts and employer matching contribution accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair market value. The value represents contributions made under the contract, plus earnings and net appreciation in the fair value of investments, less net depreciation in the fair value of investments, participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2019 and 2018 was $22,417 and $10,559,584, respectively. The average yield and crediting interest rates were approximately 14.82% and (3.81)% for the years ended December 31, 2019 and 2018, respectively.

The trustee/custodian invests the participant directed assets of the Plan in certain investment funds provided for in an investment contract with John Hancock Life Insurance Company (see Note 1) pursuant to the directions of the participants and in accordance with the Plan provisions. In December 2019 the trustee was changed to Charles Schwab Trust Bank.

We have been informed by the plan administrator that two trustees held the Plan's investment assets and executed investment transactions during the year ended December 31, 2019.. The plan administrator has obtained a certification from trustee John Hancock Life Insurance Company as of December 31, 2019 and 2018, and Charles Swab Trust Bank as of December 31, 2019 (that also held assets at December 31, 2019,) that the information provided to the plan administrator by the trustee (or custodian) is complete and accurate

Information about the investments and the significant components of the changes in net assets relating to the participant directed investments at December 31, 2019 and 2018 is as follows:

| | 2019 | 2018 |
|---|---|---|
| Investments, at fair value - (Certified by Trustee): | | |
| Cash - interest bearing | $ 22,417 | $ 13,134 |
| Registered investment companies mutual funds | | 10,546,450 |
| Total | $ 22,417 | $ 10,559,584 |

Changes in Net Assets for the year ended December 31, 2019:

| | |
|---|---|
| Contributions | $ 1,147,000 |
| Net investment appreciation | 1,890,672 |
| Interest income on notes receivable from participants | 14,848 |
| Benefits paid to participants | (1,470,157) |
| Administrative expenses | (83,877) |
| | $ 1,498,486 |

## 4. Participant Loans

Loans were made to the participants of the Plan pursuant to the loan policy of the Plan. As of December 31, 2019 and 2018 the participant directed portion of the Plan had outstanding a total of $282,934 and $290,081 in participant loans, respectively (see Note 1).

## 5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. FASB Accounting Codification Standard for Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure fair value of its investments. When available the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of cash in interest bearing accounts and registered investment companies - mutual funds in the amount of $22,417 and $10,559,584 at December 31, 2019 and 2018, respectively, is based on the unadjusted quoted prices in active markets.

Level 2 Fair Value Measurements

There are no Level 2 investments at December 31, 2019 and 2018.

Level 3 Fair Value Measurements

There are no Level 3 investments at December 31, 2019 and 2018.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, employees would receive benefits based on their account balances accumulated to the date of termination of the Plan, without any forfeiture.

## 7. Tax Status

The Plan obtained a determination letter on September 30, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan sponsor's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has found there to be no uncertain tax positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods open to examination. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

**8. Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will continue to occur in the near term and such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**9. Related Party and Party in Interest Transactions**

The Plan investments are shares of mutual funds managed by BOK and its agents. BOK is the custodial agent of the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for adminsitrative and trustee services amounted to $84,972 for the year ended December 31, 2019.

**10. Subsequent Events**

On December 31, 2019 the assets of the Plan were liquidated out of the John Hancock account and transferred to Charles Schwab. This amount ($12,024,402) is shown as a deposit in transit in the Statement of Net Assets Available for Benefits as of December 31, 2019. Charles Schwab received these funds after December 31, 2019. There were no other recognized or unrecognized subsequent events occurring after December 31, 2019 through October 12, 2020.
