Note 1 - Plan Description

The following description of Pilatus Business Aircraft, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and voluntary savings plan established on July 1, 1996 and subsequently amended on July 1, 2017, covering all eligible employees of Pilatus Business Aircraft, Ltd. (the "Company"). All employees who have attained the age of 19 and have completed at least three months of service are eligible to participate in the Plan. Participation is voluntary and effective the first day of the month following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Principal Life Insurance Company (Principal Life); Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust); and Principal Life Insurance Company, on behalf of Principal Global Investors Trust Company (Principal Global); function as custodians and investment managers. Investment management fees and custodian fees are paid by the Plan in accordance with the plan agreement.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the Internal Revenue Service (IRS). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Newly eligible employees who do not affirmatively elect to have a specific deferral percentage contributed or opt out of deferring into the Plan will automatically have 6 percent of their eligible compensation deferred into the Plan. The automatic elective deferral contribution shall be automatically increased as soon as administratively feasible on or after each March 1 by 1 percent up to a maximum automatic elective deferral contribution of 10 percent. The escalation is applicable for autoenrolled participants who have not made previous changes to their defaulted contribution rate of 6 percent. All participants can elect to opt out of the automatic escalation and can also elect a different rate of increase.

The Plan provides for employer matching contributions of 100 percent of the participant's contribution, not to exceed 6 percent of the employee's deferred compensation.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Participants may only have two loans outstanding at a time. The notes receivable are secured by the balance in the participant's account; bear interest at rates that range from 4.25 percent to 6.50 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator; mature at various dates through June 2024; and are secured by participants' vested account balances. Notes receivable have a maximum term of 5 years, unless such note is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 10 years from the date of loan origination. Principal and interest are paid ratably through monthly payroll deductions. Loans in the amount of $15,197 were deemed a distribution in the current year.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 25 percent after one year of service and another 25 percent per year thereafter until they become fully vested after four years of service.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited account balances totaled $0.

Related Party and Party-in-interest Transactions

Certain plan assets are in investment funds managed by Principal Life, Principal Trust, Principal Global, and their affiliates. Principal Life, Principal Trust, and Principal Global are the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan provides for participant notes receivable, which also qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Concentration of Investments

At December 31, 2019, three investments accounted for 46 percent of total investments at fair value. At December 31, 2018, no investments accounted for a significant component of total investments at fair value. During the year ended December 31, 2019, two investments accounted for 37 percent of investment income. A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 13, 2020, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a novel coronavirus, now known as COVID-19, a pandemic. In response, most U.S. states have implemented measures to combat the outbreak that have impacted U.S. business operations. As of the date of issuance of the financial statements, the Plan's financial condition has not been significantly impacted, but the Company continues to monitor the situation. While the Plan's financial condition could be impacted by the significant market volatility, the extent of the impact cannot be reasonably estimated at this time due to significant uncertainty surrounding the situation.

Note 2 - Summary of Significant Accounting Policies (Continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted in response to the COVID-19 pandemic. The CARES Act includes measures that ease some restrictions and conditions for retirement plan withdrawals and loans for individuals who are diagnosed, or whose spouse or dependent is diagnosed, with COVID-19 or for those who experience adverse financial consequences due to quarantine, job loss, business closures, reduced working hours, or other coronavirus-related factors. The following are provisions of the CARES Act:

- The maximum loan amount that a participant may borrow is increased from the lesser of $50,000 or 50 percent of the participant's vested account balance to the lesser of $100,000 or 100 percent of the participant's vested account balance for a coronavirus-related need. The increase applies to loans taken through September 22, 2020.
- For any new or existing loan, repayments due between March 27, 2020 and December 31, 2020 may be delayed for one year.
- The 10 percent IRS tax on pre-age 59½ early withdrawals is waived for coronavirus-related distributions of up to $100,000 through December 2020. These withdrawals are taxable as income, but the tax can be spread over three years, and the participant can elect to repay it within three years. Additionally, the 20 percent standard federal income tax withholding at the time of distribution is not required.

Note 3 - Unaudited Information

Principal Life, Principal Trust, and Principal Global hold the Plan's investments and execute all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Principal Life, Principal Trust, and Principal Life, on behalf of the Principal Global.

Note 4 - Investment Contracts

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting. When establishing interest crediting rates for this product, Principal considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019

There were no changes to the valuation techniques used during the period.

Note 6 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
