BUCKEYE HOME HEALTH CARE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

DESCRIPTION OF PLAN

The following brief description of the Buckeye Home Health Care 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Buckeye Home Health Care, LLC (the Company) and LTM Group, LLC, who have one year of service and are age 21 and over. Upon satisfaction of the eligibility requirements, employees may enter the Plan as soon as they are eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan allows for safe harbor contributions to the Plan from the Company. The safe harbor contributions are 100% of elective deferrals up to 3% of the employee's eligible compensation and 50% of elective deferrals for the next 2% of employee's eligible compensation. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Code (IRC).

The Company also has the option of making additional discretionary contributions to the Plan upon the approval of the Company's management. Contributions are subject to certain limitations. For the years ended December 31, 2019 and 2018, the Company did not make any discretionary contributions to the Plan.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's voluntary contribution, rollover contributions, any safe harbor matching, or discretionary contributions made by the Company, and earnings or losses on those contributions. Company contributions are allocated based on participants' compensation as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all employee contributions, plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service with 0% vested after 1 year of service and 20% vested for each additional year of service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their vested account balance, up to 50%, not less than \$1,000 and not to exceed \$50,000. Loans bear interest at prime rate at the time of issuance. Terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance or remain in the plan. For termination of service due to death, the participant's account becomes fully vested and the beneficiary will receive distribution equal to the participant's account.

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2019 and 2018

DESCRIPTION OF PLAN – Continued

Payment of Benefits – continued

All disbursements are paid in a lump-sum. If the participant's account balance is \$1,000 or less, the Plan administrator may elect to automatically distribute the balance to the participant in a single-sum payment.

In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships. However, only salary deferrals may be distributed to participants that qualify for hardship. Earnings on salary deferrals and contributions made by the Company may not be distributed to the participants that qualify for hardship.

Forfeited Accounts

Forfeitures represent the non-vested portion of employer contributions to accounts of former participants. There was no balance in the account at December 31, 2019 and 2018. Forfeitures are used to pay Plan expenses or to reduce Company contributions. During the year ended December 31, 2019, no forfeitures were used to offset administrative expenses or reduce Company contributions. During the year ended December 31, 2018, \$1,233, were used to offset administrative expenses and reduce Company contributions.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document.

Investment Options

Upon enrollment in the Plan, a participant may currently direct contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time.

Plan Termination

The Company reserves the right at any time to amend or terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, all participants will become fully vested in the employer portion of contributions.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan prepares its financial statements using the accrual basis of accounting. Following are the significant accounting policies followed by the Plan:

Investment Valuation and Income Recognition

Investments are recorded at fair value. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is reported using the average cost basis and is used when determining realized gains and losses upon disposition.

The pooled separate accounts and common collective trust are valued using the net asset value per share (NAV). The NAV is based on the fair value of the underlying investments held by the fund or trust less its liabilities. The NAV is available to the Plan daily and is the basis for current transactions. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations at the then current NAV will be carried out in an orderly business manner. The pooled separate accounts and common collective trust have a daily redemption frequency, a redemption notice period of one year and no unfunded commitments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BUCKEYE HOME HEALTH CARE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2019 and 2018

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan is exempt from income taxes as a profit sharing plan under Internal Revenue Service Code Section 401(k). Accordingly, no provision for income taxes has been presented in the accompanying financial statements.

The Plan complies with Accounting Standards Codification (ASC) 740-10 related to uncertain tax positions. The standard prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax positions taken by the Plan on its tax returns that they consider to be uncertain. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2016.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

New Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement – Disclosure Framework*. The updated guidance improves disclosure requirements on fair value measurements. The ASU is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

Other accounting standards that have been issued or proposed by the FASB or other standard-setting bodies are not expected to have a material impact on the Plan's significant accounting policies, net assets available for benefits, or changes in net assets available for benefits.

INCOME TAX STATUS

Effective January 1, 2014, the Company adopted a volume submitter defined contribution plan with cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The opinion stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended subsequent to receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination with regard to investments or information prepared and certified by Principal Life Insurance Company, the custodian. Principal Life Insurance Company has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at the end of the year as of and for the years ended December 31, 2019 and 2018.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by the Plan's custodian, as is customary in retirement plans. As a result, these transactions qualify as party-in-interest transactions. Additionally, the Plan uses Trinity Pension Consultants as the investment advisor and third-party administrator. These transactions also qualify as party-in-interest. Administrative expenses paid to these parties amounted to \$13,482 and \$10,892 during the years ended December 31, 2019 and 2018, respectively.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820, *Fair Value Measurements and Disclosures*, to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair value of certain assets and liabilities are determined based on the fair value hierarchy established in the standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

BUCKEYE HOME HEALTH CARE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2019 and 2018

FAIR VALUE MEASUREMENTS - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2019 and 2018.

In accordance with ASC 820-10, an investment measured at fair value using NAV as the practical expedient are not required to be classified in the fair value hierarchy. Therefore, the pooled separate accounts and common collective trust have been omitted from the fair value hierarchy table. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

In January 2016, FASB issued ASU 2016-01, *Financial Instruments - Overall Recognition and Measurement of Financial Assets and Financial Liabilities*. ASU 2016-01 amended ASC 825, *Financial Instruments*, and eliminates the requirement to disclose the fair value of financial instruments not recorded at fair value required under ASC 825. This ASU was effective for years beginning after December 15, 2018 and was adopted by the plan. The adoption of this ASU did not have an impact on the financial statements.

SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of some financial sectors and Plan investments. The duration and full impact of these financial effects cannot be reasonably estimated at this time.

In response to the spread of COVID-19, the Coronavirus Aid, Relief, and Economic Security Act (CARES) was signed into law. The CARES act aimed to reduce the negative economic impact of the coronavirus through the disbursement of \$2.1 trillion in aid and relief to multiple sectors of the economy. Included in these provisions were changes to limits and restrictions related to qualified participant distributions, loans, and contributions in 401(k) plans. The Plan is currently in the process of evaluating the effects for its December 31, 2020 plan year, including the potential amendment of current Plan provisions to be in compliance with the changes in law.

In April 2020, the Plan changed its custodian and recordkeeper from Principal Life Insurance Company to Paychex.

Subsequent events were evaluated through October 13, 2020, which is the date the financial statements were available to be issued.
