We were engaged to audit the accompanying financial statements of the Scientific Components 401(k) Plan III (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### *Basis for Disclaimer of Opinion*

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 5, which was certified by Reliance Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019 that the information provided to the Plan administrator by the trustee is complete and accurate.

### *Disclaimer of Opinion*

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### *Other Matter*

The supplemental schedule of assets (held at end of year) as of December 31, 2019, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

**1. Plan Information**

The Scientific Components 401(k) Plan III (the "Plan") is a defined contribution plan covering eligible employees of Scientific Components Corporation, and Mini-Circuits Missouri, Inc. (collectively, the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Reliance Trust Company. The recordkeeper of the Plan is FASCore, LLC (marketed under the brand name Empower Institutional ("Empower"), as agent for JP Morgan Chase Bank, N.A.

The following description provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**Eligibility -** Employees are eligible after completing one hour of service and having attained the age of twenty-one years.

**Contributions -** Participants may contribute 100% of pre-tax annual compensation, subject to statutory limitations under the Internal Revenue Code ("IRC"), as defined in the Plan. Additionally, participants may make catch-up contributions in amounts pursuant to the IRC. The Employer may elect to make a discretionary matching contribution on behalf of participants who are eligible, to be determined each year by the Employer. Participants may contribute amounts representing distributions from other qualified defined benefit and contribution plans.

**Forfeitures** – Forfeitures of terminated participants' nonvested accounts may be used to pay Plan expenses, reduce employer contributions, or allocated to participants. During the year ended December 31, 2019 forfeitures of $48,928 were allocated to participants, $0 were used to pay Plan expense, and $0 were used to reduce employer contributions. At December 31, 2019 and 2018, forfeited non-vested accounts total $4,493 and $48,928, respectively.

**Participant accounts -** Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and may be charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Vesting of participants' accounts -** Participants are immediately vested in their contributions plus actual earnings thereon. The provisions of the Plan provide for the normal vesting of the participants' portion of the Employer's matching contribution plus actual earnings thereon based on the following:

| Years of Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 - 6 | Annual increments of 20% until fully vested |

**Investment options -** Participants in the Plan direct the investment of their account.

**Payment of benefits -** On termination of service due to death, disability or retirement, a participant becomes 100% vested in their employer contribution account. For termination of service prior to retirement, participants with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving a written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 will receive the value of the vested interest in their account.

**Notes receivable from participants -** Participants may borrow from their accounts any amount up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. For the purpose of this limitation, all loans from all plans of the Employer are aggregated. Loan repayments must be made monthly, in level payments of principal and interest, and repaid within five years, except for loans made in connection with the purchase of a primary residence. All loans are required to bear a reasonable rate of interest and are secured by the balance of the participant's account. Interest rates on outstanding loan balances range from 4.75% to 6.50% at December 31, 2019 and from 4.7% to 6.25% at December 31, 2018. Principal and interest are paid ratably through payroll deductions. Related fees are recorded as administrative expenses and are expenses when they are incurred. There is no allowance for losses at December 31, 2019 and 2018.

**2. Summary of Significant Accounting Policies**

**Basis of accounting -** The Plan prepares its financial statements on the accrual basis of accounting.

**Investment valuation and income recognition -** Investments in all funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. All income earned on the Plan's mutual fund investments is included in the unit value and, accordingly, is recorded as net appreciation in fair value, which includes the Plan's gains and losses on the Plan's investments bought and sold as well as held during the year.

**Payment of benefits –** Benefits are recorded when paid.

**Estimates -** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

**Notes receivable from participants -** Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document, which for 2019 amounted to $0.

**Plan Expenses –** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

**3. Termination of the Plan**

The Plan is intended to be permanent, but may be terminated by the Board of Directors of the Employer. In the event that the Employer terminates the Plan, all participants' account balances at the time of the Plan's termination become fully vested.

**4. Fair Value Measurements**

Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

**Level 1 -** Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

**Level 2 -** Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable, either directly or indirectly, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3 -** Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

| | Investments at Fair Value at December 31, 2019 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 31,550,235 | $ - | $ - | $ 31,550,235 |
| Stable Value Fund (A) | - | - | - | 3,698,720 |
| Total investments, at fair value | $ 31,550,235 | $ - | $ - | $ 35,248,955 |

| | Investments at Fair Value at December 31, 2018 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 25,470,851 | $ - | $ - | $ 25,470,851 |
| Stable Value Fund (A) | - | - | - | 3,791,165 |
| Total investments, at fair value | $ 25,470,851 | $ - | $ - | $ 29,262,016 |

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

**5. Investments Certification**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company, the trustee of the Plan has certified to the completeness and accuracy of all investments and related investment activity, and notes receivable from participants and related activity, in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

**6. Tax Status**

The Internal Revenue Service has determined in its letter dated March 31, 2014 that the Plan as designed was in compliance with the applicable sections of the IRC. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, fulfills the criteria for exemption from federal and state income tax. The Plan was amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

**7. Related Party and Party-in-Interest Transactions**

Certain administrative functions are performed by the officers and employees of the Employer (who may also be participants in the plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the Internal Revenue Code and ERISA's rules on prohibited transactions.

Fees paid by the Plan to its investment advisors amount to $55,000 for the year ended December 31, 2019.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2019 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Employer as well, given that such public health epidemics, if sustained, could impact Employer employees' ability to return to work and Employer's supply chain and production capacity to provide timely supply to its customers. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Employer's products. Such impacts could adversely affect Employer profitability, cash flows, financial results, and the ability to make Plan contributions. At this point, the extent to which the coronavirus may impact the Employer's financial results is uncertain.

**9. Mutual Fund Fees**

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

**10. Subsequent Events**

The Coronavirus, Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020 and provided optional distribution and loan provisions as well as suspension of required minimum distributions (RMDs) for anyone required to receive an RMD in 2020.

The Plan Sponsor did not elect to implement any of the optional provisions.

The Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2020, the date the financial statements were available to be issued.
