1. DESCRIPTION OF THE PLAN

The following description of the Republic Electric West, Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – Republic Electric West, Inc. (the "Sponsor") established the Plan effective January 1, 2005. The Plan was restated effective January 1, 2017. The Plan is a defined contribution 401(k) plan covering, and for the benefit of, all employees of the Sponsor. The Sponsor is responsible for the administration and management of the Plan. All investments in the Plan are participant directed. Mid Atlantic Trust Company ("Mid Atlantic") serves as the trustee and PGR Solutions is the record keeper of the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Under the Plan, employees of the Sponsor who are aged twenty-one or older become eligible to participate in the Plan on the first day of the month following or coincident with one year of service (defined as 1,000 hours), provided they are eligible employees on that date. Employees who are covered by a collective bargaining unit, leased employees, and non-resident aliens are excluded from eligibility to participate in the Plan.

Contributions – Each pay period, participants may make salary deferral contributions in any percentage up to 100% of pretax annual compensation, as defined by the Plan, subject to certain IRC limitations.

The Sponsor will contribute a safe harbor matching contribution in an amount equal to 100% of the matched employee contribution that is not in excess of 4% of the employee’s compensation. The Sponsor may make safe-harbor matching contributions in addition to the preceding.

Vesting – Participants are immediately 100% vested in their elective deferral contributions, rollovers, and all employer contributions, plus actual earnings thereon.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocation of the Sponsor's safe-harbor matching contributions, allocations of Plan earnings, and charged with withdrawals, an allocation of Plan losses and an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant's Investment Options – Participants direct amounts contributed to the Plan to investment options made available by the Plan. Participants may change their investment options at any time directly through Mid Atlantic.

Payment of Benefits – On termination of service due to death, disability, or retirement, or other reasons, a participant shall generally be entitled to receive a lump-sum distribution equal to the value of his or her account. Mandatory distributions of accounts less than $1,000 are distributed to the participant directly in cash. Mandatory distributions of accounts greater than $1,000 and not exceeding $5,000 are either (1) distributed in cash, (2) rolled over to an individual retirement plan, or (3) rolled over to the qualified plan of a participant’s new employer, if allowable. If the vested

amount of a participant's account exceeds $5,000, they must consent to any distribution, subject to minimum required distribution laws. At December 31, 2019, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the published Prime rate on the date of origination. Principal and interest are paid through payroll deductions.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Costs of Administration – The Plan's record keeping fees and investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. The Sponsor provides bookkeeping and other administrative services to the Plan at no charge. All other expenses of the Plan are paid by the Sponsor.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation and depreciation of investments and net realized gains and losses on the sale of investments during the period.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Contributions – Employee contributions are recognized in the period payroll deductions are made. Employer contributions are calculated and recognized based on employee contributions and eligible compensation for the Plan year.

Payment of Benefits – Benefits are recorded when paid.

Income taxes – The Plan obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Subsequent events – Plan management has evaluated subsequent events for recognition and disclosure through October 7, 2020. See Note 6.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observed for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019.

	Assets at Fair Value as of December 31, 2019			
Investment type	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	$ 806,975	$ 806,975	$	$

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018.

	Assets at Fair Value as of December 31, 2018			
Investment type	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	$ 547,863	$ 547,863	$	$

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2019, the Plan's investments were held by Mid-Atlantic (Trustee). The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Trustee as complete and accurate with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Interest and dividends on cash and investments as reported by the Trustee for the year ended December 31, 2019 was $1,015. Net unrealized and realized gain on investments as reported by the Trustee for the year ended December 31, 2019 was $125,135. The fair value of investments at December 31, 2019, as reported by the Trustee, was $806,996. Notes receivable from participants (net of defaults) at December 31, 2019, as reported by the trustee was $49,585, and interest from notes receivable from participants for the year ended December 31, 2019, was $3,749.

5. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Sentinel Benefits is the Plan recordkeeper, as of November 4, 2019 through December 31, 2019, and Mid-Atlantic is the custodian. Previous to November 4, 2019, PGR Solutions was the recordkeeper. Therefore, the Plan's payment of fees to Sentinel Benefits, PGR Solutions and Mid-Atlantic qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor.

6. SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through October 7, 2020, the date these financial statements were issued.
