Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2019 and 2018

A. PLAN DESCRIPTION

The following description of Akron Summit Community Action, Inc. (the “Organization” or “Plan Sponsor”) 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The original effective date of this tax sheltered annuity plan was August 1, 1980. The Plan was restated January 1, 2015. The Plan is a combination Annuity Contract Plan (Code §403(b)(1)) which covers substantially all employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) under DOL Regulation 29CFR 2510.3-2(f).

Eligibility - Substantially all employees are eligible to participate as of their first day of employment.

Contributions - Participants may voluntarily contribute a minimum of \$200 up to the Internal Revenue Code (“IRC”) 402(g) limit of their compensation on a pre-tax basis. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants with fifteen years of service may make a qualified organization catch-up.

The Plan Sponsor may, at its option, match a portion of participants’ voluntary contributions. For the year ended December 31, 2019, the Plan Sponsor elected to match \$2.52 for each \$1.00 of pre-tax contributions up to 2.5% of each participant’s compensation (a minimum matching contribution of \$47.00 for each pay period, subject to proration based on actual hours worked).

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s deferral contribution, employer matching contribution, investment earnings, and, if applicable, charged an administrative expense. The benefit to which the participant is entitled is their vested balance.

Vesting - Participants are immediately vested in their contributions and the Plan Sponsor’s contributions plus actual earnings thereon. Accordingly, a participant is 100% vested at all times in all accounts.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The note is secured by the balance in the participant’s account. The notes bear interest at a rate determined at the time the note is taken based on prime. Depending upon the investment contract under which the participant’s funds are held, the loan is either between the insurance company and participant or between the Plan and the participant. Loans between the insurance company and the participant are not made by the Plan. See Note B.

Payment of Benefits - Upon termination of service, retirement, death, age 59½, or disability, the participant may elect to receive his or her account balance as a lump-sum payment, in periodic installments, or as a joint and survivor annuity contract. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant’s 403(b) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Notes to the Financial Statement
December 31, 2019 and 2018

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are held in group annuity contracts and, accordingly, have both a general account and a separate account. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, or trustees. See Note E for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are estimates of participants' unpaid principal balance when the loan is active and any accrued but unpaid interest when the loan is in offset status. Both loans between the participant and insurance companies and loans between the Plan and the participant are included. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default. In lieu of recording an allowance for doubtful notes receivable, the participant loan balance is reduced and a benefit payment is recorded for both financial statement and Form 5500 purposes.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and direct investment management fees, are paid by the Plan. Fees attributable to loans, distributions, and deferred payouts are paid by the participants. Investment related expenses are included in net depreciation of fair value of investments. All other expenses of maintaining the Plan are paid by the Plan Sponsor.

Reclassifications - Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of changes in net assets available for benefits.

C. INFORMATION CERTIFIED BY THE INSURANCE COMPANIES (UNAUDITED)

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by National Life Group (trade name of the Life Insurance Company of the Southwest), American United Life Insurance Company, ReliaStar Life Insurance Company, and Lincoln National Life Insurance Company ("insurance companies").

The insurance companies have certified as to the completeness and accuracy of the investments held and changes in net assets arising from said investment activity as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2019 and 2018

The insurance companies have certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2019.

D. ANNUITY CONTRACTS WITH INSURANCE COMPANIES

The Plan has annuity contracts with Life Insurance Company of the Southwest and American United Life Insurance Company.

Life Insurance Company of the Southwest

In June 2008, the Plan entered into a benefit-responsive guaranteed investment contract with Life Insurance Company of the Southwest ("LSW"). LSW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is fully benefit-responsive and is valued at contract value. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. There are no limits on participant withdrawal privileges and there are no surrender charges.

The balance as of December 31, 2019 and 2018 totaled \$5,313,305 and \$5,087,140, respectively.

American United Life Insurance Company

American United Life Insurance Company ("AUL") - This fixed annuity is included in the financial statements at contract value as reported to the Plan.

The contract is fully benefit-responsive and is valued at contract value. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. There are no limits on participant withdrawal privileges and there are no surrender charges.

There was no outstanding balance as of December 31, 2019. At December 31, 2018, the balance with AUL totaled \$3.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") guidance in these financial statements are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Market values of units held in pooled separate accounts are determined daily by the insurance companies based upon the initial value assignment, the net asset value ("NAV") of the mutual fund investments, and the applicable investment management and administrative charges, as set forth in the group variable annuity contract.

Fixed annuities: At acquisition, annuities are recorded at their cost, including brokerage and other related fees, which cannot exceed market value. The annuity guarantees are backed by the claims paying ability of the issuer and are valued using current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The annuities are valued monthly and include interest, which is credited at specified rates over the initial period of the agreements. The annuities are single premium annuity contracts and provide for a minimum interest rate of 1%. At year end, fixed accounts, which are not in annuitization status, are valued at NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

^(a) In accordance with the FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

F. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the insurance companies of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

Notes to the Financial Statement
December 31, 2019 and 2018

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

H. FEDERAL INCOME TAX

IRC Section 403(b) plans currently cannot request a determination letter from the Internal Revenue Service ("IRS"). However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

J. SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant fluctuations in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan are currently unknown. The extent of the adverse impact of the COVID-19 pandemic on the Plan and the net assets available for benefits cannot be reasonably estimated at this time.

In April 2020, the Plan Administrator entered into an agreement with JULY Business Services ("JULY") in which third party administration services previously provided by GWN Securities, Inc. were transferred to JULY. As part of this agreement, the custodians LSW and AUL were replaced by Mid Atlantic Trust Company. The Plan was amended and restated effective as of January 1, 2020. As part of this restatement, the Plan adopted a volume submitter plan sponsored by JULY Business Services, which received an IRS Opinion letter dated March 31, 2017.

The Plan has evaluated subsequent events through October 14, 2020, the date that the Plan's annual financial statements were available to be issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
