Gould Paper Corporation
Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of the Gould Paper Corporation Employees' Profit Sharing and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective on May 29, 1957 and has been subsequently amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by the Gould Paper Corporation Employees' Profit Sharing and Retirement Plan Committee (Administration Committee) of Gould Paper Corporation (the Employer or the Company). Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company of New York (collectively, Great-West) are the trustee and custodians of the Plan, having custodial responsibility for the Plan's assets.

Eligibility

An employee who is 18 years or older may become a participant in the Plan on the first Plan entry date after completion of 30 days of service, having worked at least 83.3 hours of service in such 30 days, or upon completion of 1,000 hours of service within 12 consecutive months.

Contributions

Pre-tax participants' contributions are permitted up to 90% of their base compensation, subject to certain limitations. The Company may make contributions at its discretion. However, the Employer is not required to make a contribution for any particular year, and the amount contributed can vary from year-to-year. Participants may also make voluntary after-tax contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants vest in Employer contributions at the rate of 20% for each completed enrolled year in the Plan after two years of service, with 100% vesting after six years. Upon termination of an employee prior to full vesting, the non-vested portion of Employer contributions is used to pay administrative expenses of the Plan and any remaining amount is applied towards future Employer contributions.

Additionally, an employee is fully vested in the Plan (including Employer contributions) when one of the following events occurs:

- retirement under the Plan
- attainment of age 65
- total and permanent disability
- death

Gould Paper Corporation
Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific-participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may obtain loans from the Plan. The minimum loan is $1,000. The maximum that may be borrowed from the participant's account is the lesser of $50,000 or 50% of the vested account balance. These loans require approval of the Plan administrator and bear interest at 1% above the prime rate. Loan repayments are made through payroll deductions in equal installments over a period that may not exceed five years, unless the loan is for the purchase of a primary residence, in which case the maximum repayment period will be determined by reference to bank loans for the same purpose.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a series of payments, at the election of the participant. Additionally, the participant may withdraw his or her elective deferrals on account of financial hardship or the attainment of age 59½.

Forfeitures

Forfeitures that occur during a plan year will be used to pay administrative expenses of the Plan and any remaining forfeitures will be used to offset future employer contributions.

During 2019 and 2018, forfeited amounts totaling $1,938 and $19,805, respectively, were used to pay administrative expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $16,856 and $7,097, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest, which approximates fair value. Fees charged by the trustee relating to notes receivable from participants are paid from the participants' accounts. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2019, interest rates on notes receivable from participants ranged from 4.25% to 6.50%. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Great-West

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2019	2018
Self-directed brokerage accounts, at fair value	$ 2,607,004	$ 2,247,601
Mutual funds, at fair value	18,217,668	13,202,509

Notes receivable from participants	313,427	340,414

Gould Paper Corporation
Employees' Profit Sharing and Retirement Plan

Notes to Financial Statements

Year ended December 31,	2019	2018
Dividend income	$ 576,162	$ 976,382
Interest income on notes receivable from participants	19,306	18,348
Net appreciation (depreciation) in fair value of investments	4,147,972	(1,422,375)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted price for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-Directed Brokerage Accounts - The self-directed brokerage accounts consist of a money market fund, mutual funds and common stock. The fair values of these investments are determined by obtaining quoted prices traded on securities exchanges (Level 1 inputs).

Mutual Funds - The fair values of mutual funds are determined by obtaining quoted prices on national securities exchanges (Level 1 inputs).

Common Collective Trust - The fair value of the common collective trust is valued at net asset value (NAV), representing the units of participation owned by the Plan and Plan participants, which approximates fair value. The NAV per unit is computed by dividing the total assets of the fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the fund and included in the determination of unit values. This investment is a direct-filing entity.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

December 31, 2019

	Total	Level 1
Mutual funds	$ 18,217,668	$ 18,217,668
Self-directed brokerage accounts	2,607,004	2,607,004
Total Investments, in the fair value hierarchy	20,824,672	$ 20,824,672
Investments measured at NAV*:		
Common collective trust	15,361,881	
Total Investments, at fair value	$ 36,186,553	

December 31, 2018

	Total	Level 1
Mutual funds	$ 13,202,509	$ 13,202,509
Self-directed brokerage accounts	2,247,601	2,247,601
Total Investments, in the fair value hierarchy	15,450,110	$ 15,450,110
Investments measured at NAV*:		
Common collective trust	16,205,588	
Total Investments, at fair value	$ 31,655,698	

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be, and have not been, categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Excess Contributions

The Plan did not pass the Actual Deferral Percentage test and the Maximum Annual Additions test for the years ended December 31, 2019 and 2018. Excess contributions amounting to $128,876 and $96,524 at December 31, 2019 and 2018, respectively, were reimbursed to Plan participants during 2020 and 2019 and were accounted for as a reduction of participant contributions during 2019 and 2018.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Great-West. Great-West is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

7. Tax Status

The Company received a favorable determination letter from the Internal Revenue Service (IRS) dated January 25, 2012, which stated that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was received. However, the Plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company may, at its discretion, discontinue contributions or terminate the Plan completely or partially at any time by delivering to the trustee a notice of complete or partial termination specifying the date of termination of the Plan and, in the case of a partial termination, the participants affected by such partial termination.

9. Risks and Uncertainties

The Plan's investment options are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. Because the values of the Plan's individual investments have, and will, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to participants under CARES Act and has implemented provisions including special coronavirus distributions up to $100,000, increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participants vested account balance, extended the period for loan repayments, if applicable, up to one year, and suspended required minimum distributions for 2020.

In accordance with ASC 855-10, the Plan evaluated subsequent events through October 15, 2020, the date these financial statements were available to be issued. During this period, no other material recognizable subsequent events were identified.
