NOTE A - DESCRIPTION OF PLAN

The following description of Soundcloud 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of Soundcloud Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Each year, participants may contribute pre-tax and post-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. A discretionary match and profit sharing contributions are made at the discretion of the Company. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

3. Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on continuous service. A participant becomes fully vested after one year of service. A participant also becomes fully vested at normal retirement age, death, total disability or termination of the Plan.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Payment of benefits

A participant is eligible to receive in-service benefit payments of the vested portion of his or her participant account upon reaching age 59 ½. On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount up to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

6. Forfeitures

When a participant terminates employment with the Company while partially vested, the non-vested portion of their Plan account is forfeited. Forfeitures of employer contributions are to be used to pay administrative expenses, reduce the Employer's future contribution or are reallocated to participants. The forfeitures balance as of December 31, 2019 is approximately $4,000.

7. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest rates ranging from 6.00% to 7.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared under the accrual basis of accounting.

2. Investments, valuation, and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires management and the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Payments of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

6. Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in investment income.

7. Recently issued accounting standards, regulations and new legislation

Fair value measurements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurements*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. With respect to employee benefit plans, this update is effective for fiscal years beginning after December 15, 2019. The effect of this guidance on the financial statements of the Plan has not been determined.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

7. Recently issued accounting standards, regulations and new legislation (continued)

SECURE Act of 2019

In 2019, Congress implemented Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 ("SECURE Act"). The SECURE Act is a mixture of incremental changes to defined contribution plans and defined benefit plans. The majority of the provisions in this legislation are effective for fiscal years beginning after December 15, 2019. The effect of the SECURE Act on the financial statements of the Plan has not been determined.

CARES Act

On March 27, 2020, Congress implemented the Coronavirus, Aid, Relief, and Economic Security (CARES) Act ("CARES Act"). The CARES Act was created to help the struggling US Economy as a result of the COVID-19 pandemic. In addition, a portion of the CARES Act temporarily made changes to qualified retirement plans to assist retirement plan participants during the pandemic. The CARES Act is effective beginning March 27, 2020 and expires December 31, 2020.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE - UNAUDITED

The December 31, 2019 and 2018 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,991,682 and $2,180,672 at December 31, 2019 and 2018, respectively, and net related investment gain of $544,627 for the year ended December 31, 2019. Notes receivable from participants and related interest income are also included in the certification.

NOTE D - RELATED PARTY TRANSACTIONS

Newport Trust Company is the trustee and, their affiliated entity, Newport Group, Inc. is the recordkeeper as defined by the Plan. The Plan pays both direct and indirect compensation for these services, and, therefore, these transactions qualify as party-in-interest transactions.

Trustee services are included in net appreciation (depreciation) in fair value of the investments, as they are paid daily through deductions to the net asset value, rather than a direct payment.

NOTE D - RELATED PARTY TRANSACTIONS (continued)

Fees paid directly by the Plan for were $4,234 for the year ended December 31, 2019.

All of these party-in-interest transactions are exempt from the prohibited transactions under rules of ERISA.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE F - INCOME TAX STATUS

The IRS had determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan administrator has determined that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds: Value is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2019	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,991,682	$ -	$ -	$ 2,991,682
Total investment assets at fair value				$ 2,991,682

2018	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,180,672	$ -	$ -	$ 2,180,672
Total investment assets at fair value				$ 2,180,672

NOTE H - FAIR VALUE MEASUREMENTS (continued)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

1. Classification

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2019 and 2018.

2. Basis of accounting

The financial statements are prepared on the accrual basis of accounting while the Form 5500 is prepared on a modified cash basis of accounting. As such, certain receivables and liabilities are recognized in the financial statements in a different period than they are recognized in the Form 5500. Total assets, liabilities and net assets available for benefits of the Plan reconcile fully once these timing differences are taken into consideration.

NOTE J - SUBSEQUENT EVENTS

In early 2020, the World Health Organization has declared a pandemic constituting a “Public Health Emergency of International Concern.” The pandemic has caused worldwide business disruptions through mandated and voluntary business closures. This has resulted in instability and fluctuations of the investment markets. Due to significant uncertainties, the financial impact to the Plan cannot be reasonably estimated through the date of the financial statements.

The Plan administrator has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued, and, excluding the previously mentioned event, has determined that no material events occurred that would require disclosure in the financial statements.
