FOR BARGAINING ASSOCIATES
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Timken Diamond Chain Savings and Investment Retirement Plan for Bargaining Associates (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Plan Administrator, The Timken Company (the "Company").

General

On April 1, 2019, the Company acquired the Diamond Chain Company, Inc. ("Diamond Chain") and assumed the role of Plan Sponsor. The Plan was created and effective as of May 1, 2019, and is a defined contribution plan covering all union employees of Diamond Chain. The Plan Administrator is responsible for the day-to-day administration and operation of the Plan and has full discretionary authority to interpret the Plan, including its terms. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Upon reaching 90 days of service, an employee becomes eligible to contribute to the Plan. Service is credited based on the employee's start date with Diamond Chain. Eligible employees may become participants immediately on the date on which eligibility requirements are met.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Code. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions, which are also subject to the Internal Revenue Service ("IRS") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, referred to as rollovers.

The Plan Sponsor makes matching contributions of 100% of each participant's contributions, up to a maximum of 2% of eligible compensation. Matching contributions totaled \$103,695 for the period ended December 31, 2019. The matching contribution amount is included in The Timken Company contributions on the Statement of Changes in Net Assets Available for Benefits. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

The Plan Sponsor also makes a non-elective contribution equal to 3% of the participant's eligible compensation per payroll period. Non-elective contributions totaled \$172,121 for the period ended December 31, 2019. The non-elective contribution amount is included in The Timken Company contributions on the Statement of Changes in Net Assets Available for Benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan's Sponsor's contributions, and an allocation of Plan earnings. The participant's account is charged with an allocation of administrative expenses. Allocations are proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, plus actual earnings thereon, are vested immediately. Participants are vested in the Plan Sponsor's contributions, plus actual earnings thereon, based on years of continuous service. A participant becomes 100% vested after five years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Investment options are generally intended to be long-term investments suitable for retirement savings and not designed to accommodate frequent exchanges by participants. The Plan Administrator and/or the entities that provide investments and administrative services to the Plan may adopt procedures to discourage frequent investment transactions.

Notes Receivable from Participants

Borrowings initiated under the former defined contribution plan, which was sponsored by Diamond Chain prior to the acquisition, have been rolled over into the Plan upon enrollment of such participants. Rollovers of these notes into the Plan are included in participant rollovers and amounted to \$38,453 for the period May 1, 2019 to December 31, 2019. Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range up to ten years as established by the Plan Administrator at the time of the loan. The loans initiated under the Plan bear interest at the prime rate at the time the loans were made plus 1%. Principal and interest are paid ratably through payroll deductions. Interest earned on loans totaled \$1,411 for the period ended December 31, 2019.

Payment of Benefits

Upon disability or termination of service with the Company, participants having a vested account balance greater than \$1,000 are given the option of (i) transferring their account balance to another plan, (ii) receiving a lump-sum amount equal to the vested balance of their account, (iii) receiving installment payments of their vested assets over a fixed period of time not to exceed their estimated life expectancy, or (iv) leaving their vested account balance in the Plan. Participants having a vested account balance less than \$1,000 receive a lump-sum amount equal to their vested account balance. Participants electing to leave their vested assets in the Plan may do so until age 70-1/2, after which time the lump-sum or installment distribution options would apply. Participants are also able to receive partial or total distributions of their vested accounts upon attainment of age 59-1/2 without regard to the source of funds in their accounts.

Hardship withdrawals are allowed for participants incurring an immediate and severe financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and distributions prior to requesting a hardship withdrawal.

Forfeitures

If a participant terminates before being fully vested in Plan benefits, they are entitled to receive a distribution of the vested benefits. The non-vested benefits will be forfeited in accordance with terms of the Plan. Forfeitures may be used to reduce future Plan Sponsor contributions or to pay Plan expenses. There were no forfeitures used during the period ending December 31, 2019. Forfeited non-vested accounts totaled \$7,139 at December 31, 2019.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

THE TIMKEN DIAMOND CHAIN SAVINGS AND INVESTMENT RETIREMENT PLAN
FOR BARGAINING ASSOCIATES
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but were not yet paid as of December 31, 2019.

Contributions

Participant contributions and Plan Sponsor matching contribution are recorded in the year in which the participant contributions are withheld from amounts paid. Plan Sponsor non-elective contributions are recorded in the year in which the applicable payroll period ended. All participant and Plan Sponsor contributions are participant-directed.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of certain recordkeeping functions and are charged directly to the participant's account. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts

Investment Valuation and Income Recognition

Effective December 12, 2019, the Plan was entered into the Master Trust Agreement for The Timken Company Defined Contributions Plans ("Master Trust"). The Master Trust was established for the investment of assets of the Plan and other defined contribution plans sponsored by the Plan Administrator. Investments in the Master Trust are reported at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

New Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting. For each master trust in which a plan holds an interest, ASU 2017-06 requires that a plan's interest in each master trust and any change in the interest in each master trust be presented in separate line items in the statement of net assets available for benefits and in the statement of

changes in net assets available for benefits. ASU 2017-06 also removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and requires that all plans disclose the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trusts balances in each general type of investments. In addition, ASU 2017-06 requires all plans to disclose (1) their master trust's other asset and liability balances and (2) the dollar amount of the plan's interest in each of those balances. ASU 2017-06 is effective for fiscal years beginning after December 15, 2018, with retrospective application to all periods presented. Early application is permitted. The Plan adopted ASU 2017-06 upon becoming part of the Master Trust.

In August 2018, the FASB issued ASU 2018-13, *"Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement,"* which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in Topic 820, *"Fair Value Measurement."* The new standard is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. Management is currently evaluating the effect that the provisions of ASU 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2020, the date the financial statements were available to be issued. See Note 8.

NOTE 4 – INVESTMENTS

As disclosed in Note 2, the Plan's assets are held in the Master Trust as of December 31, 2019 and are commingled with assets of other benefits plans sponsored by the Plan Administrator.

Each participating plan's interest in the investment funds (i.e., separate accounts) of the Master Trust is based on account balances of the participants and their elected investment funds. The Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of those assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the Master Trust. The Plan's ownership percentage in the Master Trust as of December 31, 2019 was 0.1%.

The following table presents the value of investments in the Master Trust and the Plan's interest in each investment fund of the Master Trust:

	December 31, 2019

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2: Inputs, other than quoted prices, in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in markets that are not active;
 - Observable inputs, other than quoted prices, that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Cash and cash equivalents and registered investment companies*: Valued based on quoted market prices reported on the active market on which the individual securities are traded.
- *Common stock fund*: The Timken Company and Timken Steel Stock Funds participate in units and are valued on the closing price of each company's common shares traded on a national securities exchange.
- *Common collective funds*: Valued using the net asset value ("NAV") based on the fair value of the underlying investments held by the fund less its liabilities.

NOTE 6 – INCOME TAX STATUS

The Great West Trust Company is the trustee for the Plan and the Plan adopted the Great West Trust Company Defined Contribution Prototype Plan. The prototype plan has received an opinion letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan.

THE TIMKEN DIAMOND CHAIN SAVINGS AND INVESTMENT RETIREMENT PLAN
FOR BARGAINING ASSOCIATES
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 as a pandemic. The rapidly developing pandemic has generated significant uncertainty in the global economy and volatility in the financial markets. The COVID-19 pandemic has affected and may continue to affect the market price of the Timken Company Common Stock Fund and other Plan assets. Due to the ongoing economic uncertainty and volatility caused by COVID-19, the resulting financial impact to the Plan cannot be reasonably estimated. Following this declaration, the U.S. Federal government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" on March 27, 2020. The CARES Act allows eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented these changes.
