To the Plan Administrator
Cohen Brothers Realty Corporation 401(k) Plan
New York, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cohen Brothers Realty Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Voya holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Voya as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by Voya is complete and accurate.

1. Description of the Plan

The following is a brief description of the Cohen Brothers Realty Corporation 401(k) Plan (the "Plan") and is provided for general information only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide participating employees the opportunity to accumulate retirement funds through a tax-deferred contribution arrangement, pursuant to Section 401(k) of the Internal Revenue Code of 1986 (the "Code") covering certain employees of Cohen Brothers Realty Corporation and its affiliates (the "Company" and also "Plan Sponsor"). In addition to the Code, the Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Company administers the Plan, interprets its provisions and resolves all issues arising in the administration of the Plan.

Eligibility

Participation in the Plan is available to employees of the Company who are age 21 or older. Employees may enroll and begin making elective deferrals on the first day of each Plan quarter after the date they attain age 21 and complete one month of service based on 30 days elapsed time from the employee's date of hire. Participants will be eligible to share in the Company's profit-sharing contributions and qualified non-elective contributions after completing 500 hours of service during the Plan year and if they are employed on the last day of the Plan year.

Contributions

A participant can make pre-tax contributions up to a maximum election of 100% of their eligible compensation; however, a participant's total pre-tax contributions in any Plan year cannot exceed the limits provided under Section 402(g) of the Code.

Income earned on participant pre-tax contributions to the Plan is not taxable for federal or state income tax purposes until withdrawn from the Plan.

Employer Contributions

The Plan does not permit the Company to make matching contributions. However, the Plan permits qualified non-elective contributions and profit-sharing contributions at the Company's discretion. The Company did not make any contributions during 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, if any, and Plan earnings and losses attributable to each participant based on their individual investment selections. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances

or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and qualified non-elective contributions, if any, plus actual earnings thereon.

Profit-sharing contributions vest at 20% each year beginning after the second year of employment and become fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 with a maximum of two loans outstanding at any one time. No loan to any participant can be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of $50,000 or one-half of the participant's vested account balance. The loans are secured by the balance in the participant's account and must be repaid in level payments, not less frequently than quarterly, over a period not extending beyond five years. However, loans issued to acquire a principal residence may be repaid over a period greater than five years. Interest shall be charged at a rate to be fixed by the Plan administrator and, in determining the interest rate, the Plan administrator shall take into consideration interest rates currently being charged on similar commercial loans. Interest rates on the loans have historically been set at prime plus 1.00%, with the interest rates on the outstanding loans currently at 5.75% - 6.25%. In the event of a default, foreclosure on the note and attachment of security shall not occur until a distributable event occurs in the Plan.

Other Liabilities

Other liabilities represent Plan Sponsor overfunding of contributions for several participants. These amounts were not withheld from the participants and would need to be removed from each participant who received the overage.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in their account, or by participant election, in installments over a period not to exceed the participant's or beneficiary's life expectancy at the time of distribution. If service is terminated prior to attaining age 65 for reasons other than death or disability, participants may, but are not required to, roll over their vested contributions to a third-party 401(k) plan or individual retirement account. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59½, receive in-service distributions.

Participants' request for benefit payments made on or around the Plan's year-end that are not processed by the conclusion of the Plan's year-end are not included in the statements of net assets available for benefits. There were no requests for benefit payments not yet processed at December 31, 2019 or 2018.

Forfeited Accounts

At December 31, 2019 and 2018, the Plan did not have any forfeited non-vested accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments (except for the fully benefit-responsive investment contract, which is reported at contract value) are reported at fair value in accordance with Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contract value of the Voya Fixed Account is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized ratably over the life of the loan. In the event of a delinquency or non-payment, the loan will not accrue interest until payments resume. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. A defaulted note will not be recognized as a deemed distribution until a distributable event occurs.

Excess Contributions Payable

Accounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The Company pays certain administrative costs of the Plan associated with professional services provided to the Plan, the balance being paid directly by the Plan. Administrative fees paid by the Plan include maintenance fees and loan and distribution fees charged directly to participant accounts.

Management fees and operating expenses charged to the Plan for its investments are deducted from investment returns of such investments.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya").

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-Directed Brokerage Account

The self-directed brokerage account consists of assets held in mutual funds that are valued at the net asset value ("NAV") of shares held by the Plan. The Plan uses quoted market prices to determine the fair value of these investments and classifies such items in Level 1 when available.

Pooled Separate Accounts

Pooled separate accounts are valued at their accumulation unit value when a new fund starts and are then determined daily based on the NAV of shares of the underlying funds. The underlying investments of the pooled separate accounts consist of a broadly diversified portfolio of funds, each of which follows separate objectives and strategies consistent with its own investment style. The Plan's investment in the pooled separate accounts can be redeemed immediately at the current NAV per share. There were no unfunded commitments as of December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Account	$ 282,251	$ -	$ -	$ 282,251
Pooled Separate Accounts *	-	-	-	3,261,981
	$ 282,251	$ -	$ -	$ 3,544,232

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Account	$ 175,762	$ -	$ -	$ 175,762
Pooled Separate Accounts *	-	-	-	2,448,019
	$ 175,762	$ -	$ -	$ 2,623,781

* Certain investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy. The NAV amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan has no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2019 and 2018. In addition, there were no transfers between levels during the years ended December 31, 2019 and 2018.

5. Guaranteed Investment Contract

As of December 31, 2019 and 2018, the Plan maintained one guaranteed investment contract-related investment option, the Voya Fixed Account. The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC 962, "Plan Accounting—Defined Contribution Pension Plans." As of December 31, 2019 and 2018, the contract value of the investment in the Voya Fixed Account was $886,267 and $809,783, respectively.

The average yield based on actual interest credited to participants for the contract for the year ended December 31, 2019 was 1.00%. The guaranteed minimum crediting interest rate for the contract for the year ended December 31, 2019 was 1.00%. Voya makes this guarantee and, although Voya may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 1.00%.

Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participant loans also qualify as party-in-interest transactions.

7. Tax Status

The IRS has issued an opinion, by letter dated March 31, 2014, that the Prototype Non-Standardized Profit-Sharing Plan with CODA (the Defined Contribution Prototype Plan of CCH Incorporated, DBA FTWilliam.com, upon which the Plan is based) qualifies under Section 401(a) of the Code and is, therefore, not subject to tax under present federal income tax laws. The Plan is required to operate in conformity with the Code to maintain its qualification. While the Plan has been amended since the date of the letter, the Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. The Plan administrator believes the Plan continues to meet the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be

sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to amend and terminate the Plan, subject to the provisions set forth in ERISA. In the event of termination, all participants will become or remain 100% vested in their accounts and the Plan assets will be liquidated and distributed to each participant in a single lump-sum payment.

9. Risks and Uncertainties

The Plan holds various investment instruments. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

10. Non-Exempt Transactions

For the year ended December 31, 2019, there were employee contributions and loan repayments in the amount of $15,335 that were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. The Company will take the appropriate steps to correct the issue. Lost earnings resulting from delinquent participant contributions and loan repayments will be computed and transmitted by the Company to Voya. During 2019, the Company corrected $1,297 of the participant contributions outside of DOL's Voluntary Fiduciary Correction Program.

11. Subsequent Events

On January 30, 2020, the World Health Organization (the "WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Although the Plan's investment portfolio has not incurred a significant decline in fair value since December 31, 2019, because the values of the Plan's individual investments have, and will, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the provisions. The provisions include special coronavirus distributions up to $100,000, extend the period for loan repayments up to one year, and suspend minimum required distributions for 2020.

There have been no other material subsequent events that occurred through October 15, 2020 that would require disclosure in these financial statements as of or for the year ended December 31, 2019.

Summary of Investment Expenses and Indirect Compensation

The chart below summarizes the investment expenses for the funds available under your Voya Financial, Inc. (Voya) program and the revenue received by Voya from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate one or more of your plan's other service providers. Among those additional service providers are the plan's adviser and third party administrator (TPA). For informational purposes, we are providing the amounts that may be paid to certain other providers in the summary below. Amounts shown are expressed as a percentage of program assets based on formulas in effect as of the date above, and are subject to change.

Note: The amounts shown below are not added to each other. Rather, the revenue Voya receives is paid directly or indirectly from the total investment expenses. The compensation paid by Voya is a Voya expense and is not separately charged to the plan.

Summary	
Average Annual Investment Expense of Managed Investment Options (1)	1.11%
Average Annual Managed Investment Option Revenue (2)	0.78%
Average Annual Total Investment Option Revenue (3)	0.69%
Annual compensation paid by Voya to adviser*	
- of assets	0.25%
Annual compensation that may be payable by Voya to Third Party Administrator*	
- Partnership Program	0.05%

[1] **Average Annual Investment Expense of Managed Investment Options**: This is the weighted average of the Total Investment Expenses for the plan investment options, based on assets at the reporting date, excluding any funds for which the expenses are N/A and any self directed brokerage accounts.

[2] **Average Annual Managed Investment Option Revenue**: This is the weighted average revenue to Voya, based on assets at the reporting date, from the funds included in the Total Investment Expenses. (Paid to Voya from Total Investment Expenses)

[3] **Average Annual Total Investment Option Revenue:** This is the weighted average revenue to Voya from all plan investment options, based on assets at the reporting date, including any assets in the Voya Fixed or Guaranteed Accumulation Account.

* The annual compensation paid by Voya to your adviser and TPA reflects the compensation payable after the first year of the program and does not include compensation paid on transferred assets or any "first year" compensation. See your new business paperwork for information on first year compensation. Certain minimum criteria may apply before such payments are made and receipt of compensation by your TPA may vary by plan. In addition, Renewal Contributions are contributions made after the first year of the contract. Increase Contributions are contributions that exceed the highest contributions in any prior year. Voya may also make payments to other plan service providers from the total revenue received by Voya.

Investment Expenses and Indirect Compensation

The chart below shows the components of the investment expenses for the non-fixed interest funds available under your plan as well as the revenue paid to Voya Financial, Inc. (Voya) from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. The revenue received by Voya from the fund is paid by the fund itself or a related party (e.g. the fund's investment manager) and is not an additional expense above the fund fees. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate your advisor. Amounts shown below are based on charges in effect as of the date above and are subject to change.

Please refer to the Appendix for a description of the services provided in connection with the following fees paid by the Funds to Voya:

Other Indirect Compensation

Float
Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:
Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:
Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors
Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing
In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support
Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2019 such amount was approximately $3.59 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Appendix: Definitions for Indirect Fees

- **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

FUND EXPENSES

- **Management Fees**: Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees**: Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses**: Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments**: An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense**: The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date**: The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

- **Daily Asset Charge**: A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This fee paid to Voya may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.

- **Total Net Fund Expense**: The Net Fund Expense plus the Daily Asset Charge.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

REVENUE TO VOYA

- **Total Daily Asset Charge**: The Daily Asset charge.
- **Sub Transfer Agent (Sub TA) Expense Reimbursement**: The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.
- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.
- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

  The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

  First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

Independent Auditor's Report

To the Plan Administrator
Cohen Brothers Realty Corporation 401(k) Plan
New York, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cohen Brothers Realty Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Voya holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Voya as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by Voya is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H (Form 5500), Line 4a - Schedule of delinquent participant contributions for the year ended December 31, 2019 and the supplemental Schedule H (Form 5500), Line 4i - Schedule of assets (held at end of year) as of December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not required parts of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Voya, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following is a brief description of the Cohen Brothers Realty Corporation 401(k) Plan (the "Plan") and is provided for general information only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide participating employees the opportunity to accumulate retirement funds through a tax-deferred contribution arrangement, pursuant to Section 401(k) of the Internal Revenue Code of 1986 (the "Code") covering certain employees of Cohen Brothers Realty Corporation and its affiliates (the "Company" and also "Plan Sponsor"). In addition to the Code, the Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Company administers the Plan, interprets its provisions and resolves all issues arising in the administration of the Plan.

Eligibility

Participation in the Plan is available to employees of the Company who are age 21 or older. Employees may enroll and begin making elective deferrals on the first day of each Plan quarter after the date they attain age 21 and complete one month of service based on 30 days elapsed time from the employee's date of hire. Participants will be eligible to share in the Company's profit-sharing contributions and qualified non-elective contributions after completing 500 hours of service during the Plan year and if they are employed on the last day of the Plan year.

Contributions

A participant can make pre-tax contributions up to a maximum election of 100% of their eligible compensation; however, a participant's total pre-tax contributions in any Plan year cannot exceed the limits provided under Section 402(g) of the Code.

Income earned on participant pre-tax contributions to the Plan is not taxable for federal or state income tax purposes until withdrawn from the Plan.

Employer Contributions

The Plan does not permit the Company to make matching contributions. However, the Plan permits qualified non-elective contributions and profit-sharing contributions at the Company's discretion. The Company did not make any contributions during 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, if any, and Plan earnings and losses attributable to each participant based on their individual investment selections. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances

or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and qualified non-elective contributions, if any, plus actual earnings thereon.

Profit-sharing contributions vest at 20% each year beginning after the second year of employment and become fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 with a maximum of two loans outstanding at any one time. No loan to any participant can be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of $50,000 or one-half of the participant's vested account balance. The loans are secured by the balance in the participant's account and must be repaid in level payments, not less frequently than quarterly, over a period not extending beyond five years. However, loans issued to acquire a principal residence may be repaid over a period greater than five years. Interest shall be charged at a rate to be fixed by the Plan administrator and, in determining the interest rate, the Plan administrator shall take into consideration interest rates currently being charged on similar commercial loans. Interest rates on the loans have historically been set at prime plus 1.00%, with the interest rates on the outstanding loans currently at 5.75% - 6.25%. In the event of a default, foreclosure on the note and attachment of security shall not occur until a distributable event occurs in the Plan.

Other Liabilities

Other liabilities represent Plan Sponsor overfunding of contributions for several participants. These amounts were not withheld from the participants and would need to be removed from each participant who received the overage.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in their account, or by participant election, in installments over a period not to exceed the participant's or beneficiary's life expectancy at the time of distribution. If service is terminated prior to attaining age 65 for reasons other than death or disability, participants may, but are not required to, roll over their vested contributions to a third-party 401(k) plan or individual retirement account. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59½, receive in-service distributions.

Participants' request for benefit payments made on or around the Plan's year-end that are not processed by the conclusion of the Plan's year-end are not included in the statements of net assets available for benefits. There were no requests for benefit payments not yet processed at December 31, 2019 or 2018.

Forfeited Accounts

At December 31, 2019 and 2018, the Plan did not have any forfeited non-vested accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments (except for the fully benefit-responsive investment contract, which is reported at contract value) are reported at fair value in accordance with Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contract value of the Voya Fixed Account is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized ratably over the life of the loan. In the event of a delinquency or non-payment, the loan will not accrue interest until payments resume. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. A defaulted note will not be recognized as a deemed distribution until a distributable event occurs.

Excess Contributions Payable

Accounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The Company pays certain administrative costs of the Plan associated with professional services provided to the Plan, the balance being paid directly by the Plan. Administrative fees paid by the Plan include maintenance fees and loan and distribution fees charged directly to participant accounts.

Management fees and operating expenses charged to the Plan for its investments are deducted from investment returns of such investments.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya").

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-Directed Brokerage Account

The self-directed brokerage account consists of assets held in mutual funds that are valued at the net asset value ("NAV") of shares held by the Plan. The Plan uses quoted market prices to determine the fair value of these investments and classifies such items in Level 1 when available.

Pooled Separate Accounts

Pooled separate accounts are valued at their accumulation unit value when a new fund starts and are then determined daily based on the NAV of shares of the underlying funds. The underlying investments of the pooled separate accounts consist of a broadly diversified portfolio of funds, each of which follows separate objectives and strategies consistent with its own investment style. The Plan's investment in the pooled separate accounts can be redeemed immediately at the current NAV per share. There were no unfunded commitments as of December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Account	$ 282,251	$ -	$ -	$ 282,251
Pooled Separate Accounts *	-	-	-	3,261,981
	$ 282,251	$ -	$ -	$ 3,544,232

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Account	$ 175,762	$ -	$ -	$ 175,762
Pooled Separate Accounts *	-	-	-	2,448,019
	$ 175,762	$ -	$ -	$ 2,623,781

* Certain investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy. The NAV amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan has no financial assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2019 and 2018. In addition, there were no transfers between levels during the years ended December 31, 2019 and 2018.

5. Guaranteed Investment Contract

As of December 31, 2019 and 2018, the Plan maintained one guaranteed investment contract-related investment option, the Voya Fixed Account. The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC 962, "Plan Accounting—Defined Contribution Pension Plans." As of December 31, 2019 and 2018, the contract value of the investment in the Voya Fixed Account was $886,267 and $809,783, respectively.

The average yield based on actual interest credited to participants for the contract for the year ended December 31, 2019 was 1.00%. The guaranteed minimum crediting interest rate for the contract for the year ended December 31, 2019 was 1.00%. Voya makes this guarantee and, although Voya may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 1.00%.

Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participant loans also qualify as party-in-interest transactions.

7. Tax Status

The IRS has issued an opinion, by letter dated March 31, 2014, that the Prototype Non-Standardized Profit-Sharing Plan with CODA (the Defined Contribution Prototype Plan of CCH Incorporated, DBA FTWilliam.com, upon which the Plan is based) qualifies under Section 401(a) of the Code and is, therefore, not subject to tax under present federal income tax laws. The Plan is required to operate in conformity with the Code to maintain its qualification. While the Plan has been amended since the date of the letter, the Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. The Plan administrator believes the Plan continues to meet the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be

sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to amend and terminate the Plan, subject to the provisions set forth in ERISA. In the event of termination, all participants will become or remain 100% vested in their accounts and the Plan assets will be liquidated and distributed to each participant in a single lump-sum payment.

9. Risks and Uncertainties

The Plan holds various investment instruments. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

10. Non-Exempt Transactions

For the year ended December 31, 2019, there were employee contributions and loan repayments in the amount of $15,335 that were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. The Company will take the appropriate steps to correct the issue. Lost earnings resulting from delinquent participant contributions and loan repayments will be computed and transmitted by the Company to Voya. During 2019, the Company corrected $1,297 of the participant contributions outside of DOL's Voluntary Fiduciary Correction Program.

11. Subsequent Events

On January 30, 2020, the World Health Organization (the "WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Although the Plan's investment portfolio has not incurred a significant decline in fair value since December 31, 2019, because the values of the Plan's individual investments have, and will, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the provisions. The provisions include special coronavirus distributions up to $100,000, extend the period for loan repayments up to one year, and suspend minimum required distributions for 2020.

There have been no other material subsequent events that occurred through October 15, 2020 that would require disclosure in these financial statements as of or for the year ended December 31, 2019.

Summary of Investment Expenses and Indirect Compensation

The chart below summarizes the investment expenses for the funds available under your Voya Financial, Inc. (Voya) program and the revenue received by Voya from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate one or more of your plan's other service providers. Among those additional service providers are the plan's adviser and third party administrator (TPA). For informational purposes, we are providing the amounts that may be paid to certain other providers in the summary below. Amounts shown are expressed as a percentage of program assets based on formulas in effect as of the date above, and are subject to change.

Note: The amounts shown below are not added to each other. Rather, the revenue Voya receives is paid directly or indirectly from the total investment expenses. The compensation paid by Voya is a Voya expense and is not separately charged to the plan.

Summary	
Average Annual Investment Expense of Managed Investment Options (1)	1.11%
Average Annual Managed Investment Option Revenue (2)	0.78%
Average Annual Total Investment Option Revenue (3)	0.69%
Annual compensation paid by Voya to adviser*	
- of assets	0.25%
Annual compensation that may be payable by Voya to Third Party Administrator*	
- Partnership Program	0.05%

[1] **Average Annual Investment Expense of Managed Investment Options**: This is the weighted average of the Total Investment Expenses for the plan investment options, based on assets at the reporting date, excluding any funds for which the expenses are N/A and any self directed brokerage accounts.

[2] **Average Annual Managed Investment Option Revenue**: This is the weighted average revenue to Voya, based on assets at the reporting date, from the funds included in the Total Investment Expenses. (Paid to Voya from Total Investment Expenses)

[3] **Average Annual Total Investment Option Revenue:** This is the weighted average revenue to Voya from all plan investment options, based on assets at the reporting date, including any assets in the Voya Fixed or Guaranteed Accumulation Account.

* The annual compensation paid by Voya to your adviser and TPA reflects the compensation payable after the first year of the program and does not include compensation paid on transferred assets or any "first year" compensation. See your new business paperwork for information on first year compensation. Certain minimum criteria may apply before such payments are made and receipt of compensation by your TPA may vary by plan. In addition, Renewal Contributions are contributions made after the first year of the contract. Increase Contributions are contributions that exceed the highest contributions in any prior year. Voya may also make payments to other plan service providers from the total revenue received by Voya.

Investment Expenses and Indirect Compensation

The chart below shows the components of the investment expenses for the non-fixed interest funds available under your plan as well as the revenue paid to Voya Financial, Inc. (Voya) from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. The revenue received by Voya from the fund is paid by the fund itself or a related party (e.g. the fund's investment manager) and is not an additional expense above the fund fees. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate your advisor. Amounts shown below are based on charges in effect as of the date above and are subject to change.

Please refer to the Appendix for a description of the services provided in connection with the following fees paid by the Funds to Voya:

Other Indirect Compensation

Float

Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:

Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:

Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors

Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing

In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support

Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2019 such amount was approximately $3.59 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Appendix: Definitions for Indirect Fees

- **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

FUND EXPENSES

- **Management Fees**: Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees**: Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses**: Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments**: An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense**: The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date**: The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

- **Daily Asset Charge**: A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This fee paid to Voya may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.

- **Total Net Fund Expense**: The Net Fund Expense plus the Daily Asset Charge.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

REVENUE TO VOYA

- **Total Daily Asset Charge**: The Daily Asset charge.
- **Sub Transfer Agent (Sub TA) Expense Reimbursement**: The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.
- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.
- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

  The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

  First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.

- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.
