NOTE A | DESCRIPTION OF THE PLAN

The following description of the Southern Orthopedic Associates 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan, which was established December 6, 1979 and last restated January 1, 2015, is a 401(k) defined contribution plan covering all eligible employees of Southern Orthopedic Associates, S.C. and Southern Illinois Orthopedic Center, LLC (the Company), and Massac County Surgery Center, LLC (d/b/a The Orthopedic Institute Surgery Center) who are at least 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Great-West Life & Annuity Insurance Company is the custodian for all assets and has authority to purchase and sell investments of the Plan subject to participant elections in accordance with provisions of the Plan agreement.

Highly compensated participants may elect to maintain participant-directed brokerage accounts with Wells Fargo Securities. Great-West Life & Annuity Insurance Company acts as the custodian for the individual participants' Plan assets and Wells Fargo Advisors executes investment transactions for the participants at their direction.

2. Contributions

All participants may make tax deferred cash contributions (subject to limitations imposed under the Internal Revenue Code (IRC)) under a salary deferral agreement into accounts administrated by Benefit Plans Plus (the Plan Administrator) or participant directed investment accounts. Participants may also make contributions to a Roth account (after-tax contributions) subject to IRC limitations. The Company may make matching contributions equal to a discretionary percentage of each participant's elective deferrals. In 2019 and 2018, the Company elected not to make any matching contributions.

For 2019 and 2018, the Company elected to make safe harbor contributions to eligible participants equal to 3% of compensation. Profit sharing contributions for 2019 and 2018 respectively, were equal to 2.000% of wages for non-owners, and a profit sharing contribution equal to 10.214% and 10.270% for owners under a New Comparability Plan, as defined by the Internal Revenue Service. All contributions were based on cumulative maximum wages equal to $280,000 in 2019 and $275,000 in 2018.

NOTE A | DESCRIPTION OF THE PLAN

3. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching, safe harbor, and profit sharing contributions and the earnings on the individuals' investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The contributions to the Plan, both employee and employer, are allocated to the various investments at the direction of the participant. Participants should refer to each mutual fund's prospectus for a description of the fund's investment objectives or other information readily available for non-mutual fund investments.

4. Notes Receivable from Participants

Participants may borrow from their fund accounts an amount greater than $1,000 but less than 50% of the participant's vested account balance. In no event can the participant borrow more than $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan transfers are treated as a transfer to/from the investment fund from/to the Participant Loans. If a participant fails to make a required loan payment by the end of the calendar quarter following the calendar quarter in which the loan payment is due, they will be in default and the entire amount of the outstanding loan (plus accrued interest) will be taxed as a distribution.

5. Vesting

Participants are vested immediately in their contributions, safe harbor contributions, employer matching contributions, and actual earnings thereon. Participants vest in profit sharing contributions and actual earnings thereon as follows:

Years of Service	Vested and Non-Forfeitable
Less than 2 years	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

NOTE A | DESCRIPTION OF THE PLAN

6. Payment of Benefits

In the case of normal retirement, retirement due to permanent disability, death, or termination of employment, participants receive the value of their vested plan benefits in accordance with the provisions of the Plan in a lump-sum distribution.

7. Forfeited Accounts

Forfeitures of nonvested Company contributions may be used to reduce Company contributions or pay Plan expenses. The amount of nonvested forfeitures for the years ended December 31, 2019 and 2018 were $28,405 and $5,163, respectively.

8. Participant Hardship Withdrawals

A participant may withdraw from the Plan that portion of their account resulting from their elective deferrals in the event of undue hardship, as defined in the Plan.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

2. Valuation of Investments

The fair value of participation units and shares owned by the Plan in separate accounts is based on the fair market value on the last day of the business year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The unallocated insurance contracts are valued at contract value, which approximates fair value as estimated by Great-West Life & Annuity Insurance Company (Insurer). Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

3. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Contributions Receivable

The 2019 employer safe harbor and profit sharing contribution of $1,547,011 was remitted to the Plan in September 2020.

The 2018 employer safe harbor and profit sharing contribution of $1,459,786 was remitted to the Plan in September 2019.

5. Payments of Benefits

Benefits are recorded when paid.

6. Administrative and Investment Expenses

It is the policy of the Plan that certain administrative expenses pertaining to the Plan be paid by the Company. The participant directed brokerage accounts incur management and transaction related costs. These costs are deducted directly from the related participant account.

7. Participant Loans

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans to participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

NOTE C | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Through a group annuity contract, pooled separate accounts are invested in mutual funds that are registered with the Securities and Exchange Commission and required to publish their daily net asset value (NAV) and to transact at that price. Participants do not purchase shares of the mutual fund directly; they purchase units of the fund in the pooled separate account, based on the unit value on the day of the purchase or contribution. Units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

Participant Directed Brokerage Accounts: Accounts consist of common and preferred stock (equity investments), corporate bonds, government bonds and mutual funds. Mutual funds are valued at the net asset value ("NAV") of shares held by the account at year end. Assets are valued using the observable inputs set forth by major debt and equity markets upon daily settlement.

NOTE C | FAIR VALUE MEASUREMENTS

Input levels by investment category of the Plan's net assets at December 31, 2019 are as follows:

Investment Category	Level 1	Level 2	Level 3	Total
Commodities	$ -	$ -	$ -	$ -
Cash and Cash Equivalents	2,256	-	-	2,256
Mutual Funds	36,029,302	-	-	36,029,302
Total investments at fair value level	$ 36,031,558	-	-	$ 36,031,558

Input levels by investment category of the Plan's net assets at December 31, 2018 are as follows:

Investment Category	Level 1	Level 2	Level 3	Total
Commodities	$ 101,179	$ -	$ -	$ 101,179
Cash and Cash Equivalents	53,586	-	-	53,586
Mutual Funds	27,048,289	-	-	27,048,289
Total investments at fair value level	$ 27,203,054	-	-	$ 27,203,054

NOTE D | INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Insurer) totaling $454,074 and $410,293 at December 31, 2019 and 2018, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE D | INVESTMENT CONTRACT WITH INSURANCE COMPANY

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE E | INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company (the custodian of the Plan).

NOTE F | PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the Plan custodian. In 2019 and 2018, Great-West Life & Annuity Insurance Company was the custodian of the Plan's assets and is considered a party-in-interest as defined by ERISA. As of December 31, 2019 and 2018 the Plan assets held by Great-West totaled $36,884,342 and $28,089,093.

NOTE G | PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer profit sharing contributions.

NOTE H | TAX STATUS

The Plan constitutes a prototype non-standardized safe harbor cash or deferred profit-sharing and 401(k) plan whose basic design was approved by the Internal Revenue Service as of October 29, 2008 as satisfying the requirements of ERISA. The approval of the general form of the prototype plan by the Internal Revenue Service does not constitute a determination letter or ruling as to whether the actual Plan qualifies under the Internal Revenue Code Section 401(a). The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan, as designed, is qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

NOTE J | SUBSEQUENT EVENTS

Management evaluated all events and transactions that occurred after December 31, 2019 through October 15, 2020, the issue date of these financial statements. As a result of Coronavirus Disease 2019, which was declared a pandemic on March 11, 2020, the United States Federal Government, State and Local Governments, and other countries around the world have taken measures that have suddenly limited economic output. This has caused market prices of various investment asset classes to significantly decline in value in 2020. As of the date of this report, the measures taken by the governments are expected to be short-term in nature. However, due to the uncertainty of the overall effects of the Coronavirus and the length of time of economic measures taken by the Federal and State and Local Governments, there is also uncertainty on the value of the investment portfolio and its possible recovery as of the date of this report.

Additionally, in response to the economic impact of the Coronavirus pandemic, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted on March 27, 2020, which, among other things, contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. As of the date of this report, no provisions allowed by the CARES Act have been adopted by the Plan. The Plan is continuing to evaluate the impact of the CARES Act on its plan provisions, operations and cash flows.
