NOTE 1 - Description of the Plan

The following description of the GSG Consultants, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k)-provision sponsored by GSG Consultants, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan permits all employees of GSG Consultants, Inc., GSG Material Testing, Inc., and GSG-Probe Consulting, Inc. (collectively the "Company" or "Employer"), to participate. Employees may enter the Plan on the first day of the month after meeting eligibility. Upon enrollment in the Plan, participants may direct participant and company contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). The Plan allows participants to contribute their taxable annual compensation as a Roth 401(k) contribution. Participant who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover contributions). The Employer may, at its discretion, contribute participant matching contributions. Participants must be employed at the end of a plan year to receive employer discretionary matching contributions. For the year ended 2019, the Employer matched 50% of employee deferrals up to 3% of qualified wages as defined in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting Years of Service	Percentage Vested
0-1	0%
2	25%
3	50%
4	75%
5 or greater	100%

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

Forfeited accounts may be used to reduce employer matching contributions. For the year ended December 31, 2019, forfeitures of $3,923 were used for employer contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts totaled $6,132 and $2,156, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices. Investment choices are more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes Receivable from Participants

A participant may borrow from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have up to two loans outstanding at any specific time. The notes are secured by the balance in the participant's account. Interest on the notes receivable shall equal the prime rate plus 1%. Principal and interest payments are made ratably through payroll deductions. Loans are only granted for specific purposes as defined in the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2019 excess contributions to the applicable participant by March 15, 2020.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants may take in-service payment of benefits on rollover contributions, upon reaching the age of 59-1/2 or financial hardship if certain criteria are met, as defined in the Plan.

NOTE 2 -Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

NOTE 2 -Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

NOTE 3 -Information Prepared and Certified by Custodian - Unaudited

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information, included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Matrix Trust Company, the Custodian of the Plan:

Investments as of December 31, 2019 and 2018
Investment income for the year ended December 31, 2019
Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - Total investments

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy under authoritative guidance are described as follows:

NOTE 4 - Fair Value Measurements (cont.)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include
- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies - The fair value of registered investment companies, are valued using quoted market prices in active markets.

Money Market - The fair value of units owned is obtained from independent pricing data and is based on sales of similar securities and other observable market data.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy.

	2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,090,128	$ -	$ -	$ 4,090,128
Money Market	-	64,833	-	64,833
Investments at fair value	$ 4,090,128	$ 64,833	$ -	$ 4,154,961

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,708,626	$ -	$ -	$ 2,708,626
Money Market	-	56,051	-	56,051
Investments at fair value	$ 2,708,626	$ 56,051	$ -	$ 2,764,677

NOTE 5 - Parties-In-Interest

Certain of the Plan's investments are managed by the Custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - Tax Status

The Plan has adopted a non-standardized form of a prototype plan with CODA, sponsored by Correll Company. The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - Reconciliation of Financial Statements to Schedule H Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2019 and 2018:

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - Subsequent Events

The Plan has evaluated subsequent events through October 15, 2020, which is the date that the financial statements were approved and available to be issued.

In March 2020, the World Health Organization categorized the outbreak of coronavirus (COVID-19) as a pandemic. COVID-19 occurred globally causing significant fluctuations in financial markets in the United States and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. The Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, was signed into law on March 27, 2020 in response to the economic fallout of the COVID-19 pandemic in the United States. The CARES Act contains certain provisions that may impact requirements of how the Plan operates. Plan management is unable to determine to the full impact COVID-19 will have on the results and operations of the Plan.

The Plan's management has determined that there are no other subsequent events that require recognition or disclosure in the financial statements.
