ORIX USA Corporation Savings and Investment Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

General

The following description of ORIX USA Corporation Savings and Investment Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by ORIX Corporation USA (Company or Employer) and its related entities for the benefit of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Charles Schwab Bank (Schwab) is the trustee of the Plan and serves as plan custodian. The Plan was restated effective January 1, 2016, and has been subsequently amended since this restatement date.

Eligibility

All employees of the Company are eligible to participate in the Plan on the first day of the month following their hire date except for employees covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiation, leased employees, nonresident aliens with non-U.S. source income, individuals classified as independent contractors (whether employees or not) and temporary employees for specific projects or limited periods without expectation of future employment.

Contributions

Each year, participants may contribute up to 60% of their eligible compensation, as defined in the Plan. Employee rollover and employee Roth contributions are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. In addition, the Plan offers a self-directed brokerage account option. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Employer matching contributions are equal to 50% of an employee's contributions on the first 12.5% of compensation contributed to the Plan. The Company may also make discretionary matching contributions subject to the terms of the plan document. No additional discretionary Company match contributions were made in 2019 or 2018.

Participant Investment Account Options

Investment account options available include various funds and a self-directed brokerage account option. Each participant has the option of directing their contributions and employer matching contributions into any of the separate investment accounts offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, and an allocation of plan earnings and expenses thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Employer contributions vest 33% for each year of service with 100% vesting after three years of service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their account or in the form of installments as specified by the Plan.

At December 31, 2019 and 2018, no Plan assets were allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Notes Receivable from Participants

The Plan includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Forfeited Accounts

Forfeitures result from participants that terminate employment with the Company and are less than 100% vested in their account. Forfeitures are used to reduce the Company's future contributions and pay administrative expenses. During the years ended December 31, 2019 and 2018, forfeitures of approximately $210,000 and $115,000, respectively, were used to reduce the employer matching contributions. Forfeited nonvested accounts totaled $2 and $83,532 at December 31, 2019 and 2018, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Common and preferred stocks and corporate bonds, and equity securities are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in common collective and unit investment (held in self-directed accounts) trusts are valued at estimated fair value based on information reported by the investment advisor using the audited financial statements of the collective and unit trusts at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans may be reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Schwab, the trustee of the Plan, has certified that to the best of their knowledge, the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are funds managed by Schwab. Schwab is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

The Company provides administrative services at no cost to the Plan.

Note 5: Disclosure About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	$ 55,355,806	$ 55,355,806	$ -	$ -
Interest-bearing cash funds	101,337	101,337	-	-

Self-directed brokerage accounts including unit investment trusts	4,365,828	3,158,808	1,207,020	-
Investments at fair value	$ 79,691,924	$ 58,615,951	$ 21,075,973	$ -

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2019 and 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no Level 3 investments as of December 31, 2019 and 2018.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 7: Transfer of Plan Assets or Rollover Contributions

Effective April 1, 2019, ORIX USA acquired Lancaster Pollard & Co., LLC and approved an amendment to terminate the Lancaster Pollard & Co., LLC Safe Harbor 401(k) Plan (Lancaster Plan). All participants in the Lancaster Plan became 100 percent vested in that Plan upon termination and were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA, receive a lump-sum distribution or be paid through an annuity contract. An aggregate of $15,163,822 was transferred into the Plan during the year ended December 31, 2019 and is included as a transfer on the statements of changes in net assets available for benefits.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Schwab. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 10: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan was amended on January 1, 2020 allowing for immediate eligibility to the Plan upon hire.

Subsequent events have been evaluated through October 14, 2020, which is the date the financial statements were available to be issued.
