Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3, 5 and 9, which was certified by Minnesota Life Insurance Company, the asset holder of the Plan's investments, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Minnesota Life Insurance Company (Custodian) holds the Plan's investment assets and Securian, a division of Minnesota Life Insurance Company, executes investment transactions. The plan administrator has obtained a certification from Minnesota Life Insurance Company as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the Custodian is complete and accurate.

INDUSTRIAL MAINTENANCE WELDING & MACHINING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 - Description of plan

The following description of the Industrial Maintenance Welding & Machining 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Industrial Maintenance, Welding & Machining Company, Inc. ("Company") who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum percentage of pretax annual compensation allowable by IRS Code limitations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans and rollovers. The Company may make matching or qualified non-elective contributions at the discretion of its Board of Directors. Participants direct the investment of their contributions, and may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested upon entering the Plan.

Investment options

Participants direct investments of their account balances. Contributions to the Plan and account balances are invested in 20 pooled separate accounts of an insurance company under a group annuity contract, as well as the general account of the insurance company. The pooled separate accounts are available from a variety of different investment managers, and range from conservative to aggressive. The general account assets are invested in the general assets of the Minnesota Life Insurance Company, and consist predominately of fixed income investments.

Participants' notes receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loans are secured by the balance in the participant's account. Loans are subject to an interest rate equal to the prime rate in effect at the time of the granting of the loan plus 2%. Principal and interest are paid through weekly payroll deductions.

NOTE 1 - Description of plan (continued)

Payment of benefits

Distributions upon the death of a participant prior to receiving any benefits shall be made pursuant to the election of the participant or beneficiary. Distributions due to retirement, permanent and total disability and termination of employment are payable in lump sums or partial withdrawals.

NOTE 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting, and reported in accordance with generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of investments

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit–responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The auditors feel that the best estimate of fair value of the investment contract is in fact the contract value that it is reported at, therefore, no adjustment to fair value exists for the years ended December 31, 2019 and 2018. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payment of benefits

Benefits are recorded when paid.

Plan administrative expenses

Certain administrative expenses of the Plan have been paid by both the Plan and the Plan sponsor.

NOTE 3 - Fair value measurements

Fair Value Measurements Topic ASC 820 of FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level II – Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts – The assets of each pooled separate account are invested solely in mutual funds. Valued at fair value as published daily by Minnesota Life Insurance Company.

Guaranteed return account – The guaranteed return account assets are invested in the general assets of Minnesota Life. The general assets consist of mainly fixed income investments of high quality. The valuation technique used is the income approach using level 3 unobservable inputs. The guaranteed return account is reported at contract value which is considered to be a reasonable estimate of fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,982,112	$ -	$ 2,982,112
General account:				
Guaranteed return account	-	-	672,564	672,564
Total assets at fair value	$ -	$ 2,982,112	$ 672,564	$ 3,654,676

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,316,538	$ -	$ 2,316,538
General account:				
Guaranteed return account	-	-	632,936	632,936
Total assets at fair value	$ -	$ 2,316,538	$ 632,936	$ 2,949,474

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year December 31, 2019:

	General Account
Beginning balance	$ 632,936
Investment income, realized and unrealized gain, net	9,582
Purchases, sales, issuances and settlements, net	30,046
Ending balance	$ 672,564

NOTE 3 - Fair value measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year December 31, 2018:

	General Account
Beginning balance	$ 703,109
Investment income, realized and unrealized gain, net	10,927
Purchases, sales, issuances and settlements, net	(81,100)
Ending balance	$ 632,936

NOTE 4 - Investment contract with insurance company

In 2006, the Plan entered into a benefit-responsive investment contract with Minnesota Life Insurance Company. Minnesota Life maintains the contributions in a general account as well as various pooled separate accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The accounts are included in the financial statements at contract value as reported to the plan by Minnesota Life. Contract value represents contributions made to the account under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. As described in Note 2, valuation of investments, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed return account portion of the investment contract at December 31, 2019 and 2018 was $672,564 and $632,936, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.5%.

NOTE 5 - Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $526,440 for the year ending December 31, 2019, as follows:

	2019
Pooled Separate Accounts	$ 516,858
General Account	9,582
Total Appreciation in Value	$ 526,440

NOTE 6 - Related party transactions

Certain Plan investments are shares of pooled separate accounts, as well as the general account, and are managed by Securian, a division of the Minnesota Life Insurance Company. The Minnesota Life Insurance Company holds the assets and executes transactions as defined by the Plan, and, therefore, these transactions qualify as party-in-interest. Certain administrative fees were paid by the employer.

NOTE 7 - Plan termination

Although is has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Liquidation of the entire contract may cause a one-time adjustment to the contract value, resulting in a fair value different from the contract value.

NOTE 8 - Tax status

Industrial Maintenance Welding and Machining adopted the Minnesota Life Insurance Volume Submitter 401(K) Profit Sharing Plan effective September 1, 2014, as an amendment and restatement in its entirety of its previously established qualified Plan and Trust.

Although the Plan has not requested determination from the Internal Revenue Service as to the Plans' tax-exempt status, the master prototype plan from which the plan was drafted received a favorable determination letter from the IRS on March 31, 2014. The Plan has been amended since receiving the determination letter, however, the plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 9 - Information prepared and certified by trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2019	2018
Investments at fair value:		
Pooled separate accounts	$ 2,982,112	$ 2,316,538
General account	672,564	632,936
	$ 3,654,676	$ 2,949,474
Investment income (loss)	$ 526,440	$ (220,696)

NOTE 10 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported to have surfaced in China. The World Health Organization has declared a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. The U.S. government has also implemented enhanced screenings, quarantine requirements and travel restrictions in connection to the COVID-19 outbreak. The spread of this virus has the potential to cause business disruption to the Plan Sponsor beginning in March 2020, due to state government-imposed shutdowns of businesses and other results of the illness.

These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the potential adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 financial statements cannot be predicted at this time.

NOTE 11 - Subsequent events

The Plan's management evaluated subsequent events through October 14, 2020, the date which the financial statements were available to be issued and has identified the following events.

As noted in the risk section above, the novel coronavirus, COVID-19, has adversely affected work forces, economies, and financial markets.

In response to the adverse effects of COVID-19, the Company has implemented the changes that were enacted with the passing of the CARES Act on March 27, 2020. Within the CARES Act, new tax-favored withdrawal options and loan provisions are available for "qualified individuals" that certify they have experienced certain adverse financial consequences from the COVID-19 pandemic or the participant, their spouse or dependent have been diagnosed with COVID-19. The CARES Act is in effect from the date of passing until December 31, 2020. If a COVID-19 withdrawal is taken, the typical 10% early withdrawal penalty tax does not apply, the standard 20% withholding is reduced to 10%, and the income taxes for the distribution can be spread over 3 years. The maximum amount available for a participant to withdraw is $100,000, and they may be permitted to re-contribute the amount within 3 years (as a rollover), without regard to contribution limits. IRS plan loan limits for participants requesting new loans have been increased to 100% of their vested account balance, up to $100,000. Plan loan payments due during the term of the CARES Act can be delayed for one year with this time period disregarded from the loan's term.

RE: Industrial Maintenance, Welding & Machining 401(k) Plan

EIN:	35-1347953
Plan Number:	002
Plan Year Ended:	12/31/2019

Dear Sir or Madam:

The above referenced employer sponsored plan has contracted with Securian Financial to prepare their government reporting forms and applicable schedules effective date.

The 2019 Form 5558 was submitted with incorrect dates. The form was delivered on 07/30/2020 via UPS delivery (tracking number 1Z560X000104558117) to the IRS facility in Ogden Utah. When the error was discovered, every effort was made to correct the issue in a timely manner.

This is the result of an administrative error, rather than a willful disregard of compliance requirements as outlined by reporting and disclosure regulations. We respectfully request that no penalties be assessed with respect to the filing, as any assessment of penalties would not be in the best interest of the plan or the plan participants.

Under **penalties of perjury** as required under Section 2560.502c-2(e)**,** I declare that the facts outlined above are, to the best of my knowledge, true and accurate. If you would like to discuss the matter further, please feel free to contact me at (219) 393-5531.

Sincerely,

Stephen Sularski
Plan Administrator
Industrial Maintenance
