Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Nationwide Life Insurance Company, the trustee of the Plan. Their report, dated October 8, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Impact MHC Management, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The original Plan was established effective January 1, 2018 by the Company for the benefit of its employees and the employees of any affiliated employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan covering substantially all employees of Impact MHC Management, LLC (the Company) who have completed 90 consecutive days of service and attained the age of 21. Effective January 1, 2019, the plan entry date is the first day coinciding with or after eligibility requirements are met. For the year ended December 31, 2018, the plan entry date was the first day of the calendar month, coincident with or next following the date the eligibility requirements were met.

Participant Contributions

Each year, participants may contribute before tax and qualified Roth deferrals to the Plan, up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer Contributions

The Company makes safe harbor matching contributions and may elect to make discretionary profit-sharing contributions each year. For the Plan years ending December 31, 2019 and 2018, the Company matched 100% of the participant’s deferred compensation that is not in excess of 4% of the participant’s compensation. The Company did not make any discretionary profit-sharing contributions for the years ended December 31, 2019 and 2018. Contributions are subject to certain IRS limitations. For the years ended December 31, the Company made matching contributions of $276,930 (2019) and $46,129 (2018).

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company’s safe harbor matching contributions and discretionary profit-sharing contributions, as well as allocations of the Plan’s earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can

be provided from the participant's vested account. The amount that can be added each year to a participant's account, which includes contributions made by the participant and the Company on behalf of the participant's behalf, is subject to restrictions imposed by the IRC.

Investment Elections
Each participant may direct that salary reductions to his or her account be invested in one or more of the investment options offered. Participants may change such allocations at any time directly with Nationwide Life Insurance Company (Nationwide), the Plan trustee.

Vesting
Participants are vested immediately in their contributions, the Company's safe harbor matching contributions and discretionary profit-sharing contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate will be based on the Prime rate as reflected in the Wall Street Journal on date of loan plus 1%. Principal and interest is paid ratably through monthly payroll deductions. Participants may have only one loan outstanding at any one time.

Payment of Benefits
Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $5,000. Participants may elect to either receive the distribution in cash or to roll over the distribution to an individual retirement account or the qualified plan of the participant's new employer. However, if the vested amount of the participant's account exceeds $1,000, but does not exceed $5,000, and the participant does not timely return their election forms, the plan administrator must transfer the participant's vested account to an individual retirement account established in the participant's name; unless the distribution occurs after the age of 70½.

Participants may also make certain voluntary in-service withdrawals after age 65 or hardship withdrawals if certain conditions are met.

Effective January 1, 2019, the Plan adopted final regulations published by the IRS in relation to legislation included in the Bipartisan Budget Act of 2018. The following changes were made to the Plan:

- Participants may now take a hardship distribution from earnings on all elective deferrals and qualifying contributions, including Roth contributions.
- The six month suspension period for elective deferrals and after-tax contributions will no longer be a condition for obtaining a hardship distribution.
- Participants are no longer required to take out all available Plan loans as a condition to qualify for a hardship distribution.
- The determination of financial need is more clearly defined.
- A hardship distribution cannot exceed the amount of the participant's need (including any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution).

- The participant must first obtain other available distributions (not including hardship distributions or plan loans) under the Plan and all other plans maintained by the Company, whether qualified or nonqualified.
- The participant must represent (in writing or by an electronic medium) that he or she has insufficient cash or liquid assets "reasonably available" to satisfy the participant's financial need.

Forfeited Accounts
At December 31, 2019 and 2018, there were no forfeited non-vested accounts. In the event of forfeited non-vested accounts, these accounts will be used to pay future Plan expenses or offset future employer contributions. During 2019 and 2018, no forfeitures were used to reduce Plan expenses or employer contributions.

Plan Tax Status
The Plan uses a prototype plan document sponsored by Retirement Planning Services, Inc. (RPS). RPS received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value except for its investment in group annuity contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment in Group Annuity Contracts
As described in Accounting Standards Codification (ASC) 962, Plan Accounting-Defined Contribution Pension Plans, as updated by Accounting Standards Update 2015-12, investment contracts held by a defined contribution plan are required to be reported at contract value. The Fixed Select contract is a group annuity contract issued by Nationwide Life Insurance Company and is backed by the full faith and creditworthiness of the issuer. The Fixed Select contract is a group annuity contract designed for participants who are looking for stability, who have low risk tolerance, and who are seeking the security

of a fixed contract with the exchange potential of a mutual fund. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Guarantees are based on the claims-paying ability of Nationwide Life and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2019 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid or contract value paid over time. Additionally, there are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid over time. The Plan considers this contract to be fully benefit responsive. The guaranteed income fund is included at its contract value in the statements of net assets available for benefits. At December 31, the contract value was $23,237 (2019) and $3,010 (2018).

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statements of changes in net assets available for benefits and are expensed when they are incurred.

Payment of Benefits
Benefits are recorded when paid by the trustee.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan complies with Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair value, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2019 are as follows:

Description		Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds		$ 1,397,460	$ -	$ -	$ 1,397,460
	Total	$ 1,397,460	$ -	$ -	$ 1,397,460

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2018 are as follows:

Description		Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds		$ 600,438	$ -	$ -	$ 600,438
	Total	$ 600,438	$ -	$ -	$ 600,438

NOTE 5 - TRANSFERS OF ASSETS INTO THE PLAN

The transfers of assets to the Plan for the years ending December 31, of $86,468 (2019) and $545,615 (2018) presented on the accompanying statements of changes in net assets available for benefits relate to assets transferred in from other defined contribution plans that occurred when employees of plan sponsors of the other plans transferred their employees into the Company at which time such employees became covered by the Plan.

NOTE 6 - PLAN TERMINATION

Although it has expressed no intention to do so, the Company has the right, under the Plan, to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan then held by the trustee shall be allocated among the appropriate participant accounts.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and investments in a group annuity contract managed by Nationwide, the Plan's the trustee. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year). The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic (see Note 10). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 9 - CORRECTIVE CONTRIBUTIONS

The Company is in the process of making a corrective contribution under the IRS Self-Correction Program as it relates to missed employee contributions on two special payrolls, various final employee paychecks, and true up employer safe harbor matching contributions relating to the years ending December 31, 2019 and 2018. At this time, the estimated corrective contribution of $22,514 has been included in the financial statements.

NOTE 10 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 14, 2020, the date on which the financial statements were available to be issued.

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global, national, and local markets, supply chains, businesses, and communities. The economic effects of the COVID-19 pandemic have already caused a significant decrease in fair values of most investment securities and significant increases in volatility of securities markets. The Plan believes it is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of December 31, 2019.

Due to the economic effects of COVID-19, the Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which are laws that change the Plan to, among others, suspend required minimum distributions and delay the commencement date for required minimum distributions.
