INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Reynolds Polymer Technology, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4a-Schedule of Delinquent Participant Contributions and Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Reynolds Polymer Technology, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Reynolds Polymer Technology, Inc. (the Company) who have completed one month of service. The Company is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the terms of the Plan, participants may elect to make both pre-tax and after-tax contributions. The total of each participant's annual pre-tax and after-tax contributions are subject to applicable Internal Revenue Code (IRC) limits. Additionally, all employees eligible to participate in the Plan that have attained age 50 before the close of the plan year are eligible to make pre-tax and after-tax catch-up contributions up to the maximum amount allowed under the IRC. Each year, the Company makes a safe harbor matching contribution equal to 3% of each participant's compensation, plus 50% of each participant's elective deferrals greater than 3% up to 5% of their compensation. The Company may also make a profit sharing contribution each year at its discretion. The amount that can be added each year to a participant's account, which includes contributions made by the participant and the Company on the participant's behalf, is subject to restrictions imposed by the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions made on the participant's behalf, and an allocation of Plan earnings. Additionally, Plan expenses are paid by the participants by reducing each participant's contribution by an allocated amount. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions made by the Company, and profit sharing contributions made by the Company plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loan terms are up to five years or fifteen years if used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime rate plus one percentage point on the date of the loan.

Payment of Benefits
Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Distributions greater than $1,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than $5,000 may continue holding investments within the Plan, or elect to withdraw. Prior to separation from service, a participant may elect to receive a distribution of all or any portion of the participant's account balance attributable to deferral contributions, safe harbor contributions made by the Company, and profit sharing contributions made at the Company's discretion if the participant has attained the age of 59½ or the participant has incurred a disability.

Forfeitures
If a participant terminates service prior to earning enough years of service to become fully vested in the Plan's top heavy contributions, they will forfeit the amount in which they are not vested. Forfeitures may be used to offset employer contributions for the Plan year in which the forfeiture occurs or in the Plan year immediately following the year in which the forfeiture occurs. No forfeitures were used to reduce employer contributions for the years ended December 31, 2019 or 2018.

Administrative Expenses
Administrative expenses shown in the Plan's statements of changes in net assets available for benefits include fees charged to the Plan's investments and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

Plan Tax Status
The Plan has obtained a tax determination letter in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement. Interest income is recorded on the accrual basis.

Payment of Benefits
Benefits are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2019 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed account and Money market fund: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: Valued based on the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. As of December 31, 2019, pooled separate accounts held by Voya are valued at their "accumulation unit value" (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2019 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Fixed account	$ -	$ 48,014	$ -	$ 48,014
Total assets in fair value hierarchy	$ -	$ 48,014	$ -	48,014
Investments measured at NAV (a)				5,408,995
Investments at fair value				$ 5,457,009

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2018 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Money market fund	$ -	$ 42,304	$ -	$ 42,304
Fixed account	-	-	-	-
Total assets in fair value hierarchy	$ -	$ 42,304	$ -	42,304
Investments measured at NAV (a)				4,642,636
Investments at fair value				$ 4,684,940

(a) Includes pooled separate accounts which are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although they have expressed no intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA and any collective bargaining agreements in effect at the time. In the event of Company termination, all participants will become 100% vested in their accounts.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic (see Note 9). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Trustee of the Plan manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year). Participant loans also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules.

The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees.

NOTE 8 - DELINQUENT REMITTANCE OF CONTRIBUTIONS

During 2018, the Company failed to remit an employee deferral of $50. This deferral was included in the Plan's receivables at December 31, 2018. This was corrected during the year ended December 31, 2019.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2020, the date at which the financial statements were available to be issued and determined that no events have occurred that would require disclosure.

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global, national, and local markets, supply chains, businesses, and communities. The economic effects of the COVID-19 pandemic has already caused a significant decrease in fair values of most investment securities and significant increases in volatility of securities markets. The Plan believes it is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of December 31, 2019.

Due to the economic effects of COVID-19, the Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which are laws that change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.
