DICARLO DISTRIBUTORS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the DiCarlo Distributors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 2019, is a defined contribution plan covering substantially all employees of DiCarlo Distributors, Inc. (the "Company"). The Company exited a multi-employer pension plan and transferred the funds from the multi-employer pension plan into the Plan. Employees who have completed three months of service and are 21 years of age, or older, are eligible to participate with respect to elective deferrals. Employees who are age 21 or older are eligible to participate with respect to the Company's nonelective contributions when they complete 1,000 hours of service. Eligible employees become Plan participants the month following satisfaction of the respective eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan trustees and administrators are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute from 1% up to 90% of their annual compensation, as defined in the Plan. Participants may contribute these amounts from their pre-tax annual compensation or from their post-tax annual compensation (Roth contributions), or a combination of both. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective June 1, 2019, the Plan includes an auto-enrollment provision, whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. The Company may elect to make a nonelective contribution to each participant's account based on his or her taxable wage base. Nonelective contributions are invested in a portfolio of investments as directed by the participants. The Company did not make a nonelective contribution to the Plan for the year ended December 31, 2019. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DICARLO DISTRIBUTORS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's nonelective contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 2% above the prime rate at the time of the note, which range from 5.25% to 7.50% as of December 31, 2019. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, partial payments, or payments in the form of an annuity, as defined in the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which, if any are held by the Plan, are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, if any, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, "*Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*". The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. ASU 2018-13 will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of ASU 2018-13 are not expected to have a material impact on the Plan's fair value disclosures, nor an impact on the fair value measurement of the investments.

In July 2018, the FASB issued ASU 2018-09, "*Codification Improvements*". ASU 2018-09 provides amendments to a wide variety of topics in the FASB's ASC. Specific to employee benefit plans, this ASU includes an amendment to Subtopic 962-325, "*Plan Accounting - Defined Contribution Pension Plan - Investments - Other*". This amendment updates the consideration for whether a certain type of investment should be considered to be eligible to use the net asset value per share practical expedient when there is actually a readily determinable fair value. Investments that have a readily determinable fair value are precluded from using the net asset value per share practical expedient and should be included in the fair value hierarchy disclosure. ASU 2018-09 will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of ASU 2018-09 are not expected to have a material impact on the Plan's fair value disclosures, nor an impact on the fair value measurements of the investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued (see Note 8).

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

DICARLO DISTRIBUTORS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 3 - Fair Value Measurements (continued)

Common Collective Trust Fund: Valued at the net asset value per unit (net assets divided by units outstanding) of the underlying fund. The NAV, as provided by Reliance Trust Company, the Custodian of the Plan, is a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Assets at Fair Value as of December 31, 2019</u>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 6,471,179	\$ 6,471,179
Total assets in the fair value hierarchy	6,471,179	6,471,179
Investment measured at net asset value	<u>-0-</u>	<u>1,351,978</u>
Total investments at fair value	<u>\$ 6,471,179</u>	<u>\$ 7,823,157</u>

There were no Level 2 or Level 3 assets held by the Plan as of December 31, 2019.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The common collective trust fund ("Fund") in which the Plan participates, is maintained by Reliance Trust Company, the Custodian of the Plan. Interests in the Fund are represented by units, each of which represents an undivided pro-rata share of the net assets of the fund. Although similar in nature to mutual funds, the Fund is not traded on an active market. Participant transactions (purchases and sales) may occur daily, without requiring notice or restrictions of redemption. The Plan has no unfunded commitments for the Plan year ended December 31, 2019.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company nonelective contribution portion of their account.

DICARLO DISTRIBUTORS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5 - Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit sharing plan, pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated July 8, 2014, that the prototype non-standardized profit sharing plan is acceptable with the applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Certification

Certain information related to investments and notes receivable from participants held at December 31, 2019 and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the Custodian of the Plan.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Investment Concentrations

At December 31, 2019, three of the investments held by the Plan individually amounted to approximately 10% or more of net assets available for benefits, and approximately \$3,773,000 or 48% in the aggregate.

NOTES TO FINANCIAL STATEMENTS

Note 8 - Subsequent Events

As a result of the spread of COVID-19, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impacts could occur though such potential impacts are unknown at this time.

In December 2019, the President of the United States signed into law the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") which calls for reform of the retirement system. The provisions of the SECURE Act require significant changes to Plan administration and recordkeeping and is effective as of January 1, 2020. Some of the most significant changes that will impact the Plan include the following:

- Delay in required minimum distributions (from 70½ years of age to 72 years of age);
- Acceleration of post death minimum required distributions;
- New in-service withdrawals for childbirth and adoption expenses; and
- Form 5500 changes and increased penalties.
