NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the CBS Television Distribution Production 401(k) Plan (the "Plan") and is provided for general information only. Participants should refer to the Plan document for more complete information regarding the Plan.

Effective January 1, 2016 (the "Effective Date"), the CBS Television Distribution Production 401(k) Plan was established. The Plan's recordkeeper was Vanguard and the Plan's trustee and custodian was Ascensus Trust Company. Effective January 1, 2020, Fidelity Management Trust Company ("Fidelity") became the trustee and custodian for the Plan and Fidelity Workplace Services LLC became the recordkeeper of the Plan. In connection therewith, the Plan's assets were transferred to Fidelity of which certain investments were liquidated and classified as cash in transit and received by Fidelity on January 2, 2020.

The Plan is a defined contribution plan sponsored by KWP Studios, Inc. (the "Company"). During 2019, eligible employees of the Company, who were not covered by a collective bargaining arrangement and had reached the age of 21, could enroll in the Plan after completing at least 1,000 hours of service in a twelve-month period working in productions of "Entertainment Tonight", "Judge Judy", "Hot Bench", "Rachael Ray", "The Late Show" and "The Late Late Show". The age and service requirements were waived if a person was employed full time by the Company as of the Effective Date. Participants were automatically enrolled in the Plan on the first day of the month following the attainment of age and service requirements, unless they already voluntarily enrolled, or had elected not to participate. Effective January 1, 2020, eligibility is based on completing six months of service rather than 1,000 hours of service in a twelve-month period. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Exempt Party-in-Interest Transactions
Certain Plan investments were shares of funds managed by Vanguard and therefore qualify as party-in-interest transactions. The fair value of these investments was $270,639 at December 31, 2018. For the year ended December 31, 2019, these investments depreciated by $85,310 and earned dividends of $8,677.

Participant Accounts
Each Plan participant's account is credited with the participant's contributions, the participant's share of the investment income (loss) and any allocated realized or unrealized gains (losses) of the Plan's assets, net of certain Plan expenses. The benefit to which a participant is entitled is the participant's vested account balance.

Contributions
Participants may contribute up to 20% of pre-tax annual compensation, as defined in the Plan. Contributions are subject to certain limitations. Participants may also make rollover contributions from distributions made from certain other eligible retirement plans. There are no Company matching contributions. All contributions are made to participant directed investments in various registered investment companies (mutual funds) and a common collective fund. Contributions for participants who do not make investment elections are defaulted into the Plan's Qualified Default Investment Alternative, which is the BlackRock LifePath Index Fund with a target date that most closely aligns with the year in which the employee turns 65. The Code limit for participant contributions on a before-tax basis was $19,000 for 2019. All participants who have attained age 50 before the close of the calendar year are eligible to make catch-up contributions. The Code limit for catch-up contributions was $6,000 in 2019.

Vesting
Participants in the Plan are immediately vested in their own contributions and earnings thereon.

Notes Receivable from Participants
Eligible participants may request a loan for up to the lesser of $50,000 (reduced by the highest outstanding loan balance in the previous 12 months) or 50% of the participant's vested account balance. During 2019, the minimum loan available to a participant was $1,000 and only one loan could be outstanding at any time. Loan terms range from 0 to 60 months or over a longer period of time, as determined by the Plan administrator, for the acquisition of a principal residence.

The loans are collateralized by the balance in the participant's account. The interest rate on participant loans is one percentage point above the annual prime commercial rate. Principal and interest are collected ratably through regular payroll deductions.

As of December 31, 2019, all of the loans outstanding carried an interest rate between 6.00% and 6.50%.

Payment of Benefits
Payment of benefits can be made under a number of circumstances including, termination of service due to death, disability or retirement. A participant or beneficiary is entitled to receive benefits in the form of a lump-sum payment equal to the value of the participant's vested interest in his or her account or a non-recurring partial payment from the participant's vested interest based upon terms set forth in the Plan document. Additionally, participants can, upon termination, roll over distributions into an Individual Retirement Account ("IRA") or another company sponsored plan. The Plan also allows for hardship withdrawals under certain circumstances.

Plan Expenses
During 2019, all recordkeeping and trustee fees for the administration of the Plan, with the exception of loan, distribution, and investment transaction fees, were paid by the Company. Loan, distribution, and investment transaction fees are paid from participant accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States ("GAAP").

Investment Valuation
Investments in registered investment companies are reported at fair value based on quoted market prices representing the net asset value of the shares held in the Plan. The fair value of the Plan's investment in a common collective fund is determined using the Net Asset Value ("NAV") provided by the administrator of the fund as a practical expedient. The NAV is determined by the fund's trustee based upon the fair value of the underlying assets owned by the fund, less liabilities, divided by the number of outstanding units. The common collective fund has daily redemptions and a trading term of one day for participant directed redemptions. Complete liquidation of the Plan's investment requires twelve months' notice unless waived at the discretion of the investment manager. There was no investment in a common collective fund at December 31, 2019. The common collective fund had no unfunded commitments at December 31, 2018.

Security Transactions and Income Recognition
Purchases and sales of securities are recorded on the trade date. The historical average cost basis is used to determine gains or losses on security dispositions. Interest income is recorded on an accrual basis and dividend income is recorded on the ex-dividend date.

Net appreciation or depreciation in the fair value of investments, included in the Statement of Changes in Net Assets Available for Benefits, consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments presented at fair value.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefit payments are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions, such as those regarding fair value of investments, that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events
In March 2020, the U.S. government passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) to provide expanded access to retirement plan accounts during the COVID-19 pandemic. The Plan adopted provisions relating to the withdrawal feature made available to individuals impacted by COVID-19. Those withdrawals first became available under the Plan as of April 6, 2020 and will be available through December 31, 2020. The CARES Act also granted a one-year waiver for required minimum distributions ("RMDs") otherwise payable in 2020, including distributions for Plan participants who turned 70 ½ in 2019 and would ordinarily have received two distributions in 2020 - one in April for 2019 and another by year-end for 2020. The Plan suspended RMDs payable after the CARES Act was enacted.

The Company performed an evaluation of subsequent events for the Plan through October 15, 2020, which is the date the financial statements were available to be issued.

Recent Pronouncements

Changes to the Disclosure Requirements for Fair Value Measurements

In August 2018, the Financial Accounting Standards Board (“FASB”) issued amended guidance that eliminates, adds and modifies certain disclosure requirements for fair value measurements. This guidance, which is effective for annual periods beginning after December 15, 2019, with early adoption permitted, is not expected to have an impact on the Plan's financial statements.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risk. Market values of investments could decline for several reasons including, changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades. In addition, the coronavirus disease (“COVID-19”) pandemic has negatively impacted, and may continue to negatively impact, the macroeconomic environment in the United States and globally. The magnitude of the impact will depend on numerous evolving factors, including the duration and extent of the pandemic, the impact of federal, state, local and foreign governmental actions, consumer behavior in response to the pandemic and such

governmental actions, and the economic and operating conditions in the aftermath of COVID-19. Due to the evolving and uncertain nature of the pandemic, as well as the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the related Statement of Changes in Net Assets Available for Benefits.

Dividend income of $77,674 was attributable to the Plan's investments in registered investment companies and common collective fund for the year ended December 31, 2019.

NOTE 5 - FAIR VALUE MEASUREMENTS

The following tables set forth the Plan's financial assets measured at fair value on a recurring basis at December 31, 2019 and 2018. See Note 2 for the valuation methodology used to measure the fair value of these investments. There have been no changes to the methodologies used to measure the fair value of each asset from December 31, 2018 to December 31, 2019. These assets have been categorized according to the three-level fair value hierarchy established by the FASB, which prioritizes the inputs used in measuring fair value. Level 1 is based on quoted prices for the asset in active markets. Level 2 is based on inputs that are observable other than quoted market prices in Level 1, such as quoted prices for the asset in inactive markets or quoted prices for similar assets. Level 3 is based on unobservable inputs reflecting the Plan's own assumptions about the assumptions that market participants would use in pricing the asset. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan has no investments classified within Level 2 or 3 of the valuation hierarchy.

Registered investment companies [(a)]	$ 146,249	$ 146,249

(a) Primarily invested in equities and fixed income securities.

(b) In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

NOTE 6 - INCOME TAX STATUS

On March 31, 2015, the IRS stated that the prototype adopted by the Plan qualified under Section 401(a) of the Code and that the Plan thereunder was exempt from federal income taxes under the provisions of Section 501(a) of the Code. Although the Plan has been amended since receipt of the IRS determination letter and, as of January 1, 2020, is no longer a prototype plan, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code. In addition, the Company has concluded that as of December 31, 2019, there were no uncertain tax positions taken or expected to be taken that require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are no audits in progress for any tax year.

NOTE 7 - TERMINATION PRIORITIES

Although it has not expressed any intent to do so, the Company reserves the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. Upon termination, the Plan provides that the net assets of the Plan would be distributed to participants based on their respective account balances.
