NOTE 1 – DESCRIPTION OF PLAN

The SWNB Bancorp Inc. 401(k) Plan (the Plan) is a defined contribution plan adopted by SWNB Bancorp, Inc. (the Company) effective as of March 1, 1999 and was amended and restated effective October 15, 2015. The Plan is designed to provide eligible employees the opportunity to save for retirement on a tax-advantaged basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Significant provisions of the Plan are summarized below. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Eligibility – The Plan covers employees of the Company, except non-resident aliens and employees covered under a collective bargaining agreement. All non-excluded employees of the Company who have attained age 21 and completed six months of service are eligible to participate in the Plan. The entry date will be the first day of the month on or after the employee satisfies the eligibility requirements.

Contributions – Participants may contribute from 1% to 100% of their earnings in any combination of before-tax, after-tax and Roth contributions. Participants may separately specify the contribution percentages that apply to non-bonus earnings and to their bonus. In addition, participants who have attained age 50 as of the last day of the calendar year are eligible to contribute additional before-tax or Roth contributions during such year that may exceed normal Plan limits.

The Company will match 50% of a participant's contributions to the Plan as a before-tax, after-tax, or Roth contribution, up to 6% of a participant's earnings. These Company matching contributions are made each pay period, and are contributed at the same time and the same manner as that of the participant's elective contributions to which they relate.

Rollover contributions from qualified retirement plans and certain IRAs are also permitted by the Plan.

All contributions are subject to certain limitations of the Internal Revenue Code (IRC).

Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants decide how to invest their accounts in the Plan into various investment securities. The Plan currently offers mutual funds and a fixed annuity as investment options. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting – Participants are always 100% vested in their salary deferrals and rollovers, plus actual Plan earnings or losses thereon. A participant's vested percentage in their accounts attributable to employer contributions plus actual Plan earnings or losses thereon is based on years of vesting service. A participant is 100% vested in employer contributions after six years of vesting service.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance, or $50,000 reduced by the highest outstanding loan balance in the last 12 months. The loans are secured by the balance in the participant's account. The loan interest rate is fixed and is the prime rate for the month in which a participant requests the loan plus 1%.

Principal and interest are paid ratably through after-tax payroll deductions within a period of at least 12 months, but no more than 60 months, unless the loan is to be used to acquire a principal residence. If a participant terminates employment with the Company, he or she may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant.

Payment of Benefits Upon Severance From Employment – Participants can receive a total distribution of their vested Plan account balance upon termination of employment. If a participant dies, their beneficiary receives the distribution of the participant's account.

Upon termination of employment, participants can receive an immediate lump-sum distribution of their account. If a participant's balance is $1,000 or less and they have not already commenced receiving installment payments, they will automatically receive a final payment of the balance in their account. However, if a participant's account balance is more than $1,000, they can take an immediate lump-sum distribution or elect other distribution options. Participants may also elect a direct rollover to another employer's eligible retirement plan or to an IRA.

Participants may take in-service distributions while still employed with the Company if they are age 59 ½ or older at the time of the distribution. If a participant has a financial hardship due to immediate and heavy financial need, they may also withdraw from their vested account.

Forfeited Accounts – Any unvested portion of a terminated participant's account shall be forfeited. Amounts arising from forfeitures shall be used to reinstate previously forfeited amounts, reduce future employer contributions or pay reasonable Plan administrative expenses. At December 31, 2019 and 2018, forfeited accounts totaled $915 and $904, respectively. During 2019, forfeitures of $4,930 were used to reduce employer contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued (*see Note 9*).

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework under FASB ASC 820 for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement. As of December 31, 2019 and 2018, the Plan had no level 3 assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuities – Valued using the market approach. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches. Liquidation value is based on an actuarial formula as defined under the terms of the group funding agreement. There are no unobservable inputs within this formula.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019		
	Level 1	Level 2	Total
Mutual funds	**$ 5,365,706**	**$ -**	**$ 5,365,706**
Fixed annuity	**-**	**1,104,275**	**1,104,275**
Total investments at fair value	**$ 5,365,706**	**$ 1,104,275**	**$ 6,469,981**

	2018		
	Level 1	Level 2	Total
Mutual funds	$ 3,698,760	$ -	$ 3,698,760
Fixed annuity	-	1,082,748	1,082,748
Total investments at fair value	$ 3,698,760	$ 1,082,748	$ 4,781,508

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2019 the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

The Company currently intends to continue the Plan indefinitely, but retains the right to terminate the Plan, in whole or in part, at any time and for any reason. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Company adopted a volume submitter plan with CODA sponsored by Great-West Trust Company, LLC and received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the volume submitter plan as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified. U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any in progress tax periods.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent to year-end, many countries around the world, including the United States of America, were impacted by the coronavirus (the "virus" of COVID-19) pandemic. While the virus is continuing to evolve, its implications are triggering volatility in financial markets and a significant negative impact to the global economy. As a result, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. At this time, the Company cannot quantify the extent of any market fluctuations that the virus may have on the Plan's financial information.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19-related distributions, a temporary increase in the maximum amount for retirement plan loans and an extension of the period for loan repayments, if applicable, through December 31, 2020. The Company is continuing to evaluate the relief provisions available to Plan participants under the CARES Act and has implemented the provisions above.
