U.S. ORAL SURGERY MANAGEMENT, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the U.S. Oral Surgery Management, LLC Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by U.S. Oral Surgery Management, LLC (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Irving, Texas.

The Plan was effective November 1, 1971, restated most recently October 1, 2019, and is a defined contribution plan available to substantially all employees of the Company. All employees of the Company are immediately eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, certain non-resident aliens, and part-time, temporary, or seasonal employees whose regularly scheduled service is less than 1,000 hours of service per year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Throughout 2019, ten separate plans resulting from acquisitions during 2018 and 2019 merged into the Plan. As a result, transfers from the other plans in the amount of $15,568,412 are recorded in the Plan's financial statements.

Contributions

Participants may contribute up to 100% of their payroll period compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. In addition, some or all of a participant's contributions may be designated as a Roth deferral contribution. Roth deferral contributions are made on an after-tax basis; however, such contributions will not be taxed at the time of distribution. Eligible participants may also make rollover contributions to the Plan from another qualified plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

A. Description of the Plan – continued

Contributions – continued

The Company provides safe harbor non-elective employer contributions to Plan participants in an amount equal to 3% of each eligible participant's compensation for each Plan year ending December 31, 2019 and 2018.

The Company may make discretionary match contributions to the Plan equal to a uniform percentage of a participant's salary deferral. Additionally, the Company may make a discretionary profit sharing contribution to the Plan as determined annually by the Plan Sponsor. In order to be eligible, participants: (1) must be employed on the last day of the year and complete 1,000 hours of service during the year; or (2) will be eligible in the year of death, disability, termination of employment after normal retirement age, or termination of employment after early retirement date. In 2019, the Company did not make a discretionary match contribution, nor a discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Safe harbor non-elective employer contributions plus actual earnings are fully vested immediately.

Vesting in the Company profit sharing discretionary match, as well as the discretionary employer profit sharing contributions, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

A. Description of the Plan – continued

Vesting – continued

Plans merged in 2019 will continue to follow the vesting schedule from previous company contributions as outlined in the applicable plan documents.

Participant Loans

Participants may borrow from their accounts a minimum of $500 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balances. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2019 and 2018, interest rates range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers or lump-sum payments. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may elect to withdraw all or a portion of his or her salary reduction contributions while employed after reaching age 59 ½. A participant may also receive a hardship distribution from salary reduction contributions if the distribution meets one of the following conditions: (1) on account of uninsured medical expenses incurred by the participant, his or her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence for the participant; (3) for the payment of post-secondary tuition expenses for the participant, his or her spouse, or dependents; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for funeral expenses for the participant's parents, spouse, or dependents; or, (6) for payments to repair the participant's principal residence that would qualify for a casualty loss deduction.

A. Description of the Plan – continued

Benefit Payments – continued

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset plan expenses. During 2019, forfeitures used to reduce plan expenses were approximately $11,800. Unallocated forfeitures outstanding as of December 31, 2019 and 2018, were $385 and $352, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and record keeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

C. Fair Value Measurements – continued

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

- Self-directed brokerage accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2019	
	Level 1	**Total**
Mutual funds	$35,455,334	$35,455,334
Self-directed brokerage accounts	3,816,542	3,816,542
Total investments at fair value	$39,271,876	$39,271,876

	2018	
	Level 1	**Total**
Mutual funds	$21,184,634	$21,184,634
Total investments at fair value	$21,184,634	$21,184,634

C. Fair Value Measurements – continued

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended December 31, 2019, there were no significant transfers between levels.

D. Information Certified by the Trustees

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2019 and 2018, the total investment income for the year ended December 31, 2019, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Tax Status

The Plan utilized a prototype document sponsored by DST Retirement Solutions, LLC until September 30, 2019 which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 1, 2015, that states the document is acceptable under section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the Code.

Effective October 1, 2019, the Plan adopted the Fidelity Research and Management Company Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

E. Tax Status – continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Fidelity Management Trust Company as well as an affiliate of the former trustee. Fidelity Management Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2019 and 2018, per the accompanying financial statements to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$40,616,186	$21,536,353
Current year participant receivables	-	(6,724)
Current year employer receivables	(1,227,449)	(296,635)
Net assets available for benefits per the Form 5500	$39,388,737	$21,232,994

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2019, per the accompanying financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$3,511,421
Prior year participant contributions receivable per the financial statements	6,724
Prior year employer contributions receivable per the financial statements	296,635
Current year employer contributions receivable per the financial statements	(1,227,449)
Net increase in net assets available for benefits per the Form 5500	$2,587,331

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 15, 2020, the date the financial statements were available for issuance.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States of America. COVID-19 has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities continue to experience significant market turbulence and the impact to the Plan cannot be reasonably estimated at this time.

I. Subsequent Events – continued

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

Through the report date, the Plan has merged in several additional plans with assets approximating $22,535,000.
