General

The following brief description of the Omega Acquisition Corp Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Omega Acquisition Corp (the "Company" or "Plan Sponsor"). Participants should refer to the plan document for more complete information. The Company's corporate offices are located in Irving, Texas.

The Plan was effective January 1, 2014, amended and restated most recently effective December 1, 2019, and is a defined contribution plan available to all full time employees of the Company who have attained age 18 and completed one month of service and part time employees who have attained age 21 and completed over 1,000 service hours. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, a resident of Puerto Rico, a leased employee or a nonresident alien with no income from a United States source. Eligible employees may enter the Plan on the first day of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Related to the Plan's inception effective January 1, 2014, the following plans merged to form the Plan: Global Parts Distributors 401K Plan, Santech Industries, Inc. Profit Sharing Plan & Trust, and Auto Air Export, Inc. Retirement Savings Plan. The related employers became participating employers at that time.

Effective January 1, 2018, the MEI Corporation 401(k) Profit Sharing Plan was merged into the Plan in the amount of $3,629,254. Participants who are actively employed in these plans at the date before transfer are vested in the account balances in accordance with plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 75% of annual compensation, as defined by the plan document. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies under GAAP.

Investment gains and losses are accounted for using the average cost basis of the securities sold. C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

C. Fair Value Measurements – continued

The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities.

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

Assets at Fair Value as of December 31, 2019

	Level 1	Total
Mutual funds	$12,522,973	$12,522,973
Money market fund	559,302	559,302
Total investment at fair value	$13,082,275	$13,082,275

C. Fair Value Measurements – continued

Assets at Fair Value as of December 31, 2018

	Level 1	Total
Mutual funds	$ 9,070,081	$ 9,070,081
Money market fund	785,056	785,056
Total investment at fair value	$ 9,855,137	$ 9,855,137

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessments of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no significant transfers between levels.

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2019 and 2018, the total investment income (loss) for the years ended December 31, 2019 and 2018, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

E. Tax Status

Effective June 3, 2015, the Plan was amended and restated by the adoption of the Fidelity Management and Trust Company Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Fidelity Management and Trust Company. Fidelity Management and Trust Company acts as Trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 14, 2020, the date the financial statements were available for issuance.

Effective January 1, 2020, the Plan was amended to allow employees of Ranshu, LLC to participate in the Plan.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States of America. COVID-19 has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities continue to be volatile and the impact to the Plan cannot be reasonably estimated at this time.

H. Subsequent Events – continued

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the Omega Acquisition Corp Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Omega Acquisition Corp (the "Company" or "Plan Sponsor"). Participants should refer to the plan document for more complete information. The Company's corporate offices are located in Irving, Texas.

The Plan was effective January 1, 2014, amended and restated most recently effective December 1, 2019, and is a defined contribution plan available to all full time employees of the Company who have attained age 18 and completed one month of service and part time employees who have attained age 21 and completed over 1,000 service hours. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, a resident of Puerto Rico, a leased employee or a nonresident alien with no income from a United States source. Eligible employees may enter the Plan on the first day of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Related to the Plan's inception effective January 1, 2014, the following plans merged to form the Plan: Global Parts Distributors 401K Plan, Santech Industries, Inc. Profit Sharing Plan & Trust, and Auto Air Export, Inc. Retirement Savings Plan. The related employers became participating employers at that time.

Effective January 1, 2018, the MEI Corporation 401(k) Profit Sharing Plan was merged into the Plan in the amount of $3,629,254. Participants who are actively employed in these plans at the date before transfer are vested in the account balances in accordance with plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 75% of annual compensation, as defined by the plan document. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

A. Description of the Plan – continued

All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with participants' salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies under GAAP.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

C. Fair Value Measurements – continued

The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities.

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

Assets at Fair Value as of December 31, 2019

	Level 1	Total
Mutual funds	$12,522,973	$12,522,973
Money market fund	559,302	559,302
Total investment at fair value	$13,082,275	$13,082,275

C. Fair Value Measurements – continued

Assets at Fair Value as of December 31, 2018

	Level 1	Total
Mutual funds	$ 9,070,081	$ 9,070,081
Money market fund	785,056	785,056
Total investment at fair value	$ 9,855,137	$ 9,855,137

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessments of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no significant transfers between levels.

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2019 and 2018, the total investment income (loss) for the years ended December 31, 2019 and 2018, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

E. Tax Status

Effective June 3, 2015, the Plan was amended and restated by the adoption of the Fidelity Management and Trust Company Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Fidelity Management and Trust Company. Fidelity Management and Trust Company acts as Trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 14, 2020, the date the financial statements were available for issuance.

Effective January 1, 2020, the Plan was amended to allow employees of Ranshu, LLC to participate in the Plan.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States of America. COVID-19 has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities continue to be volatile and the impact to the Plan cannot be reasonably estimated at this time.

H. Subsequent Events – continued

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.

OMEGA ACQUISITION CORP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the Omega Acquisition Corp Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Omega Acquisition Corp (the "Company" or "Plan Sponsor"). Participants should refer to the plan document for more complete information. The Company's corporate offices are located in Irving, Texas.

The Plan was effective January 1, 2014, amended and restated most recently effective December 1, 2019, and is a defined contribution plan available to all full time employees of the Company who have attained age 18 and completed one month of service and part time employees who have attained age 21 and completed over 1,000 service hours. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, a resident of Puerto Rico, a leased employee or a nonresident alien with no income from a United States source. Eligible employees may enter the Plan on the first day of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Related to the Plan's inception effective January 1, 2014, the following plans merged to form the Plan: Global Parts Distributors 401K Plan, Santech Industries, Inc. Profit Sharing Plan & Trust, and Auto Air Export, Inc. Retirement Savings Plan. The related employers became participating employers at that time.

Effective January 1, 2018, the MEI Corporation 401(k) Profit Sharing Plan was merged into the Plan in the amount of $3,629,254. Participants who are actively employed in these plans at the date before transfer are vested in the account balances in accordance with plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 75% of annual compensation, as defined by the plan document. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

A. Description of the Plan – continued

Only one loan may be outstanding at any given time. Loan terms range up to five years or longer for the purchase of a primary residence. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A. Description of the Plan – continued

Benefit Payments

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (4) for the payment of post-secondary tuition expenses; (5) to make payments for burial or funeral expenses incurred by the participant, their spouse, dependents, or parents; or, (6) to pay expenses for the repair of damage to the principal residence of the participant.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset management charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with participants' salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies under GAAP.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

C. Fair Value Measurements – continued

The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities.

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

Assets at Fair Value as of December 31, 2019

	Level 1	Total
Mutual funds	$12,522,973	$12,522,973
Money market fund	559,302	559,302
Total investment at fair value	$13,082,275	$13,082,275

C. Fair Value Measurements – continued

Assets at Fair Value as of December 31, 2018

	Level 1	Total
Mutual funds	$ 9,070,081	$ 9,070,081
Money market fund	785,056	785,056
Total investment at fair value	$ 9,855,137	$ 9,855,137

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessments of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no significant transfers between levels.

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2019 and 2018, the total investment income (loss) for the years ended December 31, 2019 and 2018, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

E. Tax Status

Effective June 3, 2015, the Plan was amended and restated by the adoption of the Fidelity Management and Trust Company Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Fidelity Management and Trust Company. Fidelity Management and Trust Company acts as Trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 14, 2020, the date the financial statements were available for issuance.

Effective January 1, 2020, the Plan was amended to allow employees of Ranshu, LLC to participate in the Plan.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. Expansion of the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States of America. COVID-19 has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy. Due to the disruption of COVID-19 on the global economy, the values of investment securities continue to be volatile and the impact to the Plan cannot be reasonably estimated at this time.

H. Subsequent Events – continued

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.
