## 1. Description of the Plan

The following description of the Dermatology Medical Partners LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

***General***

The Plan is a defined contribution plan covering substantially all employees of the Dermatology Medical Partners LLC and Subsidiaries and Affiliates (collectively, the Company). Employees must be 21 years of age with at least 30 days of service in order to be eligible to participate in the Plan. The entry date to the Plan is the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Plan's Committee (the Committee), which serves at the discretion of the Company's Board of Directors. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's service providers and maintaining participant accounts.

In October 2018, the Company acquired Nicole M. Owens M.D., a participating employer of Dermatology Specialists of San Antonio 401(k). As a result of the acquisition, the Nicole M. Owens M.D. participants' accounts were transferred from the Dermatology Specialists of San Antonio 401(k) and merged into the Plan effective June 10, 2019. Management of the Company believes that the Plan merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code (IRC) and therefore is not subject to federal income taxes. The assets transferred in connection with the Plan merger totaled $95,128 in investments at fair value.

***Contributions***

Each year, participants may contribute up to the maximum allowable amount of pretax annual compensation, as defined in the Plan document, subject to the limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows participants to designate all or a portion of their contributions as Roth contributions to the Plan on an after-tax basis. The Plan also allows rollovers of designated Roth contributions into the Plan.

The Plan provides for Company safe-harbor matching contributions equal to 100% of participant deferrals up to the first 3% of each participant's compensation, plus 50% of participant deferrals up to the next 2% of compensation, not to exceed 5% of compensation, as defined in the Plan document.

Additional discretionary Company profit-sharing contributions may be contributed to the Plan at the option of the Company. Allocations are based on each participant's compensation as it bears to total compensation of all participants. Participants must be employed on the last day of the Plan year and must have completed at least 1,000 hours of service in order to receive an allocation of any such discretionary Company profit-sharing contributions. The Company did not elect to make any discretionary Company profit-sharing contributions to the Plan for the year ended December 31, 2019.

Contributions are subject to certain IRC limitations.

Participants may direct all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

***Participant Accounts***

Each participant's account is credited with the participant's contributions, any Company safe-harbor matching contributions, as well as an allocation of (a) any additional discretionary Company profit-sharing contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Notes Receivable from Participants***

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Interest rates on loans outstanding ranged from 5.50% to 6.50% at December 31, 2019. Principal and interest are paid ratably through bi-weekly payroll deductions over a term not exceeding five years, or a longer repayment term may be granted if the loan is used for the purchase of a primary residence.

***Payment of Benefits***

Upon separation of service due to death, disability, termination of service, attainment of age 59½ or normal retirement age, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount, or in partial withdrawals. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan document.

***Vesting***

Participants are immediately vested in their contributions and any Company safe-harbor matching contributions, plus earnings thereon. Vesting in any discretionary Company profit-sharing contributions are based on the following schedule:

| Vesting Service | Vesting Percentage (%) |
|---|---|
| Less than 2 years | - |
| 2 years | 20 |
| 3 years | 40 |
| 4 years | 60 |
| 5 years | 80 |
| 6 years | 100 |

### *Forfeited Accounts*

Forfeitures resulting from non-vested portions of participant accounts are used to pay administrative expenses or to reduce future Company contributions. At December 31, 2019 and 2018, forfeitures were immaterial to the financial statements. For the year ended December 31, 2019, no forfeitures were used to reduce Company contributions.

## 2. Summary of Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Committee determines the Plan's policies utilizing information provided by the investment advisors and MassMutual. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### *Benefit Payments*

Benefit payments are recorded when paid.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Company and therefore are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requested distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 15, 2020, which is the date the financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition in the financial statements, other than disclosed in Note 10. See Note 10 for further details.

## 3. Fully Benefit-Responsive Investment Contract

The Plan invests in a fully benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value. Such events include but are not limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund; or (3) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

## 4. Investments Measured Using the Net Asset Value per Share Practical Expedient

Investments held by the Plan consist of pooled separate accounts. Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis.

*Pooled Separate Accounts* - Stated at fair value as determined by the issuer of the pooled separate accounts based on the net asset value (NAV) of the underlying investments. The NAV as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the funds in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no restrictions on redemptions from the pooled separate accounts, and there are no unfunded commitments as of December 31, 2019 and 2018.

Total investments measured at NAV for the years ended December 31, 2019 and 2018, are $2,496,582 and $2,046,723, respectively. For these investments, there are no participant restrictions, they allow for daily redemptions and contributions, and the redemption notice period is applicable only to the Plan.

## 5. Information Certified by MassMutual

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2019 and 2018, and for the year ended December 31, 2019. Accordingly, MassMutual has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by MassMutual to the related information included in the financial statements and supplemental schedule.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company profit-sharing contribution portion of their accounts.

## 7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by MassMutual, who provides services to the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

## 8. Tax Status

The Plan adopted a volume submitter plan from FIS Business Systems, which received an opinion letter from the IRS on March 31, 2014 stating that the volume submitter plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 10. Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the Covid-19 Outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 Outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increase the available loan amount, as described in Note 1, to the lesser of $100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year
