Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ESP Management, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2019, and the related notes to the financial statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, plan management instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), a custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by plan management that Voya holds the Plan's certified investment assets and executes investment transactions. Plan management has obtained a certification from Voya as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to plan management by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Self-Directed Brokerage Accounts

We draw attention to Note 4 of the financial statements, which describes investments in self-directed brokerage accounts that are held by Mainstar Trust ("Mainstar"), a custodian of the Plan. These assets are not covered under a certification statement from the custodian.

Supplemental Information

The supplemental information as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

General

The Plan is a defined contribution plan covering eligible employees of Katzen Medical Associates, P.C. and its affiliates (collectively, the "Company") who have obtained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan.

Effective by amendment on January 1, 2019, the Mid-Florida Eye Center 401(k) Plan was merged into the Plan and Mid-Florida Eye Center, P.a. was added as a participating employer. Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan's document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan or self-directed brokerage accounts outside of the Plan. The Company may make a discretionary matching contribution and a discretionary profit sharing contribution. Employer matching contributions are equal to a discretionary percentage of participant's elective deferrals. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. For the year ended December 31, 2019, the Company did not elect to make a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary contributions as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after five years of credited service; however, a participant shall become fully vested upon reaching their early retirement date, death or disability, as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loans bear interest at rates ranging from 4.25 percent to 6.50 percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant with vested interest in his or her account greater than $5,000 can elect a lump sum distribution or a direct rollover into another plan. Participants with vested interest greater than $1,000, but less than $5,000, can elect a lump sum distribution or a direct rollover into another plan, or the participant's vested interest will be automatically rolled into an individual retirement account. Participants with vested interest less than $1,000 will automatically receive a single lump sum payment.

Forfeited Accounts

As of December 31, 2019 and 2018, forfeited nonvested accounts total $182,807 and $89,370, respectively. These accounts can be used to reduce future employer contributions or pay administrative expenses of the Plan. In 2019, forfeited nonvested accounts used to reduce employer contributions total $1,779 and to pay administrative expenses total $35,402.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under the Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. In addition, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Corrective Distributions

Amounts distributed to participants to correct failed nondiscrimination testing are recorded as corrective distributions when paid.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Concentrations

The following table presents investments that represent ten percent or more of the Plan's net assets available for benefits as of December 31, 2019 and 2018:

	2019	2018
Vangrd Trgt Retire 2035 Fd Inv	$ 7,632,904	$ 3,568,027
Vangrd Trgt Retire 2025 Fd Inv	$ 7,411,614	**

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

Subsequent Events

Plan management has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued. See Note 13 for further discussion.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Voya has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

	2019	2018
Investments at fair value	$ 53,427,438	$ 30,547,487
Investment at contract value	$ 2,512,503	$ 1,135,498
Notes receivable from participants	$ 762,639	$ 468,030
Interest and dividend income	$ 72,632	
Net appreciation in fair value of investments	$ 9,241,392	
Interest income on notes receivable from participants	$ 34,713	

Self-directed brokerage accounts are included in investments at fair value on the Statement of Net Assets Available for Benefits and the respective income is included in other income on the Statement of Changes in Net Assets Available for Benefits, however, the self-directed brokerage accounts are not covered by Voya's certification statement and thus are excluded from the schedule above. See Note 4 for further discussion.

4. SELF-DIRECTED BROKERAGE ACCOUNTS

The plan document allows participants of the plan to invest their retirement funds in self-directed brokerage accounts outside of the investment options offered by Voya. These investments are not certified by Voya or Mainstar, the plan custodians, under 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The fair value of these investments as of December 31, 2019 and 2018 totals $1,162,185 and $740,510, respectively.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued at fair value as determined by managers of the limited liability company or private company, as permitted by the operating agreement, using the recent sale price of units.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$53,427,438	$ -	$ -	$53,427,438
Self-directed brokerage accounts	522,185	-	640,000	1,162,185
Total investments at fair value	$53,949,623	$ -	$ 640,000	$54,589,623

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$30,547,487	$ -	$ -	$30,547,487
Self-directed brokerage accounts	208,510	-	532,000	740,510
Total investments at fair value	$30,755,997	$ -	$ 532,000	$31,287,997

The following table sets forth the changes in the fair value of the Plan's level 3 investments for the year ended December 31, 2019:

	Level 3 Investments			
	Year Ended December 31, 2019	Year Ended December 31, 2019	Year Ended December 31, 2019	Year Ended December 31, 2019
	Limited Liability Companies	Private Corporation	Note Paid by Corporation	Total
Balance, beginning of year	$ 182,000	$ 100,000	$ 250,000	$ 532,000
Purchase of investments	-	-	-	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	108,000	-	-	108,000
Balance, end of year	$ 290,000	$ 100,000	$ 250,000	$ 640,000

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a traditional benefit-responsive insurance company general account, the Voya Fixed Account, with Voya Retirement Insurance and Annuity Company ("Voya Insurance"). Contract value, as reported to the Plan by Voya Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of contract issues or otherwise. The contract value of the insurance company general account as of December 31, 2019 and 2018 totals $2,512,503 and $1,135,498, respectively. The guaranteed interest rate is based upon a formula agreed upon with the issuer, but it may not be less than one percent. The guaranteed interest rate is reset on an annual basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Company or other company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption

from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The insurance company general account does not permit the insurance company to terminate the contract prior to the scheduled maturity date.

7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are mutual funds managed by Voya. Voya is the trustee and a custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management, trustee, and custodial services are included in net appreciation in fair value of investments.

Certain plan investments are held by Mainstar. Mainstar is a custodian as defined by the plan documents and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these custodial services are included in both administrative expenses and in net appreciation in fair value of investments.

Plan transactions and records are also administered by Voya. Voya is the record-keeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for administrative services are included in both administrative expenses and net appreciation in fair value of investments.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

9. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2019 and 2018, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan totals $10,623,604 and $6,954,648, respectively. For the year ended December 31, 2019, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

10. TAX STATUS

The IRS has determined and informed the Company by a letter dated September 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

12. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2019 and 2018, and the change in net assets per the financial statements to the net income per the Form 5500 for the year ended December 31, 2019, is as follows:

	2019	2018
Net assets available for benefits per financial statements	$ 57,864,765	$ 32,891,525
Deemed distributed loans	(50,792)	(11,363)
Total net assets per Form 5500	$ 57,813,973	$ 32,880,162

Increase in net assets per the financial statements	$ 14,291,590
Deemed distributed loans - current year	(39,429)
Net gain per Form 5500	$ 14,252,161

13. SUBSEQUENT EVENT

COVID-19

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

CARES and SECURES Act

In April 2020, the Plan enabled certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

INDEPENDENT AUDITORS' REPORT

To the Trustees of
ESP Management, LLC 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ESP Management, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2019, and the related notes to the financial statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, plan management instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), a custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by plan management that Voya holds the Plan's certified investment assets and executes investment transactions. Plan management has obtained a certification from Voya as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to plan management by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Self-Directed Brokerage Accounts

We draw attention to Note 4 of the financial statements, which describes investments in self-directed brokerage accounts that are held by Mainstar Trust ("Mainstar"), a custodian of the Plan. These assets are not covered under a certification statement from the custodian.

Supplemental Information

The supplemental information as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the ESP Management, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Katzen Medical Associates, P.C. and its affiliates (collectively, the "Company") who have obtained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan.

Effective by amendment on January 1, 2019, the Mid-Florida Eye Center 401(k) Plan was merged into the Plan and Mid-Florida Eye Center, P.a. was added as a participating employer. 		10,681,650

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan's document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan or self-directed brokerage accounts outside of the Plan. The Company may make a discretionary matching contribution and a discretionary profit sharing contribution. Employer matching contributions are equal to a discretionary percentage of participant's elective deferrals. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. For the year ended December 31, 2019, the Company did not elect to make a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary contributions as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after five years of credited service; however, a participant shall become fully vested upon reaching their early retirement date, death or disability, as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loans bear interest at rates ranging from 4.25 percent to 6.50 percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant with vested interest in his or her account greater than $5,000 can elect a lump sum distribution or a direct rollover into another plan. Participants with vested interest greater than $1,000, but less than $5,000, can elect a lump sum distribution or a direct rollover into another plan, or the participant's vested interest will be automatically rolled into an individual retirement account. Participants with vested interest less than $1,000 will automatically receive a single lump sum payment.

Forfeited Accounts

As of December 31, 2019 and 2018, forfeited nonvested accounts total $182,807 and $89,370, respectively. These accounts can be used to reduce future employer contributions or pay administrative expenses of the Plan. In 2019, forfeited nonvested accounts used to reduce employer contributions total $1,779 and to pay administrative expenses total $35,402.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under the Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. In addition, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Corrective Distributions

Amounts distributed to participants to correct failed nondiscrimination testing are recorded as corrective distributions when paid.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Concentrations

The following table presents investments that represent ten percent or more of the Plan's net assets available for benefits as of December 31, 2019 and 2018:

	2019	2018
Vangrd Trgt Retire 2035 Fd Inv	$ 7,632,904	$ 3,568,027
Vangrd Trgt Retire 2025 Fd Inv	$ 7,411,614	**

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

Subsequent Events

Plan management has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued. See Note 13 for further discussion.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Voya has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

	2019	2018
Investments at fair value	$ 53,427,438	$ 30,547,487
Investment at contract value	$ 2,512,503	$ 1,135,498
Notes receivable from participants	$ 762,639	$ 468,030
Interest and dividend income	$ 72,632	
Net appreciation in fair value of investments	$ 9,241,392	
Interest income on notes receivable from participants	$ 34,713	

Self-directed brokerage accounts are included in investments at fair value on the Statement of Net Assets Available for Benefits and the respective income is included in other income on the Statement of Changes in Net Assets Available for Benefits, however, the self-directed brokerage accounts are not covered by Voya's certification statement and thus are excluded from the schedule above. See Note 4 for further discussion.

4. SELF-DIRECTED BROKERAGE ACCOUNTS

The plan document allows participants of the plan to invest their retirement funds in self-directed brokerage accounts outside of the investment options offered by Voya. These investments are not certified by Voya or Mainstar, the plan custodians, under 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The fair value of these investments as of December 31, 2019 and 2018 totals $1,162,185 and $740,510, respectively.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued at fair value as determined by managers of the limited liability company or private company, as permitted by the operating agreement, using the recent sale price of units.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$53,427,438	$ -	$ -	$53,427,438
Self-directed brokerage accounts	522,185	-	640,000	1,162,185
Total investments at fair value	$53,949,623	$ -	$ 640,000	$54,589,623

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$30,547,487	$ -	$ -	$30,547,487
Self-directed brokerage accounts	208,510	-	532,000	740,510
Total investments at fair value	$30,755,997	$ -	$ 532,000	$31,287,997

The following table sets forth the changes in the fair value of the Plan's level 3 investments for the year ended December 31, 2019:

	Level 3 Investments			
	Year Ended December 31, 2019	Year Ended December 31, 2019	Year Ended December 31, 2019	Year Ended December 31, 2019
	Limited Liability Companies	Private Corporation	Note Paid by Corporation	Total
Balance, beginning of year	$ 182,000	$ 100,000	$ 250,000	$ 532,000
Purchase of investments	-	-	-	-
Unrealized gains/(losses) relating to instruments still held at the reporting date	108,000	-	-	108,000
Balance, end of year	$ 290,000	$ 100,000	$ 250,000	$ 640,000

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a traditional benefit-responsive insurance company general account, the Voya Fixed Account, with Voya Retirement Insurance and Annuity Company ("Voya Insurance"). Contract value, as reported to the Plan by Voya Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of contract issues or otherwise. The contract value of the insurance company general account as of December 31, 2019 and 2018 totals $2,512,503 and $1,135,498, respectively. The guaranteed interest rate is based upon a formula agreed upon with the issuer, but it may not be less than one percent. The guaranteed interest rate is reset on an annual basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Company or other company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption

from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The insurance company general account does not permit the insurance company to terminate the contract prior to the scheduled maturity date.

7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are mutual funds managed by Voya. Voya is the trustee and a custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management, trustee, and custodial services are included in net appreciation in fair value of investments.

Certain plan investments are held by Mainstar. Mainstar is a custodian as defined by the plan documents and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these custodial services are included in both administrative expenses and in net appreciation in fair value of investments.

Plan transactions and records are also administered by Voya. Voya is the record-keeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for administrative services are included in both administrative expenses and net appreciation in fair value of investments.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

9. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2019 and 2018, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan totals $10,623,604 and $6,954,648, respectively. For the year ended December 31, 2019, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

10. TAX STATUS

The IRS has determined and informed the Company by a letter dated September 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

12. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2019 and 2018, and the change in net assets per the financial statements to the net income per the Form 5500 for the year ended December 31, 2019, is as follows:

	2019	2018
Net assets available for benefits per financial statements	$ 57,864,765	$ 32,891,525
Deemed distributed loans	(50,792)	(11,363)

13. SUBSEQUENT EVENT

COVID-19

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

CARES and SECURES Act

In April 2020, the Plan enabled certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
