## INDEPENDENT AUDITOR'S REPORT

Somerset Tire Service, Inc.  
The Employee Stock Ownership Plan Committee:

We have audited the accompanying financial statements of Somerset Tire Service, Inc. Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for plan benefits – liquidation basis as of December 31, 2019 and 2018, and the related statements of changes in net assets available for plan benefits – liquidation basis for the years then ended, and the related notes to the financial statements – liquidation basis.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation of Somerset Tire Service, Inc. Employee Stock Ownership Plan as of December 31, 2019 and 2018, and the changes in net assets in liquidation for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis of Accounting**

As discussed in Note 1 to the financial statements, due to the sale of the Plan's sponsor, Somerset Tire Service, Inc. (the "Company"), the Plan ceased to be an employee stock ownership plan and became a profit sharing plan. Subsequent to the conversion, as discussed in Note 6 to the financial statements, the Company made a decision to terminate the Plan, with final distributions expected to occur sometime after November 30, 2020. Accordingly, the Plan presents its financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

### **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and 5% reportable transactions, as of and for the year ended December 31, 2019, are presented for the purpose of additional analysis and are not a required part of the financial statements, such supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**1. DESCRIPTION OF PLAN AND BASIS OF PRESENTATION**

The following description of the Somerset Tire Service, Inc. Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**General – Prior to Stock Sale**

The Company established the Plan effective January 1, 1984. The Plan operated as a leveraged employee stock ownership plan (“ESOP”) and was designed to comply with Section 4975(e)(7), and the regulations thereunder, of the Internal Revenue Code of 1986, as amended (“Code”) and was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was administered by an ESOP committee appointed by the Board of Directors of the Company.

**Stock Sale**

On June 26, 2015, Somerset Tire Service, Inc. (the “Company”) entered into a stock purchase agreement pursuant to which the Plan’s Trustee sold, conveyed and transferred all of the outstanding shares of capital stock of the Company to Mavis Tire Supply, LLC (the “Purchaser”), in exchange for consideration as provided for in the stock purchase agreement. As a result of the sale, the Plan ceased to be an employee stock ownership plan, effective immediately after the closing date, and the Plan began operating solely as a profit sharing plan. Once all assets are distributed from the Plan, the Plan is expected to terminate in its entirety (see Note 6).

Each participant who was a participant in the Plan as of the closing date, June 30, 2015, shall remain a participant in the Plan. Each individual who was not a participant in the Plan on the closing date shall be ineligible for the Plan, and no new participants shall be permitted under the Plan as of the closing date. Individual accounts will be maintained for all participants and for all former participants who still have an interest in the Plan. Each participant’s account will include non-participant directed investments and be credited with Plan earnings and reduced by withdrawals and losses on investments.

**Employer Contributions**

Prior to the conversion to a profit sharing plan, the Plan provided for discretionary employer contributions to the trust fund each plan year in a discretionary amount not exceed the maximum amount deductible from the employer’s income for such year for federal income tax purposes under the applicable sections of the Internal Revenue Code. Effective as of the date of conversion, discretionary employer contributions into the Plan were no longer permitted.

**Participant Accounts**

Each participant’s account has been credited with the allocations of (a) the Company’s contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants do not direct the allocation of funds into the investments of the plan. A participant’s account is reduced by withdrawal and losses on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting**

As of the closing date of the sale, all non-vested funds were allocated to the forfeiture accounts. After the conversion to a profit sharing plan, all remaining account balances were deemed to be 100% vested. As of December 31, 2019 and 2018, there was no balance in the forfeiture account.

**Distributions and Withdrawals**

No distributions from the Plan would be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. In the event a participant terminates employment for reasons other than death, disability or retirement, the participant's vested plan benefits, if less than \$15,000, would be paid to eligible terminated participants as a lump sum distribution. Any participant account balance over \$15,000 would be paid in installments over a period of five years.

**Notes Receivable from Participants**

Participants in the Plan have no option to borrow from their vested interest in their fund accounts.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The accompanying financial statements have been prepared on the liquidation basis as promulgated by accounting principles generally accepted in the United States of America.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at their liquidation basis, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Cash and cash equivalents include cash in the bank as well as all certificates of deposit and U.S. treasury bills and government obligations. At times, such investments may be in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance limits.

Other investments consist of common stocks, municipal bonds and mutual funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on the average cost of the underlying securities.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Services**

Except for investment expenses, custodian and certain other administrative fees, all administrative expenses are paid by the Company. Participants are charged a distribution fee for partial or full distributions. Other investment related fees have been offset with investment income and are not readily determinable.

**4. FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board (“FASB”) established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

*Level 3* – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Certificates of deposit are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Money market funds, U.S treasury bills and government securities, mutual funds, common stocks and preferred stocks are valued at the closing price reported on the active markets on which the securities are traded.

Municipal bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**5. PARTIES-IN-INTEREST**

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

Certain investments held by the Plan in 2019 and 2018 were managed by Bank of America, N.A., the Custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid to the Custodian amounted to \$13,177 and \$33,692 for the years ended December 31, 2019 and 2018, respectively.

**6. PLAN TERMINATION**

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Subsequent to the stock sale, the Company made a decision to terminate the Plan. Due to contracted escrow arrangements, the Plan distributed its assets through a series of distributions, with the final distribution expected to occur sometime after November 30, 2020.

**7. INCOME TAX STATUS**

The Plan obtained its latest determination letter on October 5, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC").

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

**8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in near term risk factors could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for plan benefits.

**9. SUBSEQUENT EVENTS**

Subsequent events were evaluated through October 15, 2020, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that the following subsequent event has occurred, which requires disclosure in the financial statements.

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the values of investment securities have fluctuated significantly. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for plan benefits cannot be predicted at this time.
