NOTE A - PLAN DESCRIPTION

The following description of the Purvis 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Purvis Industries, Ltd. and Conveyor Aggregate Products Corp. (collectively, the "Company" or the "Employer") who are twenty-one (21) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the trustee of the Plan responsible for the management and control for the Plan's assets, which are held in individual participant's investment accounts.

Contributions

All Eligible Employees are automatically enrolled in the Plan with a default deferral rate of 4%. If an employee does not wish to participate, he or she must affirmatively elect to not participate on Fidelity's website within 90 days of his or her hire date

Under the Plan, employees are permitted to contribute between 1% and 90% of their annual gross compensation, up to the maximum amount allowed by law of $19,000 for 2019. Participants who are projected to be age 50 or older by the end of the calendar year and who are making contributions to the Plan are eligible to make additional catch-up contributions of up to $6,000 for 2019. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may match a discretionary percentage, as determined by the Company. The discretionary matching contributions made by the Company in 2019 for the 2018 Plan year were $663,649, net of forfeitures. These amounts were included in the Employer contributions line within the statement of changes in net assets available for benefits in 2018.

Participant Accounts

Each participant's account is credited with 1) the participant's contributions, 2) an allocation of the Company's discretionary matching contribution, if any, and 3) Plan earnings or losses. Participants direct their account balances among the various Plan investments at their discretion.

Vesting

Participants are immediately vested in their voluntary contributions, plus investment earnings and losses. Vesting of Company contributions is determined by years of continuous service. A participant vests 20% per year, beginning after two years of service, with 100% vesting earned after six years of active service.

Forfeitures

Forfeitures of non-vested balances can be used to reduce Employer contributions or to pay for Plan administrative expenses. Forfeitures totaled approximately $84,000 and $37,000 as of December 31, 2019 and 2018, respectively. Approximately $45,000 of forfeitures were used to fund Employer contributions during 2019.

Payment of Benefits

On termination of service, retirement, disability, or death, or upon request by the participant, payment will be made to the participant or his or her beneficiary either in installments or a lump-sum amount equal to the value of the participant's vested account. The Plan administrator may make involuntary distributions to such participant if his or her account balance is less than $5,000.

Notes Receivable from Participants

Participants are permitted to borrow a portion of their vested account balance from a minimum amount of $1,000 up to a maximum of the lesser of one-half of the participant's vested account balance or $50,000. The loans are secured by the balance in the participants' account. Interest on the loans is charged at a rate equal to the prime plus 1%. Repayments are made by participants via payroll deduction on a bi-weekly basis. A participant may have only one outstanding loan at a time. Loans may be outstanding for up to a five-year period. Loans to participant for a primary residence may be for a period lasting longer than five years.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Administrative Expenses

Investment advisory fees for portfolio management are paid directly from fund earnings, and they are included in the mutual fund expense ratios of the funds. Certain plan administrative expenses, as well as investment related expenses and certain transactional expenses are charged to the participant accounts. Investment related expenses are netted with investment income/loss prior to the allocation of income to Plan participants. All other administrative expenses are paid by the Plan sponsor and are excluded from these financial statements.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D - FAIR VALUE MEASUREMENTS

US GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2019 and 2018:

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2019 and 2018. There are no redemption restrictions on the mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	$29,780,365	$ -	$ -	$29,780,365
Total investments, at fair value	$29,780,365	$ -	$ -	$29,780,365

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	$24,072,083	$ -	$ -	$24,072,083
Total investments, at fair value	$24,072,083	$ -	$ -	$24,072,083

NOTE E - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and concentration of credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE F - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

NOTE G - TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires evaluation of tax positions taken by the Plan and recognition of a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity, the trustee of the Plan. Certain fees paid to the trustee for investment management services are incorporated into the expense ratios of the individual mutual funds and paid directly from fund earnings; therefore, these transactions qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties in interest.

The Company makes loans to its participants, these transactions qualify as related party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan. There have been no known prohibited transactions with related parties.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Form 5500 is completed on a cash basis while the financial statements are presented on an accrual basis. A reconciliation is required for the impacts of changes in non-cash activity that occurred during the year. The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 for the years ended December 31:

	2019	2018
Net assets available for benefits per the financial statements	$ 31,260,237	$ 25,525,620

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan's assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain changes under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") to, among others, allow certain eligible individuals to receive coronavirus-related disbursements and increased loan limits under the Plan and delay certain loan repayments, suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
