Note 1 - Description of Plan

The following description of the Sisense, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 2017, is a defined contribution plan covering all eligible employees of Sisense, Inc. (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Plan's investment advisors determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

The Company may contribute discretionary matching contributions at the option of the Plan sponsor. During the year ended December 31, 2019, the Company made matching contributions of approximately $446,000 to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, a participant with a vested account balance of more than $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals or installments but only with respect to minimum required distributions, over a period of not more than

the assumed life expectancy. If a participant's vested balance is $5,000 or less, a lump-sum distribution equal to the value of the vested interest in his or her account is required to be made within a reasonable amount of time after termination of service.

Forfeited accounts
At December 31, 2019 and 2018, forfeited account balances totaled $21,149 and $8,526, respectively. Forfeited accounts, if any, would first be used to pay Plan expenses. Any remaining forfeited accounts would be used to reduce future employer contributions, if any.

Note 2 - Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,595,687	$ -	$ -	$ 7,595,687
Total investments at fair value	$ 7,595,687	$ -	$ -	$ 7,595,687

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,123,452	$ -	$ -	$ 2,123,452
Total investments at fair value	$ 2,123,452	$ -	$ -	$ 2,123,452

F

or years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Rollovers contributions

Effective July 16, 2019, the Company's purchase of Periscope, Inc. resulted in the transfer of plan assets from the Periscope Data 401(k) Plan into the Plan. An aggregate of $2,432,262 was rolled into the Plan during the year ended December 31, 2019 and is included in rollovers on the statement of changes in net assets available for benefits.

Note 5 - Related party transactions and party-in-interest transactions

Matrix Trust Company, the trustee, provides certain administrative services to the Plan pursuant to an agreement between the Company and Matrix Trust Company. Matrix Trust Company receives revenue from mutual fund service providers for services Matrix Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Matrix Trust Company for its administrative services to the Plan.

If the revenue received by Matrix Trust Company from such mutual fund service providers exceeds the amount owed under the agreement, Matrix Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019, there were no excess amounts. The Plan or Plan sponsor may make a payment to Matrix Trust Company for administrative expenses not covered by revenue sharing.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The Plan has adopted a prototype 401(k) plan document, which received its latest opinion letter from the IRS on March 31, 2014. The letter stated that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and schedule of Assets (Held at Year End) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2019. The amount was not corrected for the year ended December 31, 2019.

Note 11 - Subsequent events

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets, however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020. Portions of the CARES Act make changes to existing law including relating to the amount and circumstances permitting penalty-free distributions. Plan Management intends to evaluate the CARES Act to determine if changes to the Plan are necessary as a result.
