Independent Auditors' Report

The Plan Sponsor Retirement Committee
Associated Builders and Contractors, Inc. Retirement and Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Associated Builders and Contractors, Inc. Retirement and Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD Ameritrade Trust Company ("TD") as of and for the year ended December 31, 2018 and for the period from January 1, 2018, through November 18, 2019 and Charles Schwab Bank ("Charles Schwab") as of December 31, 2019 and for the period November 19, 2019 through December 31, 2019, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that TD held the Plan's investment assets and executed investment transactions as of December 31, 2018 and for the period January 1, 2018 through November 18, 2019 and Charles Schwab holds the Plan's investment assets and executes investment transactions as of December 31, 2019 and for the period November 19, 2019 through December 31, 2019. The plan administrator has obtained certifications from TD and Charles Schwab as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by TD and Charles Schwab is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedules

The supplemental schedule of assets (held at end of year) and supplemental schedule of delinquent participant contributions as of and for the year ended December 31, 2019, respectively, are required by the DOL's Rules and Regulation for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by TD and Charles Schwab, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of plan

The following description of the Associated Builders and Contractors, Inc. Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on October 1, 1983 to provide retirement benefits for employees of the Associated Builders and Contractors, Inc. national office (the "Plan Sponsor") and participating chapters (collectively referred to as the Association and each individual chapter is referred to as a Chapter). The Plan covers substantially all employees who are age twenty-one or older ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Associated Builders and Contractors ('ABC") Utah Chapter and the ABC Empire State Chapter terminated their participation in the Plan during 2019, and investment assets of $28,270 and $961,762 were transferred out of the Plan in 2019, respectively. The ABC Keystone Chapter and the ABC Inland Pacific Chapter merged into the Plan during 2019, transferring in investments assets totaling $155,146 and $1,041,462, respectively.

(b) Contributions

Each Chapter has the ability to define enrollment. The majorty of the Chaptes in the Plan has an automatic enrollment program where newly eligible employees automatically defer 3% of their compensation unless they change or opt out of the deferral. Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 90% of compensation subject to certain IRC limitations.

Each Chapter has the ability to define the Plan Sponsor match. The majorty of the Chapters in the Plan matches an amount equal to 50% of the first 8% (6% for one electing Chapter) of compensation contributed by each participant, if the participant has completed one year of service, in which he or she worked at least 1,000 hours during the Plan year. Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

The Plan also provides that the each Chapter may provide each year an additional discretionary matching contribution in an amount equal to 4% (3% for one electing Chapter) of a participant's annual compensation; however, the contribution by the Chapter is not required and is subject to certain limitations. The Association elected to make this discretionary contribution in 2019 and 2018.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor contributions is based on years of continuous service. Participants are 20% vested in the Plan Sponsor's matching and discretionary matching contributions after two years of service, with vesting increasing an additional 20% each year after years three and four, and then becoming 100% vested after five years of credited service.

(e) Participant notes receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The participant notes receivable are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 5.50% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. In-service distributions are permitted if certain conditions are met.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures are used to pay Plan expenses or reduce Plan Sponsor contributions. At December 31, 2019 and 2018, respectively, the balance in the forfeited nonvested accounts totaled $96,438 and $77,387. These accounts will be used to reduce future Plan Sponsor contributions. Also, during the years ended December 31, 2019 and 2018, Plan Sponsor contributions were reduced by $77,750 and $150,587, respectively, from forfeited nonvested accounts.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses are paid by the Plan Sponsor and are excluded from these financial statements. Investment expenses are included in net appreciation (depreciation) in fair value of investments. Certain accounting and administrative functions of the Plan are performed by employees of the Association at no cost to the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The Plan prepares its financial statements on the modified cash basis of accounting. Under this basis, additions to net assets, except for appreciation (depreciation) in fair value of investments and amounts due from broker, are recognized when collected rather than when earned, and deductions from net assets are recognized when paid rather than when incurred. Consequently, certain income and expenses are recognized in different reporting periods than they would be if the financial statements were prepared in conformity with generally accepted accounting principles.

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Charles Schwab Bank ("Charles Schwab") and TD Ameritrade Trust Company ("TD"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded when received by the plan. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

(c) Participant notes receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2019 and October 14, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule, including money market funds and mutual funds at fair value, investments at contract value, and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest income from notes receivable from participants, and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles and TD.

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

(i) ***Cash and mutual funds*****: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements as of December 31, 2019 using the following inputs			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Cash	$ 168,503	$ -	$ -	$ 168,503
Mutual funds	46,590,615	-	-	46,590,615
Total	$ 46,759,118	$ -	$ -	$ 46,759,118

	Fair Value Measurements as of December 31, 2018 using the following inputs			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Money market funds	$ 148,919	$ -	$ -	$ 148,919
Mutual funds	36,651,556	-	-	36,651,556
Total	$ 36,800,475	$ -	$ -	$ 36,800,475

(5) Investment contract with insurance company

The Plan holds a fully benefit-responsive guaranteed investment contract with Standard Insurance Company ("Standard"), totaling $2,963,094 and $3,402,470 on December 31, 2019 and 2018, respectively. The insurance company maintains the Plan's contributions in pooled accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer. The crediting rates are reviewed on a semi-annual basis for resetting. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan or (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of a material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

(6) Income tax status

The Plan Sponsor adopted a volume submitter plan, which obtained a favorable determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The volume submitter plan has been amended since receiving the determination letter. However, the plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2019 and 2018 totaling $89,716 and $14,562, respectively, the funds were not remitted timely; however, corrective contributions for 2018 were made during 2019. The untimely contributions relating to 2019 are in the process of being corrected.

(8) Related party transactions

A Plan investment includes a cash account held by Charles Schwab Bank, therefore, these transactions qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which qualify as party-in-interest transactions. The Plan holds notes receivable from participants, which also qualify as party in-interest transactions.

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(10) Subsequent event

In 2020, the Plan has implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to $100,000, allow loan repayments be deferred up to one year, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
