REPORT OF INDEPENDENT AUDITORS

The Board of Trustees of the
SMART National Supplemental
Savings Plan

We have audited the accompanying financial statements of the SMART National Supplemental Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the information regarding the Plan's net assets available for benefits as of December 31, 2019 and 2018 and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules on pages 12 through 14 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but the supplemental information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedules are the responsibility of the Plan's management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SMART NATIONAL SUPPLEMENTAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the SMART National Supplemental Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective October 1, 2019, the name of the Plan was changed from Sheet Metal Workers' Supplemental Savings Plan to SMART National Supplemental Savings Plan.

General - The Plan was established effective October 1, 1999 and covers employees of participating employers who meet the eligibility requirements. The Plan is a multiemployer profit sharing plan, with a deferred arrangement commonly referred to as a 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee shall become a participant on the date of hire or the date the employer becomes a contributing employer, whichever is later.

Participant Contributions - Eligible participants may elect to make a pretax contribution to the Plan by contributing an amount per hour worked or a set dollar amount of earnings. Participant contributions receivable is based on amounts withheld from participants by employers prior to year-end but received by the Plan after year-end.

Operating Account - Pursuant to the plan document, fees for administrative expenses are \$7.50 per participant per quarter through December 31, 2018 and \$5.00 per participant per quarter effective January 1, 2019. These fees are deducted from participant accounts and are deposited into a general account of the Plan and are used to pay such expenses. At December 31, 2019 and 2018, \$301,893 and \$291,205, of non-participant directed monies are included in net assets available for benefits, respectively.

Profit Sharing Contributions - A contributing employer may determine that it will contribute an amount to its employees' profit-sharing accounts, as set forth in the applicable participation agreement or collective bargaining agreement. Profit sharing contributions, if any, shall be invested in accordance with the direction of the participant.

Employer Matching - A contributing employer may determine that it will contribute an amount to its employees' matching contribution accounts as set forth in the applicable participation agreement or collective bargaining agreement. Matching contributions will be invested in accordance with the direction of the participant.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Contributions Receivable - Contributions receivable at year-end are based on actual contributions received subsequent to year-end for hours worked prior to year-end. There is no allowance for doubtful accounts at December 31, 2019 and 2018.

The Plan participants have a 100% vested (non-forfeitable) interest in contributions made on their behalf at all times.

Investment Options - Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Investment performance by the investments selected by the participants may cause their vested balances to exceed or be less than the amounts contributed to the Plan.

Distributions - Distributions are made as provided for under the Plan agreement and include termination of employment, permanent disability, retirement or death.

Notes Receivable from Participants - Participants may elect to borrow the lesser of 50% of their account balances or \$50,000 from the Plan. These loans are secured by the value of the participant's vested benefit. The maximum term for a loan is 5 years or 10 years, if the loan is for the purchase of the participant's primary residence. Each loan is treated as a directed investment of the participant who receives the loan proceeds, and all loan repayments received by the Plan are credited to that participant's account. The loans bear interest at rates established by the Board of Trustees (Trustees), based on their review of prevailing interest rates. Participants should refer to the Summary Plan Description for additional information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investments - Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Plan obtained its latest determination letter on August 16, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, there is no requirement to request an updated determination letter after a plan amendment if the operations of the Plan are consistent with those disclosed in the original application for exemption. The Plan administrator and Plan legal counsel believe that the operation of the Plan continues to comply with the requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. RELATED PARTIES

For the years ended December 31, 2019 and 2018, the Plan was charged \$89,196 and \$54,102, respectively, by the Sheet Metal Workers' National Pension Fund (SMWNPF) for reimbursement of the Plan's allocated share of administrative expenses initially paid by SMWNPF. The amounts due from SMWNPF were \$(22,857) and \$(54,248) at December 31, 2019 and 2018, respectively. In addition, the SMWNPF owed \$117,939 and \$172,696 for contributions allocated to the Plan at December 31, 2019 and 2018, respectively.

The Plan also entered into an agreement with the National Stabilization Agreement of the Sheet Metal Industry Trust Fund (SASMI), a related organization with some common trustees, for reimbursement of the Plan's allocated share of administrative expenses initially paid by SASMI. The reimbursement for the Plan's expenses paid by SASMI for the years ended December 31, 2019 and 2018 were \$57,954 and \$53,480, respectively. As of December 31, 2019 and 2018, the Plan owed SASMI \$20,399 and \$7,332, respectively.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Descriptions	12/31/2019 Total	Quoted Price Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 78,310,956	<u>\$ 78,310,956</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*	<u>20,602,918</u>			
Total	<u>\$ 98,913,874</u>			

Descriptions	12/31/2018 Total	Quoted Price Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	<u>\$ 83,423,059</u>	<u>\$ 83,423,059</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2019 and 2018.

Mutual funds: Traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in these investment entities is subject to the terms of the respective agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2019 and 2018 by investment strategy:

	Fair Value		Redemption	Redemption
	2019	2018	Frequency	Notice Period
Collective investment trusts	\$ 20,602,918	\$ -	Daily	1 day

The following summarizes the investment strategy of the Plan's investments in the table presented above, which do not report as a direct filing entity (DFE) to the Department of Labor:

- a. The investment objective of the MSCI ACWI Ex US Fund is to seek to match the risk and return characteristics of the MSCI ACWI Ex US Index by investing the assets of the portfolio primarily in publicly traded non-U.S. equity securities. The investment objectives of the S&P 400 Fund, S&P 500 Fund and S&P 600 Fund are to seek to match the risk and return characteristics of the S&P 400 Total Return Index, S&P 500 Total Return Index and S&P Small Cap 600 Total Return Index, respectively, by investing the assets of the portfolio primarily in publicly traded U.S. equity securities. The investment objective of the Russell 3000 Fund is to seek to match the risk and return characteristics of the Russell 3000 Total Return Index by investing the assets of the portfolio primarily in publicly traded U.S. equity securities. There is no unfunded commitment. These investments can be redeemed daily.

NOTE 6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a contract with New York Life via an investment in the New York Life Guaranteed Interest Account. The account is credited with earnings at a fixed interest rate on the underlying investments and is charged for plan withdrawals. The crediting interest rate was 2.55% and 2.50% for the years ended December 31, 2019 and 2018, respectively. The crediting interest rate is reset annually on January 1.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less plan withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value was \$10,593,700 and \$9,271,600 as of December 31, 2019 and 2018, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination), (2) termination of the contract or breach of a provision of the contract by the Plan, or (3) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract permits New York Life to terminate the contract with appropriate notice to the Plan. This termination would cause the contract to settle at an amount different from contract value.

The investment objective of the Guaranteed Interest Account is to provide a stable crediting rate consistent with preservation of principal. The account will attempt to achieve this objective by investing in a broadly diversified fixed income portfolio within New York Life Insurance Company's general account. Fixed income investments in the general account are managed by New York Life Investments' Fixed Income Investors Group. The New York Life general account is invested primarily in a conservative array of securities and cash-equivalent investments in accordance with the investment restrictions of New York Insurance Law. The primary objective of the general account is to ensure that New York life can meet its obligations to policyholders. There are no unfunded commitments related to the contract.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Trustees has the right to terminate the Plan subject to the provisions of ERISA. In the event that the Trustees terminates the Plan, participants will receive their account in the Plan as it exists on the date the Plan is terminating.

NOTE 8. SUBSEQUENT EVENTS

Subsequent to year-end, U.S. and global business and financial markets have been severely impacted by the Coronavirus pandemic. The potential impacts on the Plan's financial condition and activities cannot be determined at this time. All subsequent events have been evaluated through August 28, 2020, which is the date the financial statements were available to be issued. This review and evaluation revealed no other material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
